

Deerfield Local News

Mrs. William Galloway, a representative from the Deerfield Garden club was among the sixty judges in the Tribune home flower garden contest of Miss Rosa Siefert of Deer-Drake hotel on Thursday and made final arrangements for awarding prizes for the late summer gardens. A very pretty wedding which took place in the Holy Cross church at high noon on Sunday, Aug. 14, was that of Miss Rosa Siefert of Deerfield to Mr. Alfred Denzel of Highland Park. The ceremony which was most impressive was read by the Rev. W. J. Ryan, pastor of the church. Gorgeous bouquets made up of baby's breath, larkspur and phlox entwined with asparagus fern decorated the altars while bouquets of baby's breath and phlox tied with taffeta bows marked the pew ends. The bride approached the altar with her brother, Mr. Christ Siefert, who gave her in marriage. She looked very sweet in a simple gown of white georgette, carrying a bouquet of roses and lilies of the valley. Her snowy trailing veil was carried by two small nieces of the bride, Mimi and Anna Louise Reeb, who were frocked alike in shades of orchid. Miss Gretel Siefert of Ravinia, sister of the bride, the maid of honor, wore peach colored georgette, and the bridesmaid, Miss Hermine Denzel of Highland Park, sister of the groom, wore green colored georgette. Their picture hats were of shades of pale green Neapolitan straw. They carried bouquets of roses and daisies. While tiny Caroline Siefert, niece of the bride, in a peach colored frock, carried a basket of bright fragrant blooms acted as flower girl. Mr. Louis Denzel, brother of the groom was best man. During the ceremony Mrs. Vincent Silveri, a sister of the bride, beautifully sang the "Bridal Song" from Lohengrin and "Oh Promise Me," by De Koven, with Mr. Eugene Ender accompanying at the organ. Following the ceremony there was a reception at the home of Mr. and Mrs. Vincent Silveri on Deerfield avenue, and a wedding dinner, served to fifty guests including immediate relatives and a few friends of the bride couple. Early in the evening the young couple departed for a short honeymoon in the east. Upon their return they will be at home to their friends after September 15 at Miss Woodman's apartment on Waukegan.

Mr. and Mrs. Collins entertained friends from Lake Forest, Monday evening.

Mrs. Garrity spent last week with her cousin, Mrs. Blaha of Waukegan, at Gages Lake.

On account of the Barrington Camp meeting which will open Friday, Aug. 19, and continue until August 29, there will be no morning or evening church services during

low church. All members are urged to attend the camp meeting at Barrington.

Call Highland Park 3090 for prompt service in sharpening lawn mowers. Latest machinery used to hone blades to correct cutting edge.

LOCAL FIRM INSTALLS ELECTRICAL APPARATUS

A seven hundred dollar electrical testing machine, the same type of machine on a smaller scale that is used in the government Bureau of Standards at Washington, D. C., has been installed by the Motor Car Electric service, operated by C. R. McClure and L. A. Wahl at 11 South Second street. The new machine is an elaborate yet, to the electrician, simple arrangement for the accurate testing of any kind of electrical equipment used on a motor car. It will enable McClure and Wahl to give their large list of customers accurate and timely service on conditioning cars before their tours, so popular among motorists at present.

Harmony in Gardening

The style of landscaping, which fits one garden will be entirely wrong for another. A scientific gardener understands this — and through his knowledge makes the most of every garden. May we apply these principles of harmony to your garden?

The Forward Look

TOMORROW'S telephone requirements must be foreseen today; the service of the future must be provided for in the present. In the America of tomorrow new industries will develop, trade will increase, residential sections will replace the vacant areas of today. There must be new telephone buildings and switchboards; millions of miles of new wire and cable; yet a larger army of men and women to build and operate the ever increasing facilities; more and more trained executives to manage and direct.

It costs about \$385,000,000 a year to keep ahead of America's demand for telephone service. If this vast sum is to be spent wisely and efficiently, future demands must be forecast with as much precision as is humanly possible so that materials, money, manpower will not be lacking when the need comes. Only through the forward look is the telephone kept ready to meet the growing demands of a growing nation.
