DEERFIELD GIRL IN SUCCESSFUL RECITAL

MISS HUEHL, FINE SOPRANO

Sings Several Selections Effectively in Lyon & Healy Studio Last Week; Is Well Received

Selma Gogg Hummel, dramatic soprano and voice teacher of Chicago, presented her artist pupil, Miss Barbara Huehl of Deerfield, Ill., in a recital at her Lyon and Healy studio, Wednesday evening, June 29. The young vocalist gave evidence of excellent training and her songs served to show her voice to excellent advantage.

"The Birthday" by Woodman was interpreted with keen appreciation of the text and demonstrated the wide range of the singer's voice. Miss Huehl sang "The Last Hour" by Kramer with appealing quality and a tenderness that brought tears to the eyes of her listeners. "The Valley of Laughter" by Sanderson classed Miss Huehl's group and was sung with brilliant tone and finesse and deserved the enthusiastic response which it received.

The progress of this talented and gifted young soprano is nothing short of remarkable.

STATE'S ATTORNEY SMITH IS TAKEN ILL

Reactions from the \$100,000 embezzlement of county treasury funds reached a furious climax Saturday when State's Attorney Smith was stricken with indigestion. Treasurer Roy Bracher was bound to the grand jury, the wife of Auditor Sam Sims, a principal witness, became violently ill, and all other cases were continued by Justice Hervey Coulson.

Bracher came in two days ahead of the date for his hearing and waived preliminary examination. His bonds were fixed at \$10,000.

Col. Smith was stricken with acute indigestion in Chicago Friday afternoon and was rushed to his home where he was placed under the care of Dr. Luther Osgood, of the Lake County Clinic.

"He will be in bed for two days at least. It is nothing serious. There is intestinal trouble that was probably started by the intense heat," the doctor declared.

The prosecutor has been in poor health for several weeks. The work has piled up and the two shortages, George Bairstow's and Roy Bracher's, dealt him a blow hard to recover from.

GREATEST FISH CONTEST EVER STAGED

\$10,000 IN PRIZES WILL BE AWARDED

Hunter's Sport Shop, official bookers of entries in the great National Bass Contest ending August 31st, state that all details of this great fishing event have been completed.

The United States has been separated into 20 different sections and each locality in all of these sections will stage its own local contest occurring at the same time as the sectional contests and as the national contest. National publicity in leading sporting magazines is arousing great enthusiasm for this event, and in all probability many records for single bass and strings of bass will be broken.

The chief features of this contest are that everyone is eligible; the event is entirely free; any kind of tackle may be used and any stream or lake may be fished. It is only necessary that contestants use a certain type of bait known as the Shakespeare "SWIMMING MOUSE" — a bait that has been selected because of its ability to get the fish.

The Shakespeare "SWIMMING MOUSE" is a very effective bait and has already established worthy records in the taking of game fish. Any angler who does not already possess this lure may borrow one free of charge from Hunter's Sport Shop, who have a limited supply of the "SWIMMING MOUSE" for free loan purposes.

National prizes are as follows: \$100.00 in gold for biggest bass caught North of the Mason-Dixon Line.

\$100.00 in gold for biggest bass caught South of the Mason-Dixon Line.

\$50.00 in gold for best catch of bass (not to exceed 5 fish in a group).

\$30.00 in gold for best photo of catch of bass (not to exceed 5 fish in a group).

\$20.00 in gold for best photo of single bass.

Sectional prizes are as follows: (5 Prizes in Each of 20 Sections of U. S. A.—100 Sectional Prizes in all).

\$10.00 in Fishing Tackle for largest individual bass caught in each section.

\$7.50 in Fishing Tackle for the best catch of bass in each section. (Not more than 5 fish in a group.)

\$7.50 in Fishing Tackle for the best fish photograph submitted in each section.

\$5.00 in Fishing Tackle to the woman in each section catching the largest bass.

\$5.00 in Fishing Tackle to the boy or girl in each section, under 16 years of age who catches the largest fish of any kind.

A \$20 GOLD PIECE will be awarded by Hunter's Sport Shop to the local fisherman who brings in the largest game fish, caught with any bait. All entries must be weighed here.

He said that men are at work making dirt shoulders on Green Bay road and that if automobile drivers make a practice of traveling at a high rate of speed and endangering the lives of workmen, it will be necessary to close the road until the shoulders are completed.
