new peaks of Speed, power and safety

What Hudson Did "Demonstration Week"

In addition to hundreds of new records for speed, power, acceleration, hill-climbing and inter-city reliability runs, during a nationwide "Demonstration Week", the Hudson Super-Six contributed these brilliant new marks in the local arena of motor supremacy:

Starting in high and climbing Ravine Hill, gaining speed all the way up

Demonstrated 75 honest miles per hour and the car hangs to the road more marvelously than you would ever expect. Did not dare put accelerator to the floor on the old Plank road or would have exceed this speed sure. Calumet 7100
