NAME LOCAL MAN FOR STOCK EXCHANGE HEAD

R. Arthur Wood Nominated Unanimously and No Contest Is Expected, Report

R. Arthur Wood, 181 Belle avenue, Highland Park, was nominated Friday for president of the Chicago Stock Exchange. It is unlikely that there will be a contest, which means that the nomination is equivalent to election.

Mr. Wood, who, as president, will also become chairman of the board of governors, is one of the most popular of the floor traders, and his election means that the floor traders will gain an additional position on the board.

His nomination was unanimous, it is understood, and he will be able to devote almost all of his time to the exchange work, as his business affairs are in such condition as to allow him to do so.

All of these rumors of scandal have settled one thing definitely. Judge Landis is still the Mussolini of the sporting world.

MR. GAIL IN ANSWER TO QUESTIONS RAISED

cent additional as commission or otherwise. This method was adopted and followed by Mr. Smoot during many years and later by Mr. Mason.

Prior to 1913 the ordinance designating the duties of the city attorney did not require the city attorney to do the special assessments work and work for the board of local improvements as a part of his duties.

In 1913 this ordinance was amended to include all services rendered for the city and also all special assessment matters for the board of local improvements and this is still the provision of the city code.

The salary of Samuel S. Holmes, who succeeded me as city attorney and later as corporation counsel was increased until in 1924 it was \$2400 per year. He admits he was also allowed about \$14,000 extra pay in addition to his fixed salary since May 15, 1924.

It will be easily seen that there is a vast difference between receiving a fixed salary of \$1500 and a fixed salary of \$2400 and in addition thereto \$14,000 on a commission basis.

Mr. George A. Mason, candidate for re-election for city attorney in 1911, at which time the city attorney's salary of \$1500 was an issue, made the following statement in his campaign letter:

"My salary as city attorney was fixed at \$750.00 and has not been changed. My salary as attorney for the board of local improvements was fixed at \$250.00 and remained so until November 1910, when the board of local improvements increased it to \$750.00. In other words, I served the city for the first eighteen months of my term at the rate of \$1,000 per year. During the remaining six months of my term my salary will have been at the rate of \$1500 per year."

Had Mr. Mason been the successful candidate at that election he would have continued to receive \$1500 a year, but as I was the successful candidate, I received the \$1500 a year.

Now after a lapse of fourteen years Commissioner Card starts suit against me to recover \$1500 of this

salary and \$1000 interest on same.

If this suit against me is in the interest of the Highland Park taxpayers and not merely a cheap political by-play, why did he not start suit against Mr. Kenneth R. Smoot and Mr. George A. Mason, both of whom were my predecessors, both of whom had fixed salaries paid from exactly the same sources as my salary was paid. Mr. Smoot drew his salary for about twenty-four years and Mr. Mason drew his salary from 1909 to 1911.

Yours truly,
Ernest S. Gail.

BEAUTIFUL PROGRAM IS GIVEN TUESDAY

Nadame Sample and Miss Marian Roberts Delight Members of Woman's Club

A large number of people, both members of the Highland Park Woman's club and their guests, attended the spring musicale of the club on Tuesday, April 5th, and were well rewarded by a beautiful program, in charge of the music committee.

Madame Fanny Cole Sample, a soprano with a voice of a lovely clear quality sang with great expression the Mi Chiammo Mimì aria from La Bohème by Puccini and the aria from La Traviata, "Ah, Fors' E Lui" by Verdi.

Madame Sample is well known in Europe, especially in Italy, and her own beauty and charm was of the same kind.

Miss Marian Roberts played with great force and charm three Chopin numbers and her runs and trills and exquisite touch were beautifully brought out in the Debussy numbers "Gardens in the Rain," "The Girl with the Flaxen Hair" and "T Isle Joyeuse." She is a pupil of Alfred Cortot and spoken of in glowing terms by him.
