Refunds of 2-cent gasoline tax to farmers who claim use of the fuel for agricultural machinery will not be made until the latter part of September.

Albert Haggerty, of Libertyville, won the University of Chicago scholarship for his efficiency at the C. M. T. C. camp closed at Fort Sheridan last week.

Joe Hironimus, charged with threatening a Round Lake store-keeper with a shotgun, was released from the county jail on bonds.

Mrs. Marie Elizabeth Harres, aged 39 years, residing on a farm four miles west of Mundelein died last week after she had given birth to twin daughters.

Mrs. Catherine Fox, 81, widow of the late John Fox, and widely known among the county pioneers, died at the home of her daughter, Mrs. Kate Jarnigo, in Salem, Wis., last week, after a long illness.

World war veterans of Lake county who reinstated government insurance and paid only the premium for July are now urged to send their August premium even though they have not as yet received their policies.

Owners of hundreds of dogs in Waukegan who last year escaped payment of the yearly tax rate are not so fortunate this year. Already the sale of dog licenses amounts to \$2,950, as compared to \$770 collected last year.

A plan that will provide a solemn and lasting memorial to the memory of the veterans of the Civil war, is being discussed and considered by members of the Homer Dahring Post of the American Legion at Waukegan, and while nothing definite has yet been completed, the plan is ordered kept on the records of the Legion to be taken up at some future time.

John Horan residing at 702 Ashbury street, Evanston, cuts and bruises when his automobile leaving the pavement on Milwaukee road south of Libertyville overturned in the ditch last week.

**TO MOUNT ANTLERS IN VILLAGE HALL**

**Those of Last Deer Shot in Winnetka To Be Given to Community**

The village of Winnetka is soon to receive as a gift from Carl Miller a pair of deer antlers, taken, it is said, from the last deer that was shot within the borders of the village.

The antlers are now in the possession of Mr. Miller, of 1500-1502 Willow road. He purchased them last winter from a family now residing in Wilmette, former residents of Winnetka, and learns, he says, that they were taken from a deer slain by the late Joseph Sherlock, who formerly lived at the northwest corner of Sheridan road and Elm street.

The animal was killed further north on Sheridan road, in the vicinity of the water tower, many years ago. The old antlers are in a good state of preservation, and Mr. Miller says many people have tried to buy them, but he feels that, owing to their value from an historical point of view, they should be the property of the village.

Accordingly, they are soon to be presented to Winnetka, to have a place in the new Village hall, overlooking no doubt, the large oil painting by the well known artist, Allan Philbrick, portraying the growth of Winnetka, from the days of the Indian before civilization, in its onward march, came to make of this one of the garden spots of the earth.

**TWO GIRLS INJURED IN AUTO ACCIDENT**

**Gurnee and Waukegan Young Women Hurt In Crash on Gurnee Road**

Two young women were injured when an automobile in which they were riding crashed into another car on Grand avenue road near Dilly road west of Gurnee last week.

The injured were: Miss Margaret Clark, aged 21 years of Gurnee who suffered scalp wounds and a bad cut over her left eye besides bruises about the body, and Miss Evelyn Graham aged 18 years of Waukegan, who sustained a fractured rib and severe contusions about the body. The injured girls are cousins.

The two were riding in a Ford coupe belonging to Earl Clark, a brother of Miss Margaret Clark. The automobile which collided with it was driven by Mrs. A. Paulson of Fox Lake who escaped with minor bruises. Both of the young women were removed to the Lake County hospital where the injuries were treated.

**INFANT MORTALITY IN LAKE COUNTY**

**Records for 1926 Are Given Out by State Health Authorities; Other Counties**

In Lake county during the year 1926 there were 1,476 births with a birth rate per thousand population of 18.94. During the year 89 babies under one year of age died. The death rate per 1,000 reported live births is but 60.29 per cent.

The state report is by counties and takes in only cities of 10,000 population or more.

According to the state report the mortality of infants is less in the larger municipalities, on the whole, than in the smaller villages and rural districts. The infant deaths per 1000 births were 70.4 in the cities of 10,000 or more people, exclusive of Chicago, while for the remainder of the state the rate was 72.1. If Chicago were included with the larger municipalities the favorable difference for the city born child would be even greater.

The presence of public health nurses in the larger cities is given much credit in the report for the lower mortality rates. It is pointed out that more nurses per 1,000 babies are active in the cities than in villages and country districts.

**RAISE SALARIES OF GLENCOE CITY HELP**

**Pay of Employees of Town Is Boosted Last Week and Is Appreciated**

Village employees including three in the offices at the village hall, one in the building department, members of the police department, the fire department, and the water department were made glad by the action of the village board at its meeting last night in granting an increase in their salaries. Twenty employees are affected by the action of the board, the increases ranging from \$5 to \$25 per month.

In announcing the recommendation for the increase, Trustee A. B. Smith, of the finance committee, said the proposed raise, in some instances was not nearly as much as the committee would like to make, but after going over the village finances carefully it is all that can be done at this time.

**LAKE COUNTY CROPS SHOW BIG DECREASE**

**FIGURES FOR YEAR GIVEN**

**Twelve Main Products Shown to Be About Hundred Thousand Lower in Value in Year Past**

The gross value of the twelve main crops of Illinois decreased about a hundred thousand dollars in Lake county last year, it was shown last week when A. J. Surratt, agricultural statistician, made public figures on the latest Illinois crop report.

The total valuation of the more important crops in Lake county dropped from \$3,121,500 in 1925 to \$3,051,000 last year the report shows.

**Corn in Big Slump**  
The biggest slump in the county's total crop being valued at \$1,298,200 fell from \$914,400 in 1925 to \$673,728 last year. Winter wheat also suffered a slight decrease in the county last year, the report shows while the total value of the Lake county oat crop went up from \$509,750 to \$523,360.

Tame hay also showed increased valuation in the county in 1926, the total crop being value at \$1,298,200 against \$1,156,330 during the preceding year. Both Boone and McHenry counties showed decreased crop valuations for 1926, the former's total dropping from \$2,060,000 in 1925 to \$2,302,500 last year and the latter's total crop valuation last year being \$5,289,800 against \$5,969,700 during the previous year.

**Livestock Values Less**  
The total value of livestock on Lake county farms this year is less than it was in 1926, the report shows. On January 1 the gross value of all livestock in the county was \$2,524,100 against \$2,695,300 in 1926.

Boone and McHenry counties both showed gains in total livestock value this year, the former's total going from \$2,792,700 in 1926 to \$2,808,800 this year and the latter having a gross farm value of \$5,635,000 for its livestock last year compared with \$5,604,600 in 1925.

The total gross farm value of the more important Illinois crops produced during the 1926 season was \$372,849,000 a decrease of about 15.5 per cent or \$68,000,000 from the 1925 total of \$447,849,000. Most of the decreased value came in corn, winter wheat, oats, broom corn and apples, whose combined decreased valuation was \$3,000,000. Rye, wheat, barley, rye, and tame hay show slightly higher valuations than in 1925.

As usual, corn leads all other Illinois crops in value, being estimated at \$175,263,000 or 47 per cent of the total value of all crops. Tame hay is second, at \$58,640,000; winter wheat, third, at \$47,499,000, and oats, fourth at \$43,231,000.

**WILMETTE JUDGE IS CHAMPION FISHERMAN**

**Lands Largest Muskie Caught in Wisconsin This Season Is Report**

Judge Ira Ryner, 1415 Hill street, Wilmette, has achieved distinction other than that attaching to his August position on the Circuit bench, the newest laurels having been attained in the role of angler extraordinary. Here's how it all came about.

The judge, while fishing more or less leisurely near the Jack Pine cottage at Big St. Germaine Lake, Wis., hooked a muskellunge, weight, 41 pounds, dimension 51 inches long and 23 inches in circumference, the biggest muskie to be hauled out of a Wisconsin lake this season.

**FATHER OF GLENCOE MAN DIES IN CHICAGO**

James G. Cinnin of 5230 Greenwood avenue, Chicago, father of Brig. Gen. John V. Cinnin, retired, of Glencoe, died last week at the Illinois Central hospital. He was 74 years old and had been a resident of Chicago since 1878.

Mr. Cinnin was a native of Huntley, Ill. He is survived by a widow, Mrs. Jennie Daugherty Cinnin, six sons and three daughters. Mr. and Mrs. Cinnin celebrated their golden wedding anniversary in 1924. For many years Mr. Cinnin conducted a milk business on Chicago's south side. Funeral services were held at St. Thomas the Apostle church, Chicago, last Wednesday.

**WAUKEGAN PLANS TO REVISE BUILDING CODE**

Revision or possibly complete abandonment of the present building code of the city of Waukegan which has been found inadequate is planned by the city building department. An extensive code designed to meet the needs of the city for many years to come is to be drafted for approval of the city council in the near future.
