Announcing The Senior Line

A Remarkable New Six

By **DODGE BROTHERS**

A new line of Sixes by Dodge Brothers is presented to the public today. It has been rumored, and hoped, for years that Dodge Brothers would ultimately produce such a line — more refined and, of course, higher in cost than their present car.

The public felt, and with good reason, that if Dodge Brothers should ever build such a car, it would meet a wide demand and fill a genuine need.

To combine the sturdy worth of Dodge Brothers standard product with those refinements which greater cost permits, could not fail, it was conceded, to produce a motor car of unique distinction and fitness.

The Senior line is Dodge Brothers answer to this demand — and Dodge Brothers have answered well.

These are remarkable cars. Brilliantly vital and alive — surprisingly quiet — impressively smart. And built, like all Dodge Brothers motor cars, for years of dependable service.

A. G. McPherson, Inc.

are now prepared to show the new "SENIOR" and will gladly arrange demonstrations upon request
