WURLITZER
Grand Pianos

TWO-HUNDRED year quality in the Wurlitzer, world's finest small grand piano, means that Wurlitzer musical craftsmanship dates back that far.

Lowest direct factory prices because nothing is added for professional endorsement.

"Take This Time-Worn Late Away"

Interest in music at low ebb? Is playing a chore and practicing new numbers downright labor? Consider the words that fell from the golden pen of Thomas Moore:

"If thou wouldst have me sing and play
As once I played and sung
First take this time-worn late away
And bring me one freshly strung."

There's something mighty inspiring about a few horns. Perhaps it is the tonic you need. Perhaps that youngster of yours will take a new hold on music if you give him a real horn to help along. And now that you are past the experimental stage in music, you'll be wanting that next instrument to be a bit finer than any that have gone before. Right, isn't it? Come in and examine our instruments.
