Christian Science

"Man" was the subject of the Lesson-Sermon in all Churches of Christ Scientist, Sunday, March 6.

The Golden Text was from Isaiah 43:21, "This people have I formed for myself; they shall shew forth my praise."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Then answered Jesus and said unto them, Verily, verily, I say unto you, The Son can do nothing of himself, but what he seeth the Father do: for what things soever he doeth, these also doeth the Son likewise. For the Father loveth the Son, and sheweth him all things that himself doeth: and he will shew him greater works than these, that ye may marvel" (John 5:19, 20).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind. The spiritual man's consciousness and individuality are reflections of God" (p. 336).

It would be a good idea for the boys to go in for beauty contests, at least so far as to learn to use soap and water.

Y. W. C. A. Notes

The regular monthly meeting of the Highland Park and Lake Forest Girl Reserves committees was held on Wednesday morning at ten o'clock at the Lake Forest Y. W. C. A. with Mrs. Kenneth Muir conducting the study hour for the group. Highland Park members of the committee, including general members and club advisers, are: Mrs. Carl Pfantstich, chairman; Mrs. Robert Black, Mrs. Lee Gatewood, Mrs. James Hyde, Miss Claire Kennedy, Miss Mamie Dorsch, Miss Zana Kirkland, Miss Edith Parry and Miss Gladys Russell.

On Monday evening, the Girl Reserve Club held their regular meeting in the club room of the Y. W. C. A. In addition to their regular program, they welcomed Miss Mamie Dorsch as a new club adviser. Mrs. Wilson Kline is in charge of the group which is composed of girls under Girl Reserve age.

The Tawasi Triangle of Girl Reserve clubs held their regular meeting a part of their service work, they are making health posters which may be used in work with foreign-born classes, and on Tuesday they completed some most attractive posters. Officers of the club are: President, Esther Drake; vice-president, Pearl Stanley; secretary treasurer, Kathleen Slack.

A business meeting was held by the Live Y'er Girl Reserve club on Wednesday afternoon. Plans are under way for a Girl Reserve Vesper service, and a faculty party to be given with the Lake Forest clubs on March 16 at the Highland Park Y. W. C. A.

The class in English drill will meet this evening at the Y. W. C. A. at eight o'clock. This class is open to all who are interested in this work.

GOOD PROGRESS IN SENIOR PLAY MADE

With three weeks of rehearsing for the high school senior play "In the Next Room," in the background, the cast is now getting down to the finer details of the play.

This year's play is entirely different from any play given by the school in recent years. It is a mystery with a murder, a villain, a hero, and a heroine—all that goes to make up a thrilling detective story.

The parts are taken by Lyman McBride as James Godfrey, Cleona Udell as Lorna Webster, Guernsey LePelley as Felix Armand, Don Browning as Grady, John O'Connor as Parks, George Zack as Rogers, Louise Kersten as Julia, Blossom Lake as Madame de Charriere, Jimmie Harris as Vantine, Allan Wolf as Simmonds, and Ted Osborne as Morel.

In the new passenger station of the Chicago, North Shore & Milwaukee Railroad in Chicago is located one of the two electric amplifiers in the world used for announcing trains.

WARMEST FEBRUARY ON RECORD LOCALLY

Mean Temperature of Over 32 Degrees Is High Average For This Season

The second month of 1927 was the warmest February recorded since the installation of a government weather bureau in Waukegan, the mean temperature being 32.6 for the entire month, according to John Laux, local weather observer for the U. S. Weather Bureau of the department of agriculture in that city.

Last February the mean temperature was recorded as 21.9, over 10 degrees lower than February 1927. The snowfall this February was likewise the lightest recorded in many years, there being 19 days when there was not even a sign of snow.

Following is the report of Mr. Laux to the government bureau.

	1927	1926
Lowest temperature	9	6
Highest temperature	57	49
Mean temperature	32.6	21.9
Snowfall	2.2	12.2
Cloudy days	9	20
Partly cloudy days	9	3
Clear days	10	5
Prevailing winds	SW	NW

GASOLINE VAPOR IS HIGHLY EXPLOSIVE

Even at ordinary temperatures gasoline gives off a very explosive vapor, the vapor from a single pint rendering the air in an ordinary-sized room explosive. Whenever it is used for cleaning, it is important that there be no fire in the room and that the doors and windows be open so the vapor may escape. Often some cleaning agent that will not take fire can be used as satisfactorily as gasoline.

The farmers will say that if all the effort put into big swimming stunts could be put into farming, it ought to harvest the hay crop.

SOPHOMORE INFORMAL HELD AT HIGH SCHOOL

The Sophomore informal at Deerfield-Shields high school was held on Friday, March 4, after school in the girls' gymnasium, with Eleanor Keller in charge.

Bradford Larson and Virginia Jerome were in charge of the decorations. They carried out the St. Patrick idea. The refreshment tables were decorated with green crepe paper. During some of the dances, serpentine was thrown about the room. Others who had charge of various parts of the work are Helen Saul, who took care of the refreshments at the tables, and Billy Gifford, who was chairman of the music and entertainment. The school orchestra furnished the music for dancing. Bobby Childs and Jack Foley entertained with a stunt.

SPRING VACATION OF H. S. BEGINS APRIL 15
