**Deerfield Parent-Teacher Association**  
"The democratic view of education demands for each pupil a schooling that will develop him to his highest possibilities; and from each pupil an achievement on the highest level of his ability."  
Debating is developing in the pupils of the Deerfield school, poise, vocabulary, assurance and general information.  
"Resolved, that capital punishment shall be abolished" was the debate staged by Miss Ethel Titus for the March meeting of the Deerfield Parent-Teacher association, last Friday afternoon, held in the library.  
The affirmative team was C. W. Peterson, James Harrison and Mary Hood. The negative was Warren Geary, John Ott and Gertrude Johnson. The judges Mesdames John A. Stryker, George E. Engstrom, and C. W. Getty decided in favor of the negative arguments, and voted John Ott the best speaker. "The Bold Cosack," "Our Flag," and "Homeland" were sung by the seventh and eighth grades before the debate.

A committee to supervise the playground was appointed by the president, Mrs. H. G. Cazel. Rev. Mr. F. G. Piepenbrok, Mr. John Vetter and Mrs. George Engstrom. The following nominating committee was appointed: Mesdames William Koeblin, W. W. Clark and George W. Colby.  
The association voted to assess each member fifty cents in order to pay the fifty dollars due on the portable school piano.  
The bakery sale held in the corridor brought \$25.66 to the treasury to pay the expenses of the delegate to the annual conference of the Illinois Council of Parent-Teacher associations to be held in Quincy in April.  
The P. T. A. also voted to buy baseball equipment for the boys in order that they may enter the games scheduled in the North Shore league.  
An exhibit of the paintings of Mrs. Clara Hatch Stevens, of Lake Bluff was held in the art room after the meeting at which a number of water colors were sold.

The Deerfield School P. T. A. is one of the oldest in the state. It was organized February 25, 1910, and joined the state association October 13, 1913.  
In the list of books by Illinois authors to which the citizens of the state point with pride, appears the name of Walter B. Metcalf, who is our own Dr. Metcalf, and the book is "Tuberculosis of the Lymphatic System," a copy of which is in the Deerfield Public library.  
**Garden and Flower Show**  
The Garden and Flower show is an event of the past but the beautiful memory pictures linger with those who were fortunate enough to have seen it.  
There was one room devoted to various types of gardens. These types included Italian, American, English, Rock, Old Fashioned, Tropical, Water, Rose, Spanish, Alpine and Riel. The Alpine garden reserves special mention as it was designed and constructed by Mrs. Carl Miner, a member of the Glencoe Garden club. They were all very beautiful and each garden was a complete unit which showed either a corner or entrance of the house, various walks, the lawn and the planting. As a climax to the drive for "reasonable" phone rates, a big mass-meeting is to be held March 28 at Berwyn, where the campaign was initiated.  
Among the towns reported by the Waukegan Sun, as already active in the drive are Evanston, Oak Park, Berwyn, Cicero and Chicago Heights. ## CARGO NASH CARS ON BIG LAKE FERRY

### Sent on Maiden Trip of New Steamer From Milwaukee to Grand Haven

Loaded with a full cargo of Nash autos the new Great Lakes ferry Madison, steamed out of Milwaukee for Grand Haven, Mich., last week on its maiden trip. The boat, recently christened with milk at Manitowoc, Wis., is described as one of the finest and best equipped ships of its kind on the Great Lakes and is operated by the Grand Trunk division of the Canadian National Railways.  
The maiden voyage of the boat was marked by a celebration in which officials of the Grand Trunk railroad took part. Representatives of the Nash Motors company also were in the gathering at the Grand Trunk docks in Milwaukee. The cargo, comprising an assortment of Nash automobiles, was carried by the Madison to Grand Haven where it was transferred to railroad cars and rushed to points east; some of it was scheduled for reloading aboard ship in New York for transport abroad.  
The loading of the Madison at the Milwaukee docks with its cargo of Nash cars presented an interesting picture. As the first car went aboard it was greeted with a loud cheer by spectators and the crew. The Madison, in addition to its large freight capacity, is equipped to handle 35 passengers.

## ELECTION CASES TO CONTINUE ALL WEEK

States Attorney A. V. Smith stated a few days ago that the Highland Park election cases, in which aiding and abetting fraudulent voting is charged against I. G. He does not hope to get into the criminal trial call for two weeks and probably more he stated. The first case to be tried will be that of George Young, charged with the murder of Frank Grund.
