For nearly four decades, the Laegeler Pharmacy has grown, its needs have increased and we have at all times been just a little ahead of the requirements of our patrons. And so, in time, we outgrew our old quarters, and we have which our new store will be located. This new Store is large and airy, the fixtures in it and expense has been spared to make it both attractive and a city.

The building itself, we believe, should add an attraction. Under the leadership of Albert Olson, general contractor. Mr. Olson and the firms, whose names you know, the best of materials were used, and that the work was done. Besides the Laegeler Pharmacy there will be another suites of offices on the second.

We cordially invite you to drop in and inspect the building. We are sure that you will approve of them both.

We expect to be open for business in
