

C. C. Woodmansee and wife to Len Bodge. WD #10. Pt lot 26, in So. da to Highland Park.

It is said that there was a German slide in the city elections in Poland the other day. This ought to be sufficient to warrant a Senate investigation.

President Coolidge's attitude on the old court seems to be: "if you don't see my apples, don't shake my tree" ninety-five per cent of the people see with him, regardless of politics, this is not a political matter.

Perhaps one reason why people did get their Christmas stuff off early, that they would have had nothing to kick about if they had.

Principal New Year's resolution made by many folks is not to be any better than they have to be.

Some folks idea of turning over a new leaf, is opening up a new credit account with some merchant who does not know their sloy pay reputation.

A British doctor lauds woman's scanty garb and tells the women to wear as little as they can. This seems to be one time when they are following the doctor's advice.
