## HISTORIC VILLAGE MAY INCORPORATE

## ACCOUNTING SUIT HAS MANY ANGLES

### GURNEE PLANS EXPANSION

**Settled in Early Times and Has Been Growing; Wants Modern Improvements; Annals Interesting**

The community of Gurnee in Warren township is on the verge of taking steps to incorporate as a village, it is reported. A meeting is to be called by a number of the leading citizens shortly, to discuss the necessary steps.

The settlement of the community dates back, as far as official records go, to Feb. 23, 1847, when the government established the postoffice there. The community was then called Wentworth and kept that name until Aug. 10, 1870, when it was changed to O'Plain. Gurnee was applied June 27, 1874.

**Want Improvements**  
The main reason advanced for banding as a village can be found through the fact that a general sewage system could be maintained, laws made and enforced, streets lighted, civic improvements made and decided steps taken for the betterment of the general community.

Gurnee now has around 300 residents, possibly more. Its biggest increase has come within the past few years. Land bordering the little neighborhood was farmed for years and Gurnee and Warren township, in which it is situated, has always been known as one of the richest farming communities.

Gurnee changed about four years ago. It was found that the acreage surrounding was too valuable to farm and that it was in big demand for homesites. Due to its location on the Chicago, Milwaukee and St. Paul railroad, with its excellent transportation and to the fact that it borders the Des Plaines river, many residents of the North Shore saw in it the ideal site for a home. This brought about the change and hundreds of acres have been subdivided, marketed, and homes built. This healthy increase, no doubt, will continue.

**Early Settlers**  
Its first settlers might have come as early as 1835 as that was the time that settlers first went to Warren township.

For years the community was known to Chicago and Milwaukee residents as it was on the route of "Milwaukee road." There was a ford there several hundred feet south of the present bridge.

Well known tavern keepers made fortunes there as many travelers would "put up" in Gurnee while traversing the route. In addition there were long streams of farmers going through the community along Grand avenue each day.

They were bringing grain to Waukegan for milling and shipping and old timers have stated that it was not uncommon to see almost a hundred wagons at the Gurnee tavern waiting to take the road to Waukegan. The coming of railroads hit Waukegan as a port which also cut the Gurnee traffic.

## ACCOUNTING SUIT HAS MANY ANGLES

### FILED IN CIRCUIT COURT

**Involves Estate of Helen J. Landon and Affects Many Prominent Persons of North Shore**

A suit has been filed in the Lake county circuit court for an accounting in the estate of Helen Josephine Landon which, it is claimed, will involve millions of dollars and will bring into court several of Chicago and Lake county prominent society folk including Mrs. Dexter Cummings of Lake Forest, Mrs. Philip Swift of Lake Forest and Mrs. N. Landon Hoyt of Winnetka. The suit was filed by Attorney Elam L. Clarke of Waukegan and Attorney Leslie A. Needham of Chicago for Miss Josephine L. Kellogg and Mrs. R. H. Aiken of Winthrop Harbor.

**Estate Defendant**  
The estate of W. M. Hoyt, trustee for Helen Josephine Landon, is named as the defendant.  
According to Miss Kellogg, Miss Landon was a sister of G. P. Kellogg of Winthrop Harbor, father of the complainant.

Miss Landon, Miss Kellogg sets forth, went to live in the house of W. M. Hoyt in Chicago and remained there for 40 years. When she went there, Miss Kellogg claims, she was a wealthy woman, having inherited the vast estate of Nelson Landon, one of Lake county's wealthiest early settlers. She died in 1894, having left all of her financial business in the hands of W. M. Hoyt. Miss Kellogg and Mrs. Aiken, her nieces, were her principal heirs, but, they claim, they have never benefited from the estate.

**Claims Property Small**  
According to Miss Kellogg, Hoyt claimed that Miss Landon has very little property other than some jewelry and 216 shares of Western Union Telegraph stock valued at 50 cents a share, and that the major part of this property was left to the Hoyt heirs. Miss Kellogg declares that during her life Miss Landon received and spent a goodly income.  
For the past 15 years, Miss Kellogg claims, Hoyt has placed millions of dollars worth of property in an immense trust fund under which the members of the Hoyt family have been benefiting.

H. Landon Hoyt of Winnetka, Mrs. T. Philip Swift and Mrs. Dexter Cummings of Lake Forest were all grand children of W. M. Hoyt.

## SALARY OF JUDGES MAY BE INCREASED

### COUNTY, PROBATE COURTS

**If Supreme Court Decides Law In Their Favor; Act Passed In 1925 Provides Pay Basis; Details**

A salary increase from \$3,500 to \$5,000 for County Judge Perry L. Persons and Probate Judge Martin C. Decker of Lake county may be ordered by the Supreme Court of Illinois if the petitions of the judges of four counties for writs of mandamus are granted.

Under an act passed by the state legislature in 1925, county and probate judges were to be paid a salary in proportion to the population of the county. Thirty-two counties in Illinois accepted the new law and paid their county and probate judges accordingly while sixty-nine counties including Lake county, refused to recognize the law and continued paying the courts at their old rate.

**Court Must Rule**  
At the convention of the State Association of Supervisors, County Clerks and County Auditors last year at Geneva, the county clerks were warned that the law was not legal until it had been tested by the supreme court and that if the clerks paid the increase in salaries or the county board passed warrants for the salary increases, the clerk or the board would be held liable for the difference. Attorney General Oscar Carlstrom was also unable to render an opinion on the matter because the act had never been passed upon by the courts.

The act passed in 1925 provided that the salaries of county judges in counties with a population of less than 15,000 should be \$1,800 annually; 15,000 to 25,000, \$2,500; 25,000 to 48,000, \$3,600; 48,000 to 100,000, \$5,000; 100,000 to 250,000, \$6,000 and in counties of a population of 250,000 or more, the salary should equal that paid to circuit judges in the circuit in which the county is a part.

**Lake County Affected**  
As Lake county comes under the classification of a population of from 48,000 to 100,000, the judges of both the county and probate courts here would receive \$5,000 a year. Neither Judge Persons nor Judge Decker had taken any part in the fight for a salary increase, but should the mandamus be granted, they would automatically receive an increase in pay. The county judge has been receiving \$3,500 per year and until recently, the probate judge received \$2,800 and was recently increased to \$3,500.

## ABANDON PLAN TO WIDEN GREEN BAY

**Glencoe and Winnetka Boards Decided to Defer Action; Other Plans**

The Glencoe village board announces that it has received so many objections to the proposed widening and repaving of Green Bay road in connection with the joint plan with Winnetka to thus improve Tower road and Green Bay road, that the project has been abandoned.

This report was received by the Winnetka council, Tuesday evening, and like action was taken by that body, the proposition having come originally from the Glencoe board.

The Winnetka council, however, will make some improvements in the way of widening and giving other desired facilities at the Sheridan road and Tower road intersection, which matter is now being studied by the streets, drainage and forestry committee.

## GLENCOE MEN'S CLUB PLANS OPEN MEETING

Announcement is made by officers of the Men's club that this is to be a meeting at which not only are the members urged to be present, but it will be open to any citizen of the village, regardless of whether he is a member of the club or not. The object is to give opportunity for a general, frank expression, by residents from all parts of the village, on the many civic questions now up for consideration and decision.
