SAYS SMITH AND GAIL ARE NOT CANDIDATES

Secretary of Taxpayers Association Also States It Has No Ticket

February 9, 1927 Highland Park Press.

Gentlemen:

Rumors have been circulated that Mr. E. S. Gail and the writer have attacked the city administration for purposes political and that we are seeking political office.

The rumors are no doubt circulated to detract the public's attention from the conditions we have uncovered and I desire at this time to deny that neither Mr. Gail nor myself have been actuated by any desire for public office.

Mr. E. S. Gail is one of the attorneys engaged by the Taxpayers association and as secretary of the association I can say that we are not interested in politics but only in economical and efficient administration of the operation of the city of Highland Park, Ill., with fairness to all taxpayers and without favors.

Regardless of whom the next administration may consist of, if there are any illegal taxes or assessments or irregular practices the Taxpayers association will fight them with all the legal and financial resources at our command.

We insist that men elected to public office respect their oath of office, do their work in accordance with the requirements of the statutes of the State of Illinois, and ever bear in mind that government is still by the people and for the people.

Sincerely,
A. E. SMITH,
Secretary Citizens Taxpayers Association.

NEW STRUCTURE FOR LAEGELER DRUG STORE

Everybody on the North Shore knows the Laegeler drug store at the corner of Waukegan and Highwood avenue, which has the distinction of being partly in Highland Park and partly in Highwood. It has been conducted by the Laegelers, father and son, for 37 years with marked success and ever growing popularity. And now the time has come when larger quarters are demanded by the rapidly increasing business, and J. C. Laegeler, the present proprietor, is planning to erect a modern structure to accommodate his business and to provide apartments and offices on the second floor. The architecture will be of the suburban type so popular on the North Shore and unequalled in both attractiveness and utility. The building will be 75 by 35 feet in dimensions and will have two stores on the first floor and three offices and three apartments above. The plans are ready and work will be started about March 15th, Mr. Laegeler expects.

HAD 32 REPLIES TO ONE "AD" IN PRESS

"Please take out my advertisement in the classified column of the Press; I've had 32 replies so far and my telephone is ringing all the time," was the S. O. S. appeal from one Highland Park woman last week. This is no new experience. Press classified ads bring results as hundreds of the patrons of this column can testify. In many instances similar appeals have been received following just one insertion. The little ads do the work. If you have anything to advertise for, try our classified column and be convinced.

DEERFIELD MAKING BIG IMPROVEMENTS

TOTAL IS OVER MILLION

Many New Homes Also; Business Men Boosting Town; City Officers Likely to Run for Re-election

Although they have not yet officially announced their candidacy the outgoing officers of the Deerfield village board indicated at the board meeting last Monday night that they would be up for re-election. Those whose terms expire this spring are Trustees Theodore Knaak, Edward Segert, and Edward Segert, Village President James J. Hood, and Village Clerk Alvin Knaak. The regular election to fill offices for the two-year term will be held Tuesday, April 19.

Many Civic Improvements

President Hood pointed out that during the past two years the present administration has completed twenty-two separate public improvements in the village, and that the total amount spent for these projects is well over the million dollar mark. It was shown, also, that a greater amount of money has been spent for public improvements in Deerfield during the past two years than in the preceding thirty years.

This work has been necessitated by the rapid growth in the village's population. During the past year alone more than seventy new homes have been built in Deerfield. The steady trend northward of suburban development has caused the population of the village to increase from 800 in 1914 to 4,000 in 1926.

Annual High School Father-Sons Banquet Is On February 22nd

Marked interest is being shown by boys, both old and young, in the annual Fathers and Sons banquet to be held at the Deerfield-Shields high school on the evening of Tuesday, Feb. 22, Washington's birth anniversary, and it is expected that attendance will be large.

The speakers will be Dr. Herbert McComb Moore, president of Lake Forest college, and Knute Rockne of Notre Dame university. Both are men of wide experience in handling youth and their talks will be heard with especial interest, as both have achieved fame in their lines. Dr. Moore is head of Lake Forest college with a notable record in management of this school, regarded as one of the best small colleges in the country. Rockne is the famous coach of Notre Dame with a record as a football mentor surpassed by none. They will be worth hearing, both of them.

In addition to these speakers the boys who were on the football team last fall will receive their "D's," which will be given out after the speeches.

After the football men have received their "D's," there will be some sort of athletic contest. The nature of it is not yet known, but it will probably be a basketball game.

Fully a thousand fathers and sons are expected. In order to handle such a large crowd it will be necessary to serve the dinner in cafeteria style. In case the crowd is too large for the lunch room to handle at one time, the dinner will be served in sections and there will be entertainment in the auditorium for those who are waiting.

BAD SIDEWALK NEEDS IMMEDIATE ATTENTION

Stretch Between Central and Elm Place on St. Johns In Bad Condition

Numerous complaints have been received at this office and elsewhere regarding the condition of the sidewalk on North St. Johns avenue, between Central avenue and Elm place. This condition has existed since the block was paved and the sidewalk is in very bad shape in many places and dangerous in some, and there is a growing demand on the part of those who use it that this condition be remedied immediately. Ragged edges of concrete with spaces filled in with dirt, water standing in low places almost impassable and for women who use it in going down town to shop in afternoons it is most inconvenient, especially when they have a baby buggy to push over the rough places. This is something which needs attention. It may be that there has been difficulty in establishing a uniform grade, or something, but whatever the difficulty is, it should be overcome at once for the benefit of the public who use this walk.

MOVIE CENSORSHIP ORDINANCE OFFERED

FIRST READING IS GIVEN

Makes Chief of Police Scrutinize With Appeal to Mayor; Final Action Later; Election Plans

After considering numerous petitions, the city council at its meeting last Friday night drafted an ordinance providing for a local censorship of motion pictures. The ordinance has been filed in the city hall for public inspection pending final action by the council at a later meeting.

Under the heading of things to be censored come "mutoscopes, kinetoscopes, cinematographs, and such pictures as are commonly shown in penny arcades." Nowhere does the word "movies" appear, but the sponsors of the ordinance assure the public that at least one of the polysyllabic words safely covers the word "movie."

The ordinance describes specifically the sort of thing that is not to be desired in a motion picture, penny arcade, etc.

"If a picture is immoral," it declares, "or salacious, or teaches false ethical standards, or contains improper dress, prolonged passionate scenes, or scenes making crime, drunkenness, or the use of narcotics attractive, or depicts the commission of crime, the white slave traffic, or the resistance to police authority, or contains scenes that are unduly horrible," producers shall not be permitted to exhibit it in Highland Park.

Police Chief to Censor

The chief of police is specified as a censorship committee of one to weigh the ethical and moral values of all pictures and delete parts that he considers out of keeping with the provisions of the proposed ordinance. The mayor is to be the producer's court of appeal in case the latter is not satisfied with the decision of the chief of police.

Any cut-outs made by the censor are to be impounded by the police and held until after the picture has been shown in Highland Park to insure against cinema bootlegging. The ordinance provides for a fine of \$50 to \$200 for each violation.

No provision has been made for additional help at police headquarters while the chief is judging the "movies."

Provisions were made by the council for the holding of the annual city election on Tuesday, April 19. The primary election to nominate candidates for the offices of mayor and commissioners will be held March 8. The last day for filing petitions for placing candidates' names on the primary ballot is Feb. 21.
