BLUE TRIANGLE IS ABROAD THIS WEEK

ANNUAL "Y" CAMPAIGN ON

Good Progress Reported So Far and Workers Busy; Lunches Daily; List of Teams

The Blue Triangle is abroad in Highland Park this week. The clever blue folders, in the shape of a triangle sent out by the campaign committee of the Y. W. C. A. were received through the mail on Saturday morning. And the message on the outside triangle is for everyone in Highland Park. Your Y, as it unfolds, you read, "Your Willing Contribution Advances Our Work."

On Monday evening a dinner was given under the able chairmanship of Mrs. Nason, at the association for the workers. It proved to be a most enjoyable affair.

Secretary Talks
Miss McQuillen gave a talk on "Dreams" for Highland Park Y. W. C. A. The various clubs and activities that she is planning will not leave a single girl in this community without the opportunity for a better and happier time this year. Mrs. Sanford spoke on, "Why a Y. W. C. A. in Highland Park." She made a brief summary of the number of girls just in Highland Park, not mentioning the adjoining communities to which the association is open and available, and found over 1200 girls, employed, and in high school and grade schools whom would find much of interest

RAVINA CIVIC CLUB HOLD FIRST MEETING

On Wednesday, Oct. 12; Interesting Program; Henry Webber Secured

The Woman's Civic club of Ravinia will hold the first meeting of the year, Wednesday, Oct. 12 at 2:30 in the Village house. A program of unusual merit has been prepared by the program committee, of which Mrs. Earnest Nolting is chairman.

For the opening meeting, Henry Webber, conductor Chicago Civic Opera company, has been secured. Mrs. Walter Livingston Vance, dramatic soprano, will sing a group of selected arias. Mrs. Vance will be accompanied by Mrs. Bernice Bentley.

Mrs. Arthur Raff, president of the club, together with the other officers and members of the board of directors, past presidents, Miss Evelyn Pearson, principal of Ravinia school, and the teachers, will be in the receiving line, to greet all the old as well as the new members.

This promises to be a year of great enthusiasm and interest. The chairman and their various committees have plans that are of great interest to the community, as well as the club members. Through the efforts of the membership committee, twenty-two new members have already been added, and it is hoped that many more may be added during the year.

Fire Prevention To Be Emphasized Here Next Week; Program

Special emphasis is to be placed on fire prevention week this year in Highland Park, and explanation of these plans is made by Fire Chief Hoskin in the following contribution:

Fire prevention week looms again. This year the observance will begin officially on Sunday, October 9, and will end on October 15. Little need, remains, after so many consecutive years of keeping fire prevention week to remind readers of guarding against fire.

Last year a fire loss of \$560,000, 548,624 is staggering enough to stand alone as justification. In other words for the sixth successive year the fire losses of the nation have exceeded the half-billion mark and in an ascending scale. This coupled with the knowledge that the annual sacrifice of life through fire hovers still around 15,000 is all the warrant needed for returning anew to the great peace time struggle, the endless conflict with fire.

Still we are forced to conclude that there is nothing whatever about the major part of this waste of life, health and wealth that is inevitable. By the exercise of reasonable care and forethought not one whit fewer than 75 percent and quite probably as many as 90 percent of our outbreaks of fire could be averted and losses which then entail avoided.

It is high time that citizens who earnestly desire the welfare and progress of their city to give earnest consideration to the conditions around the home and place of business. Rubbish heaps are dangerous, the electric iron needlessly left turned on, defective or soot filled chimney, oily rags, the open fire left unattended, and unscreened.

All these common hazards with many more that might be enumerated are included under one or another of the twenty-two main fire headings. Let us start individually to look for hazards in our homes and then to remove them. Finally, and in the long run most vital of all, let us make it our immediate business to see that our children are brought up in the knowledge of the dangers of fire and how they are to be overcome.

Teaching fire prevention has been responsibly for saving life and property. Fire inspections are made for your benefit. They are not, as many people choose to believe, merely for the sake of exercising a little vested authority. Cordial assistance in preventive activities will make our city a safe place to live, by shouldering your share of responsibility.

PLANNING TRANSFER OF THIRTEEN CONDUCTORS

From Railway Men's Home Here to Own Home in Savannah, Georgia

President L. E. Shepherd of the Order of Railway Conductors visited the Railroad Men's Home here yesterday and conferred with Manager John O'Keefe with reference to transferring the thirteen conductors from the Highland Park home to their own individual home at Savannah, Ga., which will be thrown open to their members on November first.

Mr. O'Keefe will make all the arrangements for the transfer and together with Mrs. O'Keefe, will escort the party to their new home. The men will be taken to Chicago by motor and will leave over the Illinois Central Friday, October 28.

ALCYON MATINEES FOR CHILDREN SATURDAYS

Special Features to Be Presented for Their Entertainment

The Alcyon theatre announces that commencing this week all Saturday matinees will be devoted to the showing of pictures suitable for children. If the regular feature booked for that day is considered suitable for children it will be shown along with other children's specialties. If, however, it should be deemed unsuitable for children it will be shown at the evening performances only and a different children's feature substituted at the matinee. The matinee will start at 3 o'clock and will last till 5, and will consist entirely of pictures and specialties for children. The regular evening performance will start at 7 o'clock, the doors being open at 6:30.

WHAT N. S. SANITARY DISTRICT HAS DONE

ACHIEVEMENTS ARE TOLD

Progress Made So Far and Prospects for Future Operation Are Outlined By Its President

Here is another interesting article in the series which President John Oliver of the North Shore Sanitary District has written for the Press on the establishment, equipment and operation of his organization. This article has to do with accomplishments and prospects of the organization.

By John Oliver
I am taking the liberty of giving some facts bearing on the past accomplishments and future work of the North Shore Sanitary district which provides for sewage disposal for the area bordering Lake Michigan from the south line of Lake county to the Wisconsin state line. This area includes seven incorporated communities, has about an area of 25 square miles, comprises a rapidly growing population now in excess of about 60,000 and has an assessed valuation of about \$30,000,000. The affairs of this district are administered by five trustees appointed by the county judge of Lake county.

Active construction work was started by the district early in 1922, since which time six sewage treatment plants have been built and a seventh is under construction. All of the seven treatment plants have

SILJESTROM BARN IS STRUCK BY LIGHTNING

This morning about nine o'clock, the barn on the Siljestrom farm on River road, Deerfield was struck by lightning and was completely destroyed by fire. The pump house and dairy house and all contents were completely destroyed also. Three horses in the barn were burned to death. Both Highland Park and Deerfield fire departments answered the call, but the fire had gained considerable headway before they arrived. It is estimated that the loss will amount to around \$25,000. Insurance was carried.

Mrs. William J. Sweeney of Rock Island, the state regent will be the guest of honor. Mrs. Charles E. Herick, former state regent, will speak on "D. A. R. Ideals" and there will be a word of welcome by our own regent Mrs. N. G. Lenington.

MAJESTIC BOWLING ALLEYS BEGIN SEASON

The Majestic bowling alleys which have been newly redecorated and repaired, are now open for the season, is the announcement of the manager, Emmet Moroney.

The alleys are in perfect condition for the business men's bowling league which will be soon organized. All those wishing to enter the league should communicate with Mr. Moroney at the Majestic bowling alleys at Second street and Central avenue.

Much Good Work Is Done Under Present City Administration

In the several months since the present city administration assumed office much has been accomplished in the way of civic improvements and increased facilities for operation of the various departments of the city's business, and further progress is anticipated in many lines. A number of large improvements initiated during the previous administration have been either completed or are being carried forward adequately, and numerous other things have been done for which the new administration merits credit, according to those in a position to judge.

Among the achievements of the present administration as enumerated are the equipping of the police department with three new motorcycles, the addition of two more men to the police force, affording the city better police protection.

Two additional men, also have been provided for on the fire department force and one already has been employed.

The city has purchased a modern road machine for grading gravel road and a number of streets have been resurfaced. In this connection it may be noted that the city is receiving many compliments on the street work which has been done of late. Mushroom traffic light have been installed at Sheridan road and St. Johns avenue, and a number of other improvements have been made which are all beneficial, it is reported.

In the city hall work has been simplified in many respects, and one of the chief features in this line is installation of an adding machine to assist the city collector. Purchase of an addressing machine to be used in addressing water bills, etc., also is contemplated. And in other ways the extensive and detailed operations of the administrative machinery have been facilitated.

The completion of the Roger Williams avenue pavement and other pavement work has proved of great benefit to the sections of the city affected by these public works, and there are numerous other improvements, larger and smaller, which have been completed or carried forward as rapidly as possible for the general benefit of the city.

RAVINA AUDITORIUM PROPOSITION CARRY

Erection of Building and Issue of Bonds Approved by Voters at Election

Both propositions submitted to the voters of school district 108 last Saturday in a special election were approved by the voters. The proposition to authorize the board of education to build an addition to the Ravinia school house was carried, 109 to 3, and the proposition to authorize the board of education to issue bonds to the amount of \$30,000 was carried 107 to 3.

The success of these propositions at the polls assures the erection of the proposed auditorium for the Ravinia school, as already \$30,000 has been raised toward the auditorium fund by public subscription.

MAKE PLANS FOR BOY SCOUT FUND CAMPAIGN

Local Committee Meets and Is Arranging for Drive; List of Leaders

Final plans for the raising of Highland Park's share of the boy scout budget were worked out at a meeting held last Thursday night at the city hall. The men present were A. P. Snite, Allen Ira Wolf, J. B. Garnett, N. H. Anspach, E. E. West, Rev. Frank Fitt, and Walter McPeck.

A year of growth was reported which has resulted in an enriched and enlarged scouting program in Highland Park.

The area office for the entire north shore is located in Highland Park and the scout executive and assistant executive live here, making possible a close contact with local troops.

The men set out upon a campaign to raise Highland Park's share of the budget and are asking for the generous co-operation of everybody. Harry Paul, of the Highland Park State Bank, is the local boy scout treasurer.

It is hoped that the campaign will be completed shortly after the middle of October. The Highland Park committee consists of the following:

Chairman, Albert P. Snite; treasurer, Harry Paul; court of honor chairman, Dr. G. B. Lake; educational chairman, Paul Udell; scout executive, Walter McPeck.

PLAN MORE WATER MAIN INSTALLATION

ORDINANCES SUBMITTED

Provide for Two More Sections; Sidewalk Ordinance to Be Drafted; Other Business by City Council

At the regular meeting of the city council on Monday evening ordinances were submitted by the board of local improvements providing for construction of a connected system of water mains in Edgewood road, Meadow, Winthrop road, Woodbine avenue, Lawndale avenue and Oak Ridge avenue and also for water mains in Sheridan road, County Line road in Deere Park subdivision, etc. Both ordinances were filed for public inspection.

Sidewalk Ordinances
There was further discussion regarding construction of sidewalks on Linden avenue and Forest avenue and finally the city clerk was instructed to prepare ordinances to provide for construction of walks on the east side of Forest avenue in front of block 77, and on the west side of Linden avenue, from Lincoln avenue to Forest avenue.

The report of the building inspector for September was received and filed. It is reported in detail elsewhere in this paper.
