

Back Up Our Schools and Churches

Let's Go!

Religious influence is necessary to community welfare and progress. Our churches furnish a moral foundation that helps us all to live better and happier lives.

Our schools are the Builders of Highland Park's future citizens. How well they develop our youth depends on the moral and financial support we give them.

Let's get behind the two institutions that build character for future generations. Let's be active in both church and school work. Let's contribute generously. Let's support them loyally.

Our churches and schools constitute an investment that pays dividends uncountable. Get behind them. Let's Go!

We're going—come on along!
