**DEERFIELD GARDEN CLUB HAS MEETING**

AT MRS. TRUITT'S HOME

Interesting Session Held on June 22 and Pleasing Program Is Pleasing Feature of Afternoon

The regular meeting of the Deerfield Garden club was held at the home of Mrs. George L. Truitt, with Mrs. Rafferty as assistant hostess on Wednesday, June 22.

The business meeting included a report from Mrs. C. C. Brackett, Mrs. William Galloway and Mrs. R. W. Farmer, who were judges for the Tribune contest; the election of Mrs. Julian Smith to membership in the club and a reminder to club members that the Flower and Fruit Guild is depending on Deerfield for flowers to be distributed among the sick at Cook county hospital the five Fridays in July. Anyone who is interested in having a share in this good Mrs. C. W. Boyle or Mrs. C. E. Piper on Thursday evenings, not only this month but throughout the summer.

The program was most interesting. Mrs. James Hood gave a paper on "Roses" which contained complete instructions on growing roses successfully. She discussed the varieties, the enemies and the protection of the beautiful but delicate flower. The paper contained so much ready information for either an experienced or inexperienced rose grower that Mrs. Hood was asked to have it typed and put in the library where every one could make use of it.

A very entertaining variation to the program was furnished by some members of the North Shore Music society. Mrs. Dorothy Cordts sang several selections one of which was composed by her accompanist, Mrs. Copthorne.

The monthly flower shows are proving very successful. A large number of blooms were on exhibit and ribbons were awarded. The flowers were afterward taken to Chicago to be distributed by the Flower and Fruit Guild.

**LEGION CARNIVAL IS GREAT SUCCESS**

HELD SATURDAY EVENING

Large Attendance and Plenty of Entertainment Features; Post Clears Neat Sum from Affair

The members of the Deerfield American Legion Post No. 738, who are rapidly obtaining a reputation for their ability to provide entertainment, were the recipients of many compliments on the complete success of their second annual carnival held on Saturday evening on the new pavement on Deerfield ave., in front of the Zeiss block.

A neat sum was realized for the use of the post in its philanthropic work among ex-service men.

While torrid weather, ideal for out door affairs, opened the carnival near freezing concluded it. However, in spite of this condition a large crowd of pleasure seekers eager to enjoy the amusement provided for them gathered. A delightful program of music by the Deerfield band was the chief attraction in the afternoon. The street was hung with many vari-colored lights while colorful bunting decorated the concession booths.

The dance attracted a large number of young people and peppy music was furnished by the Crazy Cat orchestra.

A plentiful supply of cool and refreshing drinks of all kinds was on hand throughout the afternoon while piping hot coffee and sandwiches were in abundance in the evening.

The principal prizes, a light six Buick sedan, given away at the close of the carnival was awarded to Harry member of the Deerfield band; the hundred piece set of dishes was won by Mrs. S. M. Gooder of Deerfield ave., Deerfield. In addition there was an especially interesting and attractive collection of other prizes given away too numerous to mention.

The members of the post are indeed grateful for the fine support given by the public and the splendid co-operation of all who assisted in making the carnival the success it was.

**The Des Plaines**

Stiff and still on the oak's low bough  
The heron watches the mud,  
Kingfishers rattle their noisy row  
Aslant the reedy flood.

A woodchuck halts at his root-bound hole,  
Surveying the marshy creek,  
Where minnies run from the river's toll  
And strong pursue the weak.

Glinting, the trail of the upstream breeze  
Kindles the lush green shore,  
The stalwart dark of the waiting trees  
Mysterious hides their lore.

Beyond the bending river's flow  
Frank in the stare of the sun,  
Level and open the oat fields glow,  
From ancient prairie won.

Where tassels meet the lifting sky  
A human river flows,  
Swiftly the motor dragons fly  
On the road the city knows.

Its strands are marked above the grain  
By roofs of beast and man  
That hold their life in joy and pain,  
To end where they begin.

Floating o'er the river and road  
Aery hawks spy all,  
Both man's and bird's and beast's abode,  
The great that eat the small.

Who thinks that nature's made for men  
Hears not the river's life  
That calls from every woody den  
Of share in peace and strife.

EVERETT L. MILLARD.

**FLAG ASSOCIATION BRANCH OPENS HERE**

What It Represents and Aims of Organization Explained in Detail

The United States Flag association is offering to every American citizen the opportunity to help in its great work, which is best explained in its aims. "To foster reverence for the Flag of the United States and to combat all influences, conditions, and forces hostile to the Ideals, Traditions, Principles and Institutions for which that Flag stands."

This year, 1927, marks the 150th anniversary of the adoption of the Flag, and it is to be commemorated by forming Living Flags, each one consisting of sixty-three American citizens—one representing the Flag-staff, one the Blue Field, thirteen the Stripes, and forty-eight the stars, thus humanly typifying the Flag of the United States.

An American citizen is entitled to a place in the Living Flag which the American Legion Auxiliary Post No. 738 is forming by contributing a life membership, \$1.00, to the United States Flag Association. These memberships (63 to each living Flag) are placed in a permanent fund, the interest of which is used in the work of the association.

A Junior Living Flag, for children under eighteen years of age, is also being formed, at a cost of \$25 per membership. The formation of a Junior Flag is identical with that of an Adult Flag except in the cost of the membership.

Upon paying the membership, a certificate is presented to the member, and insignia and pamphlets containing the Flag Code can be purchased, if desired, at additional cost.

Anyone desiring further information, or caring to have a part in this truly great work, is asked to see or telephone Mrs. William A. Tennermann, 124-R, who is handling this work on behalf of the American Legion Auxiliary. Joseph Andrews, a Boy Scout, is assisting Mrs. Tennermann in the work of forming the Junior Flag and will be glad to have the children communicate with him.

The United States Flag association is endorsed by President Calvin Coolidge, who serves the association as Honorary President, Elihu Root being the acting president. It is also endorsed by Bessie Stuart Smith, Department president of the American Legion Auxiliary, as well as by countless other people who are interested in the welfare of our country.

**FINAL DATE FOR WAR INSURANCE BENEFITS**

The American Legion wishes to warn all ex-service men that the final date for reinstating or converting war risk insurance is July 2, 1927. This insurance cannot be equalled by other insurance companies for the same amount of money and every ex-service man owes it to himself, his family and his community to reinstate as much as possible of this insurance before it is too late.

The Associations of Insurance Presidents made up of the presidents of the largest insurance companies have endorsed this insurance and recommend that every man eligible take advantage of the provision of the law. For detailed information inquire of the local American Legion Post, State Headquarters of the American Legion, 160 North LaSalle street, or to the United States Veterans' Bur-

eau office, 111 North Canal street, Chicago. The zero hour is midnight, July 1.
