GAME RESTORATION PROGRAM IN STATE

LEGISLATURE PLANNING

Committee to Confer With Adjoining States to Secure Uniform Laws; Score Is Far-Reaching

Illinois through the 55th General Assembly is paving the way for a far reaching program of constructive game restoration in the middle west. With only one dissenting vote the Senate and House adopted a joint resolution for the appointment of a committee to confer with legislatures of adjoining states to secure uniform game and fish laws and enforcement. This committee is composed of three senators and three members of the House of Representatives including the chairman of each fish and game committee.

Senator Earl B. Searcy, of Springfield, chairman of the Senate fish and game committee, Representative of the House fish and game committee, Representative Snell of Carlinville and Representative Acker of Savanna have been appointed to this committee. The other two senators will be named shortly.

Scope Far-Reaching According to the present members the scope of this committee will be far reaching. While it is important that restrictive game and fish laws be made uniform in adjoining states as an aid to enforcement, the adoption of a 'Mid West' program of constructive game and fish restoration will constitute the main work of this committee.

This 'Mid West' program, as outlined by Senator Searcy and other members, will require the co-operation of all Middle Western states from Canada to the Gulf of Mexico. The establishment of a comprehensive system of preserves, rest grounds and feeding grounds in all these states, as well as state owned land open to the public for shooting, fishing, camping and similar sports form a fundamental part of this program.

Particularly Fortunate Illinois sportsmen have been particularly fortunate in having had this program started by the 53rd and 54th General Assemblies. While these two bodies made wonderful records in game restoration legislation, recent interviews with leading members of the Senate and House of Representatives indicate that the 55th General Assembly, now in session, will probably surpass them in aiding in this great work of conserving our outdoor resources for this and coming generations.

This system of preserves can be acquired without one cent of direct taxes and although every citizen will be benefited, the sportsmen will gladly pay the bill through hunting and fishing licenses.

CADILLAC COMPANY PUTS OUT NEW AUTO

Is Named LaSalle and Is Feature of Spring Salon, Opening Last Saturday

The new La Salle, companion car to Cadillac, which is manufactured by the Cadillac Motor Car Co., will be a feature of the 1927 Cadillac Spring Salon, opening last Saturday.

The salon will be held on the main floor of the Pure Oil building (formerly the Jeweler's building) at Wacker drive and Wabash avenue, and will continue to March 19.

For the first time in 26 years Cadillac brings out a new automobile which, in itself, has aroused much interest among Chicago car owners.

The salon exhibits will include a number of Fleetwood, Brunn and Fisher custom and standard bodies on Cadillac chassis and a display of the La Salle.

JAPANESE GOODS FOR NEAR EAST SHIPPED

Clothing and Supplies Are Sent From Nippon to Greece and Syria

Japanese clothing and supplies of various kinds for school use are being shipped to Greece and Syria, as contributions from a committee of 27 prominent Japanese business leaders and philanthropists to the work of the Near East Relief. The committee was organized two years ago by H. E. Coleman, special representative of the International Near East association, and its appeal for assistance to the Greek and Armenian refugees has had a wide popular support. Several members of the Japanese nobility have given their financial support, and Viscount Uchida, president of the Japan Wireless company, is serving as chairman of the committee. Viscount Uchida has "adopted" ten orphans in the American orphanage schools in Greece, and is paying for their support and education.
