

TRAINING CAMPS ARE RAPIDLY FILLING UP IN NUMBER APPLICATIONS

In States of This Region Total Nearing Quotas; Providing All Who Apply Attend Actual Camps

Thirty-eight hundred applications to attend the 1927 C. M. T. camps of Illinois, Michigan and Wisconsin have been received at Sixth Corps Area headquarters, Chicago, to date.

Just as soon as the warm weather of summer sets in, there will be a rush for enrollment, the experience of previous years indicate.

There is every reason to believe, the General stated, that the 1927 C. M. T. camps of the Sixth Corps area will be the most successful ever held in these states.

Another feature of great interest to students who excel in rifle shooting is that the War department has recently announced that a team of C. M. T. C. students will be sent to Camp Perry, Ohio, to compete with the best shots in the entire nation for suitable prizes.

Reports from all over the country," said General Lassiter, "indicate a much wider appreciation of the benefits to be derived from a month in camp as a C. M. T. C. student and it is very evident that many more applications will be received than can be accommodated in the camps this summer.
