Miss Theresa Klempe, a daughter of Mr. and Mrs. John Klempe Sr., was married to Henry Petersen, chief of police in Deerfield, on Wednesday, June 22, at four o'clock at the home of the bride's parents on Fair Oaks avenue.

Large beautiful bouquets of peonies and roses filled the home while ferns and palms formed a lovely background for the ceremony which was read by the Rev. W. J. Ryan, pastor of the Holy Cross church.

The bride wore a gown of white georgette and carried a shower bouquet of white roses and lilies of the valley. Miss Catherine Fitzgerald, the maid of honor, wore pale pink georgette and her flowers were pink roses. William Petersen, brother of the groom, served as best man.

A wedding dinner for the forty guests followed the ceremony. Early in the evening the bridal couple departed for a motor trip thru Wisconsin. Mr. and Mrs. Petersen will be at home after July 15 at an apartment on Hazel avenue.

O. E. S. CELEBRATES TWO ANNIVERSARIES

Birthdays of Worthy Matron and Worthy Patron Observed by Chapter

The Deerfield chapter O.E.S. No. 940, at its regular monthly meeting on Thursday evening, celebrated the birthday anniversary of its worthy matron, Ruth M. Frase, and worthy patron, William Barrett. The associate matron, Mrs. C. Steiner, presented Mrs. Frase with a beautiful silk umbrella and Mr. Barrett with lovely gold cuff links, which were gifts from the officers of the chapter.

Following the meeting, delicious refreshments were served in the dining room and the tables were attractively decorated in pink and white having a beautiful birthday cake in the center.

Cards and bunco concluded a most enjoyable evening.

LEGION CARNIVAL TO OPEN JUNE 25

Members of Local Post Busy Preparing for Second Annual Affair

To the lively strains of the Deerfield Municipal band, the local American Legion Post will open their second annual street carnival and dance on Saturday, June 25th.

The Legionnaires are putting forth every effort to make the affair the biggest and best of the season.

Be sure to get a chance on the beautiful car which will be given away. There are only a few tickets left.

The carnival will be held on the new pavement in front of the Zeiss block.

The Deerfield American Legion Auxiliary will have charge of the refreshments at the carnival on Saturday, June 25th. All members are urged to volunteer their services and to notify the president, Mrs. Bowman at what time it will be the most convenient for her to serve.

TRAFFIC CONTROL SYSTEM INSTALLED

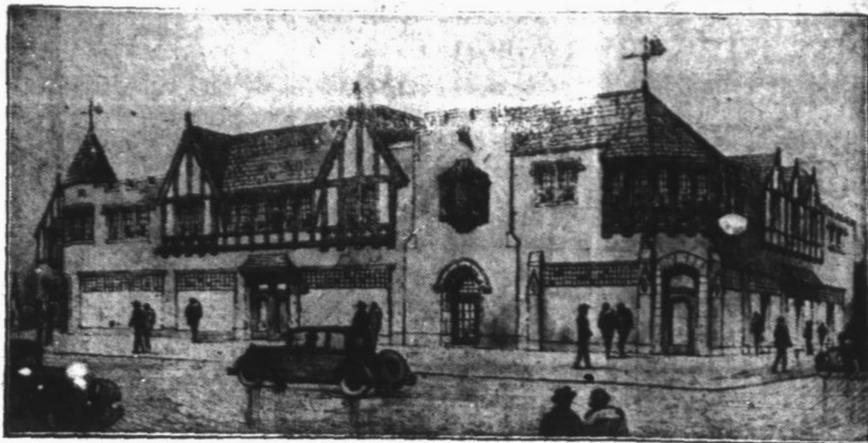

Mayor and Village Board Are Commended for Selection of Type Used

The mayor of Deerfield and village board should be highly commended on their selection of such an appropriate traffic control system, which was successfully tried out for the first time on Saturday on the corner of Deerfield and Waukegan road. This corner, being the intersection of two main highways required a traffic officer most of the time and always on Saturdays and Sundays when a continued line of cars go to and from the lakes. No doubt this will release any further traffic congestion and will number among the many recent improvements in Deerfield.

LADIES' AID HOLDS PARTY TONIGHT

The Ladies' Aid of the Zion Lutheran church are going to have a bunco party tonight, Thursday, at the church. There will be refreshments and a good time is promised to all those who attend. The public is cordially invited to be present.

The Father of Waters doesn't seem to behave much better than some other parents when he gets full.—The Kansas City Star.

The above shows that it isn't necessary for suburbs to be disfigured with the usual two-story packing box edifices which line the main streets of most of Chicago's outlying towns. This attractive structure is to be erected by Harry J. Luebke of Glencoe at the northeast corner of Roger Williams and St. Johns avenues in Ravinia, Highland Park, from plans by Fred E. Gotterdam. It will have a frontage of 102 feet on St. Johns avenue. Work is scheduled to start within ninety days. Gilbert D. Johnson & Bro. and W. G. Stacey & Co. were brokers in the site purchase.

BLIND WOMAN LEADS IN RAG RUG MAKING

Mrs. Alice Snowden of Florida Makes Living and Teaches Others Art

She has been blind for 19 years. About six years ago, when she was very much in need of both occupation and remunerative manual employment one of her friends suggested that she try rag rug making. The friend got her the rags and started her on the work. She has been so successful that she was invited recently to address a group of home demonstration agents and give a talk on her work. Her name is Mrs. Alice Snowden, Alachua County, Fla.

She told them how helpful her friends had been in the one part of her work she could not do for herself—in dyeing the rags so as to have different bright colors. After the rags are dyed she keeps the colors separate, putting, perhaps, the red ones in a basket, the white ones in a bag, and the black ones in a box. She can cut out the strips herself, using the first finger of her left hand as a guide for the width, putting the edge of the cloth between her fingers and bringing the scissors to the end of the finger each time. This keeps the strip the same width. She can tell by the weight or feeling of the braid as she makes it whether or not to add more strips.

Round rugs, she said, are easier for her to make than oval ones, for the braids merely have to be sewed round and round. On the oval rugs, since she can not see when she comes to the place where she ought to turn, she sews strings on the four curves to guide her. In making a hit-or-miss pattern she simply mixes all colored strips up with her hands in one pile and then begins work. When a rug is finished it is laid flat on the floor, dampened slightly, and then a heavy board is laid on top of it to press it flat.

Through her rug-making work Mrs. Snowden has found both employment for her time and a source of income. She adds that it has also brought her many friends, and that she is glad to impart whatever she knows about the art to home demonstration groups who wish to learn rug making.

COOLIDGE PLANNING MORE FARM RELIEF

Seeks to Further Liberalize the Credit for Farmers, is Latest Report

Those who have interpreted the President's veto of the McNary-Haugen bill as his official closing of farm relief chapter are quite a little bit short of the mark, if the signs current here are being properly interpreted. Already the President has advised Eugene Meyer, Jr., the new commissioner of the Federal Farm Loan Bank, that in the reorganization of those activities now being conducted, that his primary desire is for the development of a plan for the liberalization of farm credits. The recent speech of Secretary of Agriculture Jardine in Kansas, which in many important passages departed largely from the text which had been given out (the deviations or additions being in the nature of rather definite promises of federal aid) is understood also as having been approved by the President. Visitors from the farm regions who reached the White House, report that Mr. Coolidge is persistent in his questionings as to the trend of farm conditions and what can be done to aid. No one as yet ventured to suggest that the administration will abandon its opposition to price fixing, but it is a fair conclusion that Mr. Coolidge is hoping to present a definite program himself.

WE'VE SEEN 'EM

He sat at the lunch counter in a cafeteria. He glanced at his watch. Only ten minutes to make that class. He'd have to hurry. He gulped down a sandwich and glass of milk and then pointing to a pie at the back of the counter, said:

"I'll have a piece of that blackberry pie."

"That ain't blackberry," said the waitress, as she drove off the flies, "it's custard."
