

HIGH SCHOOL PAPER VOICES APPRECIATION

Praises Services of Members Educational Board; McBride New President

Mr. Geo. J. McBride was elected president of the Deerfield-Shields board of education at its recent organization meeting. Mr. Frank W. Read was chosen auditor and Miss Lillian Tucker, high school bookkeeper, secretary. Regarding the changes on the board the Shoreline, the high school paper pays the following tributes:

Mr. McBride during his five years on the board of education has been an enthusiast for Deerfield-Shields in all its activities. Especially has he been interested in its athletics, very seldom missing a game in the gym or on the new athletic field.

He has a son, Lyman, in school at the present time, and an older son, John, a senior at Amherst. John while at Deerfield-Shields was chief counselor. At Amherst he has the unique distinction of having been elected president of his class for four consecutive years.

Mr. McBride was urged by a large number of citizens to run for mayor, but he refused because he desired to give whatever leisure time he had to his duties on the board of education.

The retiring president, Mr. Wm. M. Reay, was a member of the board for six years, three of which he served as president.

During the entire time of his leadership every action of the board was unanimous. Mr. Reay gave a good deal of his time to the school and was very seldom absent from board meeting.

His judgment was unflinching excellent in matters, not only of a financial and business nature, but also educational. Mr. Reay believed in giving to the expert the largest possible measure of authority and responsibility.

While he was president, the splendid auditorium was built and the athletic field purchased and developed. A more liberal policy in regard to the salary of teachers and employment of only the most able was also inaugurated under him.

Deerfield-Shields owes much to Mr. Reay for his able handling of the presidency of the board of education.

Mr. Benson, the new member of the board of education, has two children in school and two who have been graduated.

He has always been sympathetically interested in school affairs and said when requested to become a candidate that if he could do anything to help the school he felt it his duty to do it.

COUNTY FARM MAY BE PROBLEM AGAIN

Report That Proposals to Dispose of It and Seek New Location Likely

One of the old problems, that has lasted with the board of supervisors, will probably be an issue again this year, it was stated by a prominent member of the board, according to the Waukegan Sun, which continues:

"With conditions at the county farm at Libertyville such that action is always deemed necessary it is believed that the board will make another effort to iron out the old difficulty of improper housing brought about by old buildings that are almost beyond use.

"The state has labeled the institution a fire trap and members of the board have not been satisfied with it for years. The management of the institution by Philo Burgess is more than can be expected but even with this taken into consideration the farm is not considered the best by the board although his efficiency is a big aid to them.

"One plan that will probably be advanced will be the combining of the Lake County General hospital and the poor farm. There are 18 acres at the county hospital and members have agreed that the farm could be located there where the county physician could keep constant watch over the old people."

CHOOSE VALEDICTORIAN OF H. S. SENIOR CLASS

Miss Frances Smigowski Wins This Honor; Miss Acomb Is Salutatorian

Because of her high standing and great number of A's throughout her four years in high school, the high school faculty has chosen Frances Smigowski valedictorian of the senior class, and Evelyn Acomb, as she had the second greatest number of A's, salutatorian.

To find each student's rating in the class the record of each one was looked up. For each A the student received 5 points, for each B, 4 points, for each C, 3 points, and for each D, 2 points, and the total number of points was divided by the number of subjects taken. The rating is figured so that when a college or university writes to the office asking for the student's standing in his class, the office knows at once the place which the student held.

Both the valedictorian and the salutatorian are chosen by the number of A's rather than by their average.

TAKES STEPS TOWARD INCREASE IN RATES

North Shore Line Wants Illinois Fares Same as Interstate Is Report

The Chicago North Shore and Milwaukee Railroad company has taken steps whereby it is endeavoring to increase its fare on all of its lines in Illinois from the present rate of 3 cents per mile to 3.6 cents per mile, says the Waukegan Sun, which explains: The three cents per mile was authorized by an order of the Interstate Commerce commission entered June 14, 1921.

The company, in its application as filed with the Illinois Commerce commission and also the Interstate Commerce commission, explains it is its desire "to remove the discrimination now existing as between the Interstate rate which since March 25, 1927, has been 3.6 cents per mile."

In case the Illinois Commerce commission and the Interstate Commerce commission authorize the change, the company will have the same rate for one-way travel in Illinois that now prevails for travel from points in Illinois to Wisconsin.

The North Shore in its present petition does not make any request for a change in rates on commutation tickets. The change therefore merely applies to the one-way fares.

JAW IS FRACTURED IN AUTO SMASHUP

Frank Lavardo of Highwood suffered a fracture of the jaw Thursday morning in an automobile crash, when a truck driven by Louis Gardini of Highwood, with whom Lavardo was riding, was struck at the corner of Ravine drive and Forest avenue by a Chrysler car driven by C. E. Murray, 360 Central avenue, according to report to the police. The truck was overturned. Gardini was not seriously hurt, and Murray escaped injury. Lavardo was taken to the hospital.

ANKLE IS SPRAINED WHEN CAR HITS TREE

Mrs. Smith of Lincoln avenue suffered a sprained ankle Thursday evening, when the Maxwell car she was driving hit a telephone pole on Ridge road, south of Deerfield road, the police report. She was given surgical attention at Dr. Roberts' office and taken home in the police car.

"Twas Homer who said, 'Hateful to me as the gates of Hades is he who hides one thing in his mind and speaks another.'"

The Duchess of York has taught English sailors to Charleston. "Great Britain makes the waves"—eh?

TWO CARS STOLEN. POLICE ARE TOLD

Clarence Lundgren of Highland Park reported to the police Sunday morning that his Nash roadster had been stolen the night before at Glenview.

A Ford sedan owned by E. J. Yore of Everett was stolen Saturday night from its parking place on Sheridan road, the police were informed.

POLICE PICK UP MAN FROM FORT HOSPITAL

A man giving the name of Corby from Fort Sheridan was picked up by the police early Sunday morning clad in light attire. It was reported that he had been riding about in cabs for some time; later the police learned the man had disappeared from the Fort hospital. He was returned there.

It is reported a New York doctor found one mother who was feeding her little boy milk because there was not a drop of gin in the house.

The hero season is at hand. Those tourists who run into traffic cops with their flivvers—and don't run.

The Milky Way to Health

"Drink our milk for surety. Purity means security. Healthy children drink—Santi's Selected."

For Distinctive Permanent Waving
Large, Deep, Natural Waves, Negresco's Pure Steam Process

Low as \$15

The elegance and beauty of a Permanent Wave is dependent on the artistic efficiency of the waver and not on any of the chemical processes or machines. Highly advertised machines, low prices and misleading promises are no assurance for a successful wave, neither are they any protection against burning, brittling and discoloring the hair. Discriminating people choose our house and are assured by the 30 years' experience of Mr. John Negresco, of receiving a wave that expresses elegance, youth, and beauty without the slightest injury to yourself or to your hair.

SERVICE is a Big Word Here

EACH Goodyear Tire we sell is correctly applied and correctly inflated.

RIMS are checked to make sure, there is no rust on them to rot flaps and ruin tubes.

VALVES are properly seated and air-tight.

INSPECTION — regular inspection — follows after the sale to keep your tires working efficiently.

CANNY tire buyers appreciate that this SERVICE means economy — economy in time and money.

ECONOMY is what you want and what you'll get when you buy here.

More People Ride on GOODYEAR TIRES Than Any Others

Monday, May 2nd, at 7:30 a.m., we will start our daily truck service from 97 South Water Market for the benefit of North Shore stores and clubs.
