REPORT 88 ON HIGH SCHOOL HONOR ROLL

Eighty-eight students are on the high school honor roll for the second six week period, according to H. G. Pertz, the school statistician. Forty-six of those on the list receive first honors and forty-two receive second honors.

There is one more student on this honor roll than on the last one, and two more than on the one for the same period last year.

The freshmen, with twenty-six, lead the list, while the juniors are second with twenty-one, and the seniors fourth with nineteen.

Edna Fritsch, a senior, heads the roll with six A's, while Evelyn Acomb a senior, and Clover Benson, a sophomore, were next with five A's apiece.

LEGION POST PLANS EVENTS OF INTEREST

ty will be hosts to the boys at U. S. Naval hospital, Great Lakes in the form of a smoker and entertainment. This affair is at the request of the boys at the hospital and will be an evening of fun.

It may be of interest to legionnaires in Highland Park to know that Commander Cahn of Dumaresq Spencer post has given a "promissory note" to Commander Watkins of the Department of Illinois to the extent that there will be 151 members of the local post by July 1, 1927. The note calls for no interest if paid; however, if not paid, it calls for one additional member for each five short of the face value. This is a note in part of a pledge made to National Commander Savage by the Department of Illinois to furnish seventy thousand members when the ships sail for France. The first installment has been paid by the report that 40 members have paid their dues but the next installment falls due January 1, 1927, when 60 members must be reported.

Bloomington Meeting
Last Saturday night, commanders and adjutants of that organization destined to be the strongest in Illinois, the American Legion, dined and paraded at Bloomington, Ill., the state headquarters. These men represented the 637 posts in Illinois, containing over 57,000 legionnaires. This was at the call of State Commander Ferre C. Watkins to plan the work of 1927 through the state. Ice and rain did not daunt the fourteen bugle and drum corps or the 2,000 legionnaires from parading on the streets of Bloomington after their annual banquet held in the Consistory temple. Lewis F. Davis Post of Bloomington acted as host to the visiting legionnaires. The balance of Saturday night was devoted to the Chipilly post of Chicago whose members rendered a 3 act play "What Spice Glory" a burlesque on "What Price Glory." Laughs aplenty were provided during the three hours of entertainment which included music moving pictures and the play. Sunday morning was devoted to the conference and in the

afternoon the Legion Orphan Home at Normal was visited.

Community Betterment
Definite community betterment along some particular line is to be the first objective of the legion for 1927. National Commander Savage declared this aim. Department Commander Watkins repeated the ideal as it applied to posts in Illinois and Attorney General Oscar Carlstrom praised the ideal in the third address at the banquet. After community betterment came the plans for holding the American Legion convention in Paris this year. This convention will not be in the form of a spree or hijacket affair but a plea for universal peace among our friends across the water. A peace with honor. It is of interest to know that the department of Illinois has at this writing over 14,000 paid up members for 1927, 6,000 more than it had at this time last year. This assures a goal of 70,000 members in Illinois, the largest in the history of the organization.

To the men of Bloomington and Normal the Legion is indebted for the perfection of arrangements which so thoroughly cared for the 2,000 visiting legionnaires. Housing was perfect, the banquet of over 1,200 was a huge success and the general entertainment could not be beat.

Legislative Measures
The five important legislative measures sponsored by the American Legion in 1927 are: first, the emergency officers bill providing for 5,000 additional reserve officers; second, the universal Draft bill calling for the draft of all resources, factories and farms in the event of an emergency; third, additional appropriation for hospitals for veterans and orphans; fourth, rejection of the Geneva Gas Protocol; and fifth, the defeat of the Welsh bill in reference to land grant colleges and universities. Another big fight sponsored by the American Legion will come about to make the defense act of 1920 a reality and not a farce by proper appropriation.
