Let's Not Forget--Buy a Poppy

From beneath the poppies of Flanders Field the snowy white crosses on the Plains of France, and from Sacred Ground in Our Own Beloved Country comes a Message: "If you would keep faith with us remember the lads who are still paying the cost of your Peace, Prosperity and Happiness!"

So lets remember those brave heroes in our hospitals and at home, who are doomed to spend the rest of their days on their backs or on crutches—silently, uncomplainingly "Carrying On."
