NOW it costs so little to enjoy oil heating

THE Silent Automatic oil burner sets a new standard of heating efficiency for the whole industry—

—it is so silent that it cannot be heard in a room directly above your heating plant—

—and it sells for \$395—the lowest price in history for a burner of one size, at one price, which will heat any home from a cottage to a mansion.

That is why we say—"Now it costs so little to enjoy oil heating." For this price is revolutionary among other good oil burners. Before you buy a ton of coal, visit our display room. See the Silent Automatic in operation there. Ask about the convenient terms.

There is only one "Silent"
