St. Paul's Evangelical Church and Sunday School Hold Rally
The Sunday school workers were well repaid for their efforts in planning the "Rainbow Rally Service" for Sunday, Oct. 16. Favored by beautiful weather there seemed no doubt at the entire Sunday school and a good many members and friends of the church would be in attendance to witness the beautiful "Rainbow Rally Service," to be rendered by the Sunday school. Seven arches decorated in the rainbow colors, each representing a department of the Sunday school, adorned the altar platform. Streamers of the same colors tapering from the seven arches to a high point behind the arches produced a most beautiful effect. Each department, from the adult to the cradle roll, made its contribution to the program. All in all the program was very well rendered and offered inspiration and joy to the audience.

The pastor gave a brief talk on the significance of rally day, a brief review of the work of the past year and presented the task of the future. Attention was called to the phenomenal growth of the Sunday school of the last two years. October 1926, twenty-five children and six teachers constituted the entire enrollment. In the fall of 1926 the enrollment stood at ninety-three and this year the St. Paul's Sunday school starts with an enrollment of 140. Twenty-one teachers and officers constitute the membership of the workers conference.

The main purpose of the church school, the pastor said, was "to develop christian life and character expressing itself adequately in ones relationship to God and man." At the conclusion of the rally day service the congregation and the Sunday school responded with an offering of \$35.26.

The St. Paul's Evangelical church, a member of the Evangelical Synod of North America, is serving people of all faiths, and therefore extends an invitation to the people of Deerfield and community having no affiliation with any church here, to visit the church and send their children to the church school meeting every Sunday at 9:15 a. m.

Grammar School Notes WHO IS WHO
Beth Andrew, Argyle Ill., eighth grade teacher, reading, and history in 6th, 7th, and 8th grades. Education, graduate Rockford high school; DeKalb Normal school 1914-15, summer school; Madison university, 1922, summer school; Normal university, 1926, summer school; extension work from Rockford college, 1926-27. Experience: 4 years as grade teachers at Latham Park, Ill.; Whig Hill school Rockford, 5 years as principal.

Principal Carl E. Bates wishes to express his sincere thanks for the generous response to his request for window boxes and potted plants. All the different rooms now have either window boxes or large potted plants, or both.

The eighth grade enjoyed the study of the Civil War this week. Nine of the pupils had grandfathers who had taken part in Civil War. The Fehr girls' grandfather was an usher in the Ford Theatre in which Lincoln was shot, but happened to be off duty that night. Edgerly Todd brought a copy of a letter written during the war. His grandfather had written the letter to his wife. Miss Andrew who visited the Civil War battlefields during the summer of 1926, added

many interesting comments to the discussion, as well as showed the pupils many pictures she had taken and secured of these historic places.

The pupils in the sixth grade had a fruit shower on their teacher, Miss Evans, Thursday morning. During the past week the school ground has been almost completely covered with crushed rock. This makes it possible for the children to have a place to play without getting yellow clay all over their clothing as well as tracking it into the school house.

The board of education had its regular monthly meeting in the school house Monday evening, Oct. 10.

HISTORY OF INTEREST TO HIGHLAND PARKER

A Highland Park woman, whose family came to that town from Chicago in 1880, who now spends summers in Wisconsin and the winter in Florida, returning in between times to her Highland Park home, receives her Highland Park Press with delight as a long letter from home. She stated last week that she had read the Deerfield history articles with pleasure.

Seeking for mention of a member of her family, who served Deerfield families as physician, confidant, and legal adviser, she found it, and knew that he had not been forgotten, and was recalled to the memory of this generation by one who had not had the privilege of knowing him.

No better gift can be made to the ones away from the home town than a subscription to the Highland Park Press.

LATE ARTICLES NOT IN DEERFIELD COLUMN

Although the news from Deerfield covers a considerable portion of its own section, frequently important events happen too late to be included in the Deerfield part of the paper, such as the death of Mrs. Croft last week, also the celebration of Mrs. Mary Wessling's eightieth birthday anniversary, which were in the middle of section one.

MUST NOT FURNISH LIST OF PATRONS

The post office department has just issued a new warning to postmasters against furnishing lists of names of patrons to their office. There has been quite a demand for these lists from commercial insurance companies who have been seeking to line up patrons among parcel post shippers. Some of the commercial institutions are evidently impressed with the value of these lists and have been making inducements to postmasters and postal clerks. Hence the postal "bull."

Man is said to be a soulless piece of machinery, an impression which is demonstrated by his cranky ways. After watching the way a lot of people drive automobiles, many of us feel that our jails should be enlarged.
