FOREST WEEK TO BE OBSERVED IN APRIL. NATION-WIDE OBSERVANCE

Officially Designated by President Coolidge For This Purpose; Should Have Support

The week of April 24-30 has been officially designated for nation-wide observance as "American Forest Week" by President Coolidge, in a proclamation made public by the United States Department of Agriculture.

This year will mark the seventh annual observance of the Week, President Harding in 1921 having issued the first proclamation which brought the Federal Government behind the movement.

Needs Strong Support The President proclaimed the 1927 American Forest Week "in the belief that no other of our internal problems is of greater moment than the rehabilitation of our forests, now so hopefully begun but needing the strong support of our collective will and intelligence."

Timber Growing Agriculture would find in timber growing a strong ally, the President said, providing markets for farm produce and for surplus labor.

In making public the President's proclamation, Secretary of Agriculture Jardine pointed out that special significance is attached to the observance of the week in 1927 in view of the disastrous fire season through which the country passed last summer and the need for bringing home to the people of the nation the necessity for adequate protection of the forests.
