## CAN'T FOOL LABOR

The American Federation of Labor did the expected and the inevitable thing in reaffirming its stand against American recognition of the soviet. Conservative American labor bears the first brunt of the red offensive against the existing social order in this country in the incessant attempts of radicals to "bore within" its organizations and turn labor aside from the peaceful utilization of its bargaining power with the employes to raise wages and improve conditions. Labor's increasing material stake in the country through its participation in corporate ownership and banking control is gall and wormwood to the fomenters of social unrest, whose first objective naturally is to unhorse the existing leadership. Enlightened self-interest, therefore, as well as sound American patriotism, dictates the federation's course.

The A. F. of L. leaders are not to be taken in by the precious scheme of sending an investigating "mission" to Russia to see how labor is faring in the bolshevist domain in the opinion of the Philadelphia Bulletin. Various such "missions" have gone to Russia from this country and Europe: invariably they are fitted with official blinders by the soviet, dined, fetted and carted about the country to see what their hosts want them to see. Invariably they return to pronounce Russia a foretaste of a workers' paradise and to advocate recognition. The farce lies in the fact that such "missions" are also invariably hand-picked among "pinks" and radicals, either from the parlor of the trade union ranks, who go over to be persuaded of what they were perfectly sure about before they started. The federation has too much horse sense to "fall" for this trick proposal.

## DEERFIELD AT LAST TRIMS NEW TRIER

Downs Old Rivals In Fast Overtime Game Tuesday; Lights Are Defeated

By their 21-21 victory the Deerfield-Shields heavies at last succeeded in overcoming the strong New Trier teams last Tuesday, and thus made up for the many years of defeat at the hands of New Trier teams. This victory ties the two teams, each of them having won fourteen and lost two leagues games.

The lightweights gave New Trier a very good game, but were defeated by their opponents ability to sink long shots. The final count gave the boys a 25-17 loss.

The first few minutes of the heavy-weight game looked like a walk-away for the Deerfield team, since they made three baskets in less than two minutes. The New Trier bunch didn't allow this to stand long, how-

ever, for they put themselves into a 14-12 lead before the half ended.

The Deerfield boys came back strong in the second half, but so did New Trier. The end of the regular playing time showed a 21-21 tie, necessitating a three minute overtime period.

The true ability of Coach Peel's boys was brought out in the overtime, for they succeeded in keeping cool in spite of the intense excitement of the large crowd. Johnson saved the day with a long shot from outside the free-throw line, while Daugherty assured his team of a victory by his free throw.

This game was a brilliant ending to a very successful season, for all the boys worked together well to secure this victory as well as the many others. Baker rang up eight points, while Heineman and Daugherty each brought in six. Thomas had a big share in the victory, filling his two positions with wonderful ability.

Playing a whirlwind game in the last half, Deerfield's heavies swamped Blue Island, 45-25 last Friday, while the lights lost another close contest by a 27-25 score.

Now the locals will concentrate all their efforts in strengthening their team for the district tournament, which takes place at Waukegan March 10, 11, and 12. Since New Trier has been considered the strongest entry in this district meet, Deerfield should stand a good chance of doing well there.

## FORM ORGANIZATION FOR DRAINING SKOKIE

Preliminary Steps Taken at Meeting Last Friday; N. S. Towns Represented

After many years of discussion and effort towards the drainage of the Skokie, distinct progress was made at a joint meeting of Chambers of Commerce officers of North Shore villages, at Glencoe, last Friday.

The meeting was the result of a movement started a short time ago, the result being that after a general discussion of the project an organization was formed to carry on the work.

The name of the organization is that of the Skokie Drainage association, of which General John V. Chinin, of Glencoe, was elected president and Lloyd Hollister of Winnetka, secretary. Membership of the new as-

sociation is to be open to all civic bodies in the Skokie valley.

A committee, comprising representatives from the various sections interested was appointed, which committee will report to the association at a date to be called later. The members of this committee follow:

Edward M. Laing, of Highland Park; John P. Happ, of Waukegan; H. W. Butler and William Edwards,

Glencoe; George Park, Winnetka; J. A. Peterson, Kenilworth; Mr. Kellogg, Indian Hill; Hoyt King, Wilmette; William Hagge, Deerfield; General John V. Clinkin and Ben Schildgren, New Trier township and J. A. Walsh, Highwood. Glenview and Northbrook were not represented. The committee was empowered to enlarge its membership.
