

1924. We have looked back on 50 years. During this time splendid examples of consecrated service have been shown. L. P. Todd, Lyman H. Wilmot, Lyman W. Wilmot and W. W. Clark were outstanding officers in church service. On April 4, 1906, L. H. Wilmot was elected elder emeritus, having given 14 years of service, on that date. Dr. C. J. Davis was elected elder and ordained April 17, 1906, he has given service over a period of 20 years.

Miss Ida Knaak and Miss Frances Biederstaedt have efficiently served as organist. Likewise mention should be made of splendid service rendered by Church school workers, Dorcas and Missionary society workers and the inestimable work by the choir.

The youth of today need the inspiration of example rather than precept. Competition is found everywhere for time activity, money. The church should stand above the sphere of competition and members, with deeper consecration and greater enthusiasm, rally to the work of our church that its message of love, fellowship and charity may be known among men and that we may receive the blessedness that comes to those that serve Him.

| 2. Philip Johnson, Downers Grove ..... 38. | 7. A. Joesten, Elmhurst ..... 33.9       |
| 3. Arnold Melahn, Algonquin ..... 37.5     | 8. E. W. Gustafson, Hampshire ..... 33.5 |
| 4. John Logan, Burlington ..... 35.7       | 9. George Maercken, Hinsdale ..... 32.8  |
| 5. Albert Beam, Aurora ..... 34.1          | 10. J. L. Reid, Waukegan ..... 32.5      |

#### — CONDITIONS —

All cars were Improved 1926 Model Ford standard stock cars equipped with standard Ford carburetors and gear ratios. No special carburetors, vaporizers or gas-saving devices allowed. Cars were driven by owners. No Ford dealer or employee was eligible. Low test fuel was used. Gas tanks and carburetors were drained and then one measured gallon of gas put in tank and sealed in presence of judges. Mileage was checked by Lincoln car with tested speedometer.

#### — AFFIDAVIT —

We, the undersigned judges of the Ford Gasoline Mileage Contest, having witnessed said contest, held in Elgin on November 24th, 1926, do hereby certify that said contest was held under the following conditions:

1. That all competing cars were standard 1926 models.
2. Each car was thoroughly drained, carburetor and tank, and then one gallon of ordinary gasoline put in tank.
3. The mileage from the starting point to where each car stopped, due to exhaustion of gasoline, was measured by Lincoln Car No. 7945, which was checked just prior to the contest with speedometers on motorcycles operated by Officer Fred Buckhahn of the Elgin Police Department.
