

**MRS. JOHN ROGERSON
PASSES AWAY MAR. 26**

**Funeral Services for Former
Resident Held Monday
at Rosehill**

Last Saturday, March 26, there passed away in Chicago an old-time citizen of Highland Park, Mrs. John A. Rogerson, at the home of her niece Miss Pitkin. The service took place at Rosehill chapel on Monday, March 28, and the interment was at Rosehill.

Mrs. Frances Rogerson was born in Chicago in 1851 and was married to Mr. Hobart Millen of Deerfield on November 2, 1869. In 1889 Mr. and Mrs. Millen moved to Highland Park from Deerfield and Mr. Millen died on May 22, 1903. In November, 1913, Mrs. Millen married the late John A. Rogerson who passed away on February 19, 1923. Since then Mrs. Rogerson had spent part of her time in Highland Park, but latterly had lived in Chicago.

Mrs. Rogerson was a woman of quiet and gentle personality who always exemplified the highest type of character. She was a member of the Highland Park Presbyterian church and active in its Dorcas society in former years. She was also a member of the Highland Park Woman's club. In this community Mrs. Rogerson had many friends who valued very much the peacefulness of her spirit and the loyalty of her friendship. She lived a life of goodness and beauty and has left her heritage in many hearts.

**"HIAWATHA" ENACTED
BY RAVINIA SCHOOL**

The children of the Ravinia school sang and played scenes from Cole-ridge-Taylor's "Hiawatha," Wednesday afternoon and Thursday evening of last week on a stage for which they had planned and made the scenery under the direction of Miss Stoddard, their art teacher. Mrs. Seymour directed the singing and the orchestra, and Miss Mavity, the dramatic action. The lighting effects, the flight of the wild geese across the

stage, and the falling of snow were achieved by the older boys under the direction of Mr. Capp, and the costumes were, for the most part, planned by the children, under the supervision of Miss Rood and Miss Reed.

The children were Indians for the time being, interpreting with sympathy and naturalness, the lives of Hiawatha's people.

Through the initiative of Mrs. Seymour the children's experience was further enriched by a branch of Mr. Leighton's trading post, which was established in the school library, and in which Mr. Bego, a real Navajo Indian assisted.

**Two New Parts in
DODGE BROTHERS MOTOR CAR
Tell Important Story**

NOTICE THESE TWO PICTURES

The small part is a new exhaust valve—now used on all Dodge engines. Also on all fine aeroplane engines. Made of alloy steel, containing silicon and chromium, it costs four times as much as the valve it replaces.

The other is Dodge Brothers new five-bearing crankshaft. Made of costly chrome vanadium steel. One of the finest shafts in any engine.

—EACH TELLS AN IMPORTANT STORY—

The small part typifies hundreds of similar refinements made by Dodge Brothers during the past two years... endless detailed improvements, never spoken of, rarely observed by the layman, but vitally important in their total effect on performance and dependability.

With the new crankshaft, many other major improvements could be listed. A new silent-type clutch. A new two-unit starting system. Smarter and stancher body design. Bright new colors. Comfort-tilt seats. New silent-type muffler. New steering ease. Softer pedal action. New air cleaner. Improved engine mounting. New design propeller shaft, differential, axle shafts... and many others.

Drive the car now! Experience its new zest and flexibility—marked ease of operation—pronounced comfort—and the striking new smoothness and silence of the motor at all speeds!
