Grammar School Notes

The children of the first, second and fourth grades with their teachers, Mrs. Christy Knaak, Miss Jane Nygard, and Mrs. M. Thormeyer, enjoyed a co-operative picnic at the school house Thursday. Games and story telling periods were planned by each teacher. A happy time was reported by all. The Netopew Camp Fire Girls served ice cream and pop to each child.

The teachers who received appointments to teach in the Deerfield grammar school for the coming school year are Miss Jane Nygard, Mrs. Christy Knaak, Mrs. N. Thormeyer, Miss Ethel Titus, Miss Evelyn Scheel and Miss Dorothy Lidgerwood.

Mr. Baites, the newly appointed principal, visited the school last week and met the teachers. Mr. Baites comes highly recommended and is a University of Chicago man. He will spend much time in Deerfield this summer outlining and planning the school program and work.

HIGH SCHOOL TEAM BASEBALL RESULTS

Defeat Maine and University High and Lose to Blue Island Nine

Coach Peel took the Deerfield-Shields baseball team over to Des Plaines last week to play the strong Maine high aggregation, a team which has previously given them a 7-0 whitewashing. The home crew returned with a 10-7 victory.

The blue and white boys came to life suddenly and cracked out fourteen safeties. Coach, who had defeated the Deerfield team before, was driven from the mound. Schultzel took up the pitching burden, and was shown little mercy.

For the second time this year, the Deerfield baseball team took the measure of the Waukegan nine, defeating them 6-2 last Thursday afternoon.

It was a weird game. Coach Peel's team collected only four bingles against eleven chalked up for the Waukeganites. Holger Wangman, rival pitching ace, held the local boys in check after the third inning.

University high, after taking a 1 to 0 defeat at the hands of Deerfield at Highland Park several weeks ago, got revenge last Friday when they won, also by a 1 to 0 score.

Tuesday, at Blue Island, Deerfield lost, 5 to 5.

A baseball season which has thus far been most successful will come to a close on Friday when the Deerfield athletes journey to Evanston for the final tilt. Blue Island will be the opposition today at Blue Island.

The hog callers are doing big stunts in calling their porkers, but the children callers do not seem equally successful around about bedtime.

RIGHT AIR PRESSURE ADDS LIFE TO TIRE

"If motorists would only realize the importance of keeping tires inflated to the correct pressure, they would get much greater mileage and have less trouble with their tires," according to local Firestone dealers.

"This is especially true of balloon tires, for when used with even four or five pounds less air than they should carry, the loss in tire life amounts to hundreds of miles. Every motorist should know the correct air pressure for his tires and can get this information from his dealer.

"We recommend having the air checked at least once a week. It is an easy matter to stop at our place and have one of the men check the air pressure and inflate the tires if air is needed.

"It will help in maintaining proper air pressure if the valve is always screwed down tight, the cap turned as far as it will go and a dust cap used to keep the valve in good condition."
