## LET'S GET DOWN TO FACTS

THE PEOPLE'S PARTY STAND FOR DEERFIELD'S ORDERLY GROWTH AND A BIGGER AND BETTER DEERFIELD

The present administration inherited a confused lot of mangled village records — debts, some of them 10 years old — no Village Credit — our first bonds had to be sold at a discount — uncollected water fees — \$189.00 in the water fund — no water in our mains — the only sewers we had were conversation — we owed attorneys' and engineers' fees — incurred by inexperienced and unbusinesslike administration — the only pavement we had was put in by the State — our streets were dark — and full of mud — IN 22 YEARS SINCE THE VILLAGE OF DEERFIELD WAS INCORPORATED, 20 PUBLIC IMPROVEMENTS WERE ENTERED INTO, OF WHICH ONLY TEN WERE COMPLETED. NO THOUGHT WAS GIVEN TO PROVIDE SOME ENTERTAINMENT OR SOME PLACE FOR THE CHILDREN TO GO — TO KEEP THEM OFF THE STREETS.

### Here Are The Facts

The Village Council is supposed to meet once a month. In two years this would be 24 meetings. THE PRESENT ADMINISTRATION IN THE TWO YEARS HAS HELD 60 COUNCIL MEETINGS. All open meetings to which THE PUBLIC ARE CORDIALLY INVITED.

**SOME WORK. THINK IT OVER.**

A complete set of records has been kept SHOWING ALL BUSINESS TRANSACTED BY THE VILLAGE, including an up-to-date accounting system. These records are modern and would be a credit to a large business organization.

All Village debts have been paid. OUR CREDIT IS 100%. Our bonds are selling a little above par.

Our system of books has already enabled us to retire a number of special assessments from numbers one to twenty-one. SOME OF THESE WERE TEN YEARS OLD.

This system has enabled us to save considerable interest by recalling bonds before their maturity on numbers 22 up to 44. THIS SAVING ALONE HAS MORE THAN PAID FOR ALL THE EXPENSES INCURRED.

**THINK IT OVER.**

Today we have plenty of water in the mains — NOT CONVERSATION. Compare the cost of our pump house, land, and pumps with another North Shore village, about half.

### Here Are The Facts

THINK IT OVER.

Compare our sewer system with any town or village of a population of 10,000. It is the best and cost less — why? Because we only act on the advice of our attorney, Judge Martin C. Decker of the Probate Court of Lake County. A man of acknowledged ability — above reproach — and who is elected WITHOUT OPPOSITION. Why? BECAUSE HE IS A MAN.

Furthermore, we employ only engineers acknowledged to be at the top of their profession — Consoer, Older & Quinlan — Mr. Older is on the advisory board of the road department of the State of Illinois.

Our opponents say they will discharge our attorney and engineers. Ask them to state who they will employ.

THINK IT OVER.

Our paving contracts HAVE ALL BEEN LET TO THE LOWEST BIDDER as well as the most responsible — all our contractors are bonded by only number one bonding companies. Our attorney and engineer see to that. Our contracts are all protected by maintenance bonds.

The State Engineering Department at Springfield insist that concrete paving less than 7 inches with 8 gauge wire will not hold up for any kind of heavy traffic. All ours are O.K.'d by the State.

Deerfield Road is being installed under the supervision of the State and questioning this pavement is questioning the State Authority.

Five-inch non-reinforced pavement, which some have asked for, WILL NOT STAND UP FOR THE LIFE OF THE BONDS. THINK IT OVER.

Shall a tax not exceeding two mills be levied each year on all taxable property in the Village of Deerfield, Lake County, Illinois, for the purpose of providing a fund for the maintenance or employment of a municipal band for musical purposes?

YES

NO

Our lighting system is the talk of the whole North Shore. ALL IMPROVEMENTS ARE INSTALLED ONLY ON PETITION OF PROPERTY OWNERS. The administration merely acts as the servant of the property owner to get him the best improvements at the LOWEST COST. Prove this to yourself by inquiring of other villages. Efficiency and Economy — our watchword. The present administration passed an ordinance providing a small tax toward the support of THE DEERFIELD PUBLIC LIBRARY — a place for the young people and children as well as the elders — to meet and read. The way the Library is being patronized by the young people alone is something for which every parent in Deerfield feels thankful. If you want Deerfield to continue to progress — property to advance in value — rapid and impartial enforcement of the zoning law — a business administration by experienced business men — a Village where life is worth while.
