## BOY SCOUTS PLAN BIG CELEBRATION 17TH ANNIVERSARY SOON

### North Shore Troops to Make Special Plans in Each City Represented in Council; Details

The twenty-three troops of the North Shore area council, Boy Scouts of America, comprising a membership of nearly six hundred boys in Highland Park, Lake Forest, Lake Bluff, Glenview and Wilmette, are planning special features in observance of Boy Scout week, marking the seventeenth anniversary of the establishment of the Boy Scout movement in the United States. Boy Scout week is from February 6 to February 13.

Meeting Is Held At a meeting of scoutmasters, held on Tuesday evening of this week in the Masonic temple, Highland Park, plans for the celebration of Boy Scout week were discussed, and it was decided that in all of the North Shore towns represented in the council special arrangements for the observance of the anniversary should be made.

Form of Celebration The scout troops of the several churches and schools in this area are planning some sort of troop celebration, each in its own town, for this anniversary week. These special features will take the form of Father and Son banquets, Mothers' Night entertainments, Dad and Son hikes, window displays and various other activities appropriate to the season, the purpose being to emphasize the value and benefits of the Boy Scout organization locally and as a whole throughout the country.

During this anniversary week each scout will wear either his regular scout uniform, or a badge denoting his membership in the organization, and the area council suggests that each and every scout be in his place of worship on Scout Sunday, Feb. 6, the first day of the anniversary week.

## HORACE J. BRIDGES AT H. P. WOMAN'S CLUB Second of Series of Talks on Wednesday, January 19 at Ten O'clock

The first lecture of the course to be given by Horace J. Bridges at the Highland Park Woman's club was given Wednesday morning, Jan. 5, and was a source of inspiration and stimulation and delight to all those present. The subject was "The Centenary of the Pickwick Club and Immortality of Dickens." No more delightful speaker on this subject could be found and one better qualified than Mr. Bridges for as one lady said, "He knows his Dickens as Ministers know their Bibles." He was born in London in very environment of which Dickens tells, worked in a little shop next to St. George's church, where little Dorrit was married, and soaked in the scenes and saw and knew the same kind of Cockney men and women that Dickens has immortalized.

Dickens has described better than anyone else has ever done the pulsating life of London, his genius was limited to describing only one class, the Cockney and the attending evils of his times, life imprisonment for (Continued on page 7)

## COMMUNITY MOVIES TO BE RESUMED THIS WEEK

The series of movies given in the Elm Place auditorium on week ends, which began in December, are to be resumed this week January 7 and 8. The feature film will be "Moana of the South Seas." This was produced by Robert Flaherty, who was the producer of the film called Nanook one of the most successful films ever made. Competent critics state that Moana deserves to be ranked with Nanook. This film and a Gang Comedy will make up the program for Friday evening beginning at 7 and the same program will be repeated Saturday afternoon at 1:30. There will be a musical accompaniment at each performance. Admittance will be fifteen cents for children and thirty cents for adults.

For succeeding Fridays and Saturdays indefinitely it is hoped to have programs of equal merit. Usually the longer features will be confined to the Friday evening program, and for Saturday afternoons the programs will be more varied, and will give regard to popular comedies of the right sort.

It is thought that programs of this sort made up of films selected especially to be enjoyed by children and parents together, will make a wide appeal in Highland Park and vicinity. Weekly notices will appear in the Press and printed programs circulated throughout the schools.

## Yegg Spares Watch In Robbing Father of World War Hero

E. A. Bournique, 293 Central avenue, was held up and robbed in his own car on the night of December 30 by a bandit who appeared to have a heart. The robber took Bournique's cash, about six dollars which he had in his pockets, but gruffly refused his watch when his victim told him it had belonged to his son, who was killed in France during the World War.

Mr. Bournique, according to report to the police, went out to run his car from in front of his house to his garage about 9 o'clock Thursday night, Dec. 30. When he got into the car he found a man sitting in the rear seat of the sedan. The stranger pushed a pistol against Mr. Bournique's back and told him where to drive, directing him street by street and his prompt use of the street names indicated that he was acquainted with the city.

When they reached County Line road by a roundabout route, the bandit ordered Bournique to turn over his valuables. The latter took the cash offered but when Mr. Bournique told him that he prized his watch because it had belonged to his son who was killed in France, the man replied "I don't want your watch."

The robber then left the car and told Bournique to drive on. The bandit was left on foot on the road, but efforts by the police to locate him were futile, despite the fact that word of the holdup was sent throughout the North Shore. Definite description of the robber was not obtained, the police report.

## ARCTIC EXPLORER TO GIVE LECTURE HERE

HIGH SCHOOL JANUARY 21

### Donald McMillan to Describe Explorations; Illustrated By 8,000 Feet Motion Pictures

Donald McMillan, explorer of the Arctic regions, will give a talk at the high school auditorium Friday evening, Jan. 21, on his recent polar trip. "The Arctic From the Air" will be the subject of the lecture and will be illustrated by 8,000 feet of thrilling motion pictures telling the story of the expedition of 1925 from start to finish.

In the morning he will talk to the students of the high school during their regular assembly period. His appearance, following his enthusiastic reception at New Trier, last year, is the result of negotiations on the part of Mr. R. L. Sandwick, principal of the high school, dating from that time.

Purpose of Expedition The MacMillan expedition was made in co-operation with the National Geographic society for the purpose of reaching the unknown land somewhere in the polar sea, to obtain natural color photographs of the far north, the first of their kind ever taken north of the arctic circle, and to study the birds, fishes, animals, and flora of that region. Among the valuable material brought back, in addition to the pictures, were 1,500 birds, many of which were entirely new.

Notable Event The appearance here of one of the most noted Arctic explorers of modern times is one of the most interesting events of the winter in the estimation of those who appreciate the great value of such an attraction as an educational and instructive feature, and it is believed that the fact that Donald McMillan is to speak will attract a very large audience of interested and appreciative people to the high school auditorium on the evening of Jan. 21.

MacMillan's recent voyages to the far north, his long stay amid Arctic surroundings during the depth of the mid-winter darkness of those regions and the many interesting and valuable discoveries made by him and his associates form a dramatic story, whispers of which the public of the (Continued on page 7)

## LEGION POST HERE THIRD IN DISTRICT IN MEMBERSHIP INCREASE

### Especially Good Showing Noted; Important Meetings; Rockefeller Conference; Loans on Certificates

That Dumaresq Spencer post, the Highland Park post of the American Legion, stands third in membership in the eighth district, according to information received by Adjutant Rawson Bowden of this post, who also announces features of the coming convention at Rockford and facts regarding the matter of making loans on adjusted compensation certificates, all of which is of especial interest to ex-service men.

The fact that the local post has reached third place in membership in the district is a remarkably fine showing, in the estimation of officers and members of the post and their friends, especially when it is remembered that an exceptionally large quota has been fixed for 1927. The post has at present seventy-one paid members, and it is believed by those in charge that the quota will be filled up to 100 per cent by the end of January.

Important Meetings Especial interest is manifested by ex-service men in two important meetings to be held in January. The first will be held Thursday, Jan. 13, in Witten's hall, and the other is the two-day convention at Rockford, January 29 and 30.

At the meeting January 13, in Witten's hall, several matters of interest will be discussed, among them notably the proposed trip to Paris of the "Second A. E. F." for the big convention there; another matter to be discussed will be the method of obtaining loans on adjusted compensation insurance certificates.

The two-day convention at Rockford, known as the Second Division Conference of Northern Illinois posts will be held January 29 and 30. This is a meeting of all posts in the Second Division, including the eighth, eleventh, twelfth and thirteenth districts, Department of Illinois.

Interesting Program The Walter R. Craig Post No. 60 will act as host, and the program is varied and interesting. The convention will open Saturday night with a banquet to be followed by initiation. After that will be staged the noted war drama "What Spice Drama," presented by members of Chippilly post of Chicago. Sunday morning a business meeting will be held and in the afternoon a public meeting will be the feature.

Those who are interested report that the initiations will be different than usual and a riot of fun, with novelty features. The local adjutant has reservation blanks for the banquet and also for hotel reservations at varying prices depending on how many use a single room. The trip will be made Saturday afternoon, Jan. 29, by motor. It is a three-hour drive over concrete roads and many local members are expected to go. Additional information may be obtained by calling on the adjutant.

How to Secure Loans The local post announces that local banks will this week receive forms for promissory notes to be used in making loans.

Character Impersonator Appears at Zion Lutheran Church Next Week

The last of the concert series given by the Luther league of the Zion Lutheran church will be given by Noah Beilharz on Thursday evening, January 13.

Mr. Beilharz is in every sense a great artist. In his quick changes before his audience, he does not use powder or paint to transform his face. He has more than sixty characters at his command.

## Plan Club House at Sunset Valley Golf Course This Season

Plans are under way to provide a club house for the Sunset Valley Golf club for the 1927 season.

At a meeting of members of the club held on Monday evening the project was discussed at length, and the decision arrived at was to remodel the old Mooney farm house on the club grounds into a club house for the convenience of members.

It is planned to install locker rooms and other modern and sanitary conveniences and to make the old house a comfortable shelter and meeting place for those who use the course.

The meeting was well attended and there were several talks by members, including Mayor Samuel M. Hastings, and President E. L. Millard of the East Park district board.

Details of the improvement have not been thoroughly worked out, but it is certain that when the remodeling is completed the Sunset Valley club will have a club house adequate to its needs, affording great comfort and convenience to all who patronize this popular playground during the golf season.

## HINDU LECTURER TO TALK BEFORE OSSOLI

At First Meeting of New Year; Speaks on "Treasures of Indian Literature"

The first meeting of the new year at Ossoli will be presented by a high caste Hindu, Chandra Sena Gooneratne his subject being "Treasures of Indian Literature, from 3000 B. C." To those who have read the wonderful literature of India, this program will be particularly interesting, and to those yet unacquainted with it, the beauty and depth of the Indian writings will be a rare treat.

At the meeting of the club on Dec. 14, a new keynote was struck, in that the club had a buffet luncheon at 12, served in the club rooms, preceding the program.

The long table was centered with Christmas decorations, and small Christmas trees, glittering in their tinsel, and lighted by ten tall candle sticks, holding red candles. Although this meeting just preceded Christmas, the busiest time of the year for all members, there were sixty-six reservations for the luncheon, and others who could not attend, came in later for the program.

This was given by Noah Beilharz, who gave "The Hoosier Schoolmaster" voted by many the best program that has yet been given.

So successful was the luncheon and the informality and social aspect of it that the members voted to repeat it at the meeting on February 8.

It was also voted that this meeting be a musical, to be given by some of the club's well known musicians and is being looked forward to eagerly.

## FILE VOTE FRAUD CHARGES IN-COURT

ILLEGAL VOTING ALLEGED

Information Given State's Attorney Claiming Irregularities in One Precinct Here, Dec. 13

Thirteen men are charged with having voted illegally in the Ravinia precinct of Highland Park at the bond issue election on December 13, according to information filed with the State's Attorney A. V. Smith by the Citizens Taxpayers association of this city which has been probing the alleged irregularities, and reports that in all probably 31 men voted illegally in the precinct in question.

Employees of Contracting Co. The men were employees of the I. D. Lain Contracting company engaged in paving work in the south end of the city and living temporarily in shacks on Pierce road; it is reported, with the exception of I. G. Lain, said to be a nephew of the head of the contracting firm. I. G. Lain lives on Green Bay road at present, it is reported, but he is charged with voting in another precinct.

The men named as defendants in the case, other than I. G. Lain, are J. W. Gallagher, Eric Strom, Carl Anderson, Andrew Mazurek, Walter Kostikowich, Lawrence Dawson, Klemen Norbert, Matthew Mahoney, August Huesing, Jr., and J. M. Stigall.

Several Arrests With the exception of Norbert, Huesing and Dawson, all of them were arrested during the past week and several were held to the grand jury in hearing before Police Magistrate A. E. Smith here. The case against Lain was continued.

Whatever the motive in voting the men, it is plain from their statements in his court, says Judge Smith, that these men had no legal right to vote here. The judge has on file statements made by several of these men, which if true, are indications that they voted illegally. One of them said he came recently from Alberta, Canada, another was from Sweden and another from Poland, and none of the three was a naturalized citizen of the United States, according to his own testimony. Others gave addresses in Waukegan, Detroit and other places, and, according to the records on file in Judge Smith's office, they stated that they had been taken to the poll by I. G. Lain and that he told them how to vote "yes" in favor of the bond issue propositions.

Give Bonds Waukegan papers report that Lain, Gallagher, Strom, Anderson, Mazurek, Kostikowich, Dawson and Mahoney pleaded not guilty when arraigned in County court before Judge Martin C. Decker on Monday. Lain furnished bonds of \$2,000, signed by M. H. Hussey, while the others all furnished \$2,000 bonds each, these bonds being signed by Joseph Oltusky. Three others named in informations were to be taken into custody later on capias. The trials will be held early in February.

Corporation Counsel Albert Hall of Waukegan has been engaged by Lain to represent him, according to Waukegan reports, and he also will be counsel for most of the others charged with illegal voting. He says, these reports state, that Lain told the men working for the construction company to vote believing they had a legal right to do so, and that from his information there had been no willful violation of the law on the part of anyone. Mr. Hall charges that the political turmoil in Highland Park is responsible for the charges of illegal voting being filed.

Start Investigation The position of the Citizens Taxpayers association is that discovery of the alleged irregularities demanded prompt investigation and immediate action was taken by them to lay the information before the state's attorney. The first warrants were served Thursday, Dec. 30, by constables from Highwood and Deerfield, it is reported. The men were taken to Waukegan where the charges will be threshed out eventually.

## FIRST LEAGUE GAME ON FRIDAY EVENING

Friday evening, Jan. 7, the Deerfield-Shields basketball teams play their first league game. The local heavies have won all their practice games, and the lights have also made a good showing, so Highland Park fans should be interested in seeing what their teams can do against other Suburban league schools.

The lightweight game begins at seven-thirty and the major contest is at about eight-forty-five. The heavyweights will most likely be Baker, Johnson, Lindenmeyer, Heeneman, Thomas, and Skidmore. These lights are apt to see action: Baker, Joyce, Dickenson, McGath, Zanier, Mills and Gifford.
