Lessons in Thrift

THE future success and happiness of your children may depend to a large extent on their ability to handle their finances properly. While it is true that money cannot buy happiness, it is equally true that the lack of it can bring misery. Let them learn while in school to save a regular amount each week, and when they "strike out for themselves," they will understand how to govern their expenditures and they will also have a nest egg with which to start life.

ANNOUNCE FLAT RATE FOR AIR MAIL FEB. 1
Postmaster Schneider Receives Notice to Change; Will Be More Convenient

Postmaster Hugo Schneider has received from Washington announcement that, effective with Feb. 1, 1927, a uniform flat rate of postage will be applied to cover transmission of United States Air Mail. The rate of postage will be ten cents per half-ounce or fraction thereof and will entitle your letter, when so paid, to air mail service to any point in the United States, regardless of the number of air mail routes traversed or distance covered.

This eliminates entirely the former system by which it was necessary to zone air mail, paying different rates of postage for transit to various points, often resulting in over payment as well as under payment of postage, the latter condition causing a rating up and the collection of postage due from the addressee before delivery could be accomplished. Under the new uniform rate plan it will only be necessary to watch weights and apply ten cents in postage for each half-ounce or fraction.

LEGION MEETS TONIGHT MOVIES TO BE SHOWN
Legionnaires and Friends to Attend; Conference at Rockford; Urge Membership

Tonight at 8 o'clock the Dumaesq-Spencer post of the American Legion will hold its regular meeting at the Witten hall. There will undoubtedly be the largest crowd of legionnaires present that ever attended a meeting in Highland Park.

With the paid up membership over 100 at the present time and many visitors invited it is expected that the hall will be filled. The main reason for the large attendance is the fact that the post has secured 3,000 feet of film from the Legion Film Service which can only be shown at Legion meetings. This film includes a story produced by Fox in Hollywood with the assistance of the members of the Hollywood post, called "Carrying On." These pictures were shown at the Lake county council meeting held at Lake Bluff on January 21 and much enthusiasm was expressed by all that attended that meeting.

Besides the film there is to be a big surprise from Commander Cahn but he would not give out any information except that it was to be in the form of entertainment. There will undoubtedly be a big story in these columns in our next issue as this is the first time that preparations have been made for a meeting and have been kept a secret. Several well known citizens of Highland Park have been invited to attend this meeting and a prominent speaker will address the legionnaires for a short talk. Remember the date Thursday, Jan. 27, at 8 o'clock at Witten hall.

Preparations are being made to take those going to the conference in Rockford in a North Shore Line motor coach. Among those that will take the trip are seven from Lake Forest, two from Lake Bluff, two from North Chicago, five from Waukegan and about seven from Highland Park. This will be a great event and any wishing to join the party should communicate at once with Adjutant Bowden, phone 2050.

The subject of membership must not be neglected. It is the hope of this post to obtain 150 members for 1927, and it seems as if that goal can be reached. Already the 100 mark has been passed and with the help of every member the post will gain the additional 50 that they need. This community has about 300 eligible men to the American Legion and it is the duty of every man to send in his application if he has not already done so. Lake Forest, with about one-half of the population of Highland Park, has over 150 members enrolled in their post. This looks like a bad showing for Highland Park but they are coming in fast. Ask your neighbors. The dues are only \$3.00 per year and the benefits can not be figured in dollars. Old members are asked to send their dues at once to Ben Steigler, finance officer 634 Chicago avenue, Highland Park, so as to save sending out bills which are a big expense to the post. Let's go. Those that attend the meeting tonight will learn of some of the benefits and those that are unable to attend this meeting should make it a point to attend the next meeting which will be held February 10.

LAKE FOREST BANKER DIES FROM INJURIES
George Findlay, 75 years old, president of the Lake Forest Trust and Savings Bank and manager of the Capital Reservations Lands company, 208 South LaSalle street, Chicago, died Monday at the Presbyterian hospital of injuries received Friday when he was struck by an automobile while on his way to his office in the loop.

The accident occurred at Monroe and Wells streets. Mr. Findlay was a trustee of the Lake Forest college and a member of the Union League club. He is survived by a widow, Mrs. Anna A. Findlay, and a son, James A. Findlay.

B. W. SCHUMACHER DIES IN FLORIDA
Continued from page 1

Mr. Schumacher at one time was a partner of Hon. Sidney C. Eastman and during recent years was senior member of the firm of Schumacher and Murphy with offices at 112 West Adams street, Chicago. During the greater part of his professional career, however, he had no partnership connections.

Here Thirty-Five Years
Mr. Schumacher was married on December 10, 1892, to Harriet Orne Emerson at Jackson, Mich., and immediately after his marriage moved to Highland Park where he resided continuously until his death.

Old residents of Highland Park will remember that Mr. and Mrs. Schumacher first lived on East Central avenue in the house now owned by Frank G. Gardner. Later they moved across the street to 286 Central avenue, the house now occupied by their daughter, Mrs. Catherine H. Gilroy, and about 1900 they built the house at 188 Laurel avenue which remained their home for a quarter of a century.

Two children of the marriage survive, Mrs. Catherine H. Gilroy, a daughter, and Bowen E. Schumacher, a son, the latter being associated with his father in the practice of law.

Prominent Resident
During his long residence in Highland Park Mr. Schumacher was prominent in many social and civic affairs. He served several terms as member of the high school board and in the earlier years of his residence he was a director of the Highland Park club. At the time of his death he was a director of the North Shore Trust company.

As a lawyer he evinced a high order of ability and served his clients with commendable zeal, courage and fidelity. As neighbor and companion he held a warm spot in the hearts of many of Highland Park's older residents who knew him, not only as a man of wide reading and general culture, but also as the possessor of those traits which secure abiding friendships. He was very fond of hunting and fishing and was well known to many of the sportsman of this community who appreciated his fine sportsmanship and prized greatly his friendship and association. His passing will cause sorrow to a wide circle of friends both in Highland Park and in Chicago.

NORTH SHORE BOY SCOUT ACTIVITIES
Continued from page 1

office, 16 North Sheridan road, telephone Highland Park 2431.

Leadership School
The first session of the training course for leaders and fathers of boys was held last Monday night at the Glencoe Union church, with representatives from seven north shore towns present.

The group of men was organized into three patrols, the Flying Eagles, the Beavers, and the Coyotes, each under the leadership of an experienced scoutmaster, who served as a patrol leader of the training course troop.

The patrol leaders are Karl D. Flag Jr., Wilmette; Carl Lochner, Glencoe; D. C. Leach, commissioner of Wilmette. Assistant patrol leaders are Owen Savage, Deerfield; I. C. Rasmussen, Highland Park; Howard F. Copp, Ravinia.

The training course troop periods in the two hour evening program, divided into eight periods with a definite opening ceremony, and definite closing ceremony, followed by an officers' council, the plan in use in the strongest scout troops.

Rev. Keller on the Program
Rev. Geo. S. Keller, scout commissioner of Highland Park, was in charge of the "Around the Fire Place Period," and told of several instances of heroism of scouts whom he had personally known.

There are places for twelve more men in the training course, and visitors are always welcome. The second session will be held again at the Glencoe Union church Monday evening, January 31, at 7:30 p. m. The first two sessions in February will be held in Highland Park and the last two in Wilmette.

Many activities are planned during the week of February 6 in the various towns of the North Shore in commemoration of the founding of the Boy Scouts of America, seventeen years ago. The four aims, character building, citizenship training, vocational guidance, and physical development will be emphasized.

Scouts will unite in church services on either February 6, or 13, will hold Father and Son banquet, mother's night programs, special excursions to the merit badge show in Chicago, and various kinds of celebrations. Scout week will emphasize service to the home, the church, the school, and the community.

The North Shore Patrol Leaders association for patrol leaders, scribes, senior patrol leaders, and junior assistant scout masters, will hold their first meeting on Saturday, Feb. 12, at 10 a. m. as the guest of the Wilmette patrol leaders unit.

ANNOUNCEMENT

PURNELL & WILSON OFFICE IS ROBBED
The office of Purnell & Wilson, Ford agents here, was entered some time Saturday night by burglars and about \$10 was taken from the cash register, according to reports to the police. The robbers gained entrance by breaking glass in the outer door and also in the door of the stock room. The police are investigating.

TAX WARRANTS TO BE ISSUED BY CITY
Continued from page 1

Resolution Adopted
"Whereas there is not sufficient money in the treasury of the city to meet the ordinary expenses thereof, and therefore, it is hereby ordered that a fund be provided to meet all said expenses by issuing and disposing of warrants bearing interest not exceeding six per cent per annum, drawn against and in anticipation of the city taxes for the year, 1926, already levied, for the payment of such ordinary and necessary expenses, to an amount not exceeding 75 per cent of the total amount of said city tax levied for said year, etc."

Board Meeting
On motion of Commissioner Cheney Ellis, Pinkerton & Co., auditors and accountants, were employed to make the annual audit of the city's books for the fiscal year ending April 30, 1927.

Court Ruling
In connection with city affairs it is noted from Waukegan reports that Circuit Judge Claire C. Edwards in a ruling handed down Saturday in two matters in which Corporation Counsel Samuel Holmes of Highland Park and the City of Highland Park are defendants, held that the city had no right to pay the corporation counsel one per cent of the total cost of all special assessments approved by the court, in view of the fact that he receives a regular salary from the city.

Judge Edwards, however, on motion of Attorney Arthur Bulkeley, counsel for Mr. Holmes, allowed the defendants 20 days to file an amended answer to the bill of the complainants. Before allowing an amended answer, the court sustained objections of the plaintiffs to the answer on file. Mr. Bulkeley said that conditions would be stated in the amended answer, which would materially change the defense.

SAYS LETTER TIMELY AND ALSO INFORMING
Jan. 24, 1927
Highland Park Press.
Dear Mr. Editor:
The letter by Mr. Allison in your last issue was most timely and informing. I read the letter with special interest as "Arbitration" was to be the subject of the following Saturday at the school of Foreign Relations of the League of Women Voters at the Congress hotel. I attended the two sessions conducted and addressed by Prof. Quincy Wright of the department of Political Science at the University of Chicago and writer on international law. I noted that his discussion corroborated with full details the main points in Mr. Allison's statement.

It was also announced that a telegram had been sent to President Coolidge by the state president of the league, also vice president of the national league, asking for arbitration in the present crisis in Mexico and Nicaragua, according to present treaties.

Your paper comes to my daughter, Mrs. H. A. Wampler, with whom I live.

Sincerely yours,
Anna K. Hulburd.

Many of the boys think the farther they go from home the better chances of success they have, and in the case of some who are too well known around home, this may be correct.
