

HIGHWOOD FOOTBALL TEAM LOSES GAME

For First time in Three Years Fails to Score on Opponents; Next Battle

For the third time in three years Highwood last Sunday failed to score and went down in defeat 18-0. The opponents, under the name of Governor A. C., consisted of players from the Pullman Panthers of Hammond, Ind., who were heavyweight champions of the Mid-west league for five years, Highwood fans report. Highwood fought hard from start to finish and tried hard to score at all times. In the latter part of the second quarter the opponents blocked Highwood's punt and scored the first touchdown. The score remained 6-0 until the last three minutes of play at which time Highwood tried to score on passes. They were intercepted and the opponents scored twice, ending the game 18-0.

Next Sunday Highwood will play the Chicago Blues at Highwood field. This team is reputed to be one of the heaviest and fastest teams in the league. Coach McIlwain is drilling the boys hard as Highwood's remaining games are with the best in the mid-west, before the end of the season Highwood will play their old rivals the Washington Heights eleven, they defeated Highwood 2-0 and last Thanksgiving the team played to a scoreless tie.

Thanksgiving Day Highwood will travel to Lake Forest and meet the Young Men's club at Farwell field.

Sunday's lineup: l.e., Robinson; l.t., Stipe; l.g., Gilkinson; c., Kehrwald; r.g., F. Fink; r.t., Williams; r.e., Shannon; q.b., John Boylan; l.h., Stewart; r.h., Joe Boylan; f.b., Cronkhite.

COUNTY FUND CASE FIRST ON CALENDAR

BRACHER IS DEFENDANT Along With Several Others in Circuit Court; Other Cases on Docket of General Interest

Criminal trial call for the October term issued Tuesday by State's Attorney Smith lists the case of Roy Bracher, Caleb Busick, Clark Nye, Harold Martin and Ira Pearsall as first. Actual trial date would be Oct. 31. Judge Arthur Fisher, of Rockford, is to hear the case which involves a shortage in the county treasury of \$100,000 over a period of six years.

One Hitch Seen There is but one hitch looming, according to Col. Smith, and that is the fact that Judge Fisher now is hearing a murder case in Rockford that might not be finished this week.

Bracher is charged with having placed \$100,000 on deposit in a Eureka, Kan., bank, in which Nye was an official, with the bank falling and losing the money. Busick and Martin negotiated the loan, the state charges, and Pearsall covered up the shortage. Both Bracher and Pearsall are also indicted on a charge of receiving \$33,000 interest on county deposits illegally.

The case of George Bairstow, former supervisor, charged with withholding \$59,000 in public funds, follows the treasury cases.

Pueschel Case Next The next case on the call is that of Odo Pueschel, Lake Forest chauffeur, charged with the murder of Wilma Miller, maid in the home of the Thorne Donnelley's, Lake Forest, May 19. He had denied the charge from the beginning.

Two other murder cases follow on the call. Clifford Robinson, accused slayer of Frank Tillman, in North Chicago; and Manuel Ramirez, Waukegan, charged with killing Christopher Urena, Waukegan, are these cases. Both have entered pleas of not guilty.

Herbert Kendall, James Keller, and Louis Berke, all from Chicago, charged with burglarizing the Louis J. Yeoman jewelry store, are next on the call. They have pleaded not guilty.

Frank Marco, charged with having burglarized the Ravinia and Fort Sheridan depots of the Chicago & Northwestern railroad, is next on the call and Gabriel Burchardt and Joe Ellis, charged with stealing wire from the Public Service company at Highland Park will have a hearing following Marco.

Trouble Is Scented In the treasury cases trouble is hinted through the fact that the five defendants are unwilling to confer. It will be a suit fraught with bitterness, it is believed, with five men fighting individually against the charges of the state with little thought to the other four linked with them in the indictment.

Defense attorneys are of the opinion that it may take considerable time to get a jury and then a long trial to get in the defense evidence.

START CHILD'S OWN LIBRARY IN HOMES

Who is there who does not still leaf over tenderly from time to time a few precious volumes which constituted his personal library as a child and from which he first learned the love of books? The titles may not have been drawn directly from a selected list of children's reading: one such library comes to mind in which the places of honor were held by Omar Khayyam, Edgar Allen Poe, Shelley and Hans Christian Andersen. Their bindings and illustrations had probably been their first charm; their contents became an inexhaustible storehouse of beauty to which the child could return again and again. And if they were not just the choice of a reading expert might have made for the child, they were all good books, which he prided as his very own, and whose possession inspired him to go on and gather others to keep them company as the years passed.

The celebration of Children's Book week, November 13 to 19, could not be better marked than by the starting of a child's own library in every home where one does not yet exist. Nothing can ever make up to the boy or girl for the absence of these choice companions in his youth. He may, and should be a member of the Public Library, but library books and personal books fill two entirely different needs. The former provide the varied everyday mental fare which is indispensable to his intellectual expansion; the latter should bring him that sense of respect for and joy in books as individuals which the connoisseur feels. He will want to preserve their pages fresh and their bindings lovely throughout the years while his delight in them leads him back to read them over and over.

Now while the bookstores and public libraries are showing for Children's Book week their choicest collections of beautiful books for boys and girls, is the time to decide on the first titles for the child's own book shelf. Of course their numbers will be added to from time to time,—at Christmas, on birthdays, or regularly from the family budget. And always they will be chosen with care, as one adding each week or month a beautiful gem to a necklace.

CITY COUNCIL IN REGULAR SESSION

Continued from page 1

reference to zoning the railroad property on West Park was referred to the Zoning committee for consideration. Commissioner Gourley moved that Commissioner Reay be requested to secure an extension of time on the note of the city of Highland Park due the Highland Park State bank October 7, 1927 on the Clavey road property and that the mayor and city clerk be authorized to execute said note. The motion prevailed.

Pass Water Main Ordinance Commissioner Reay moved the passage of an ordinance providing for the construction of a connected system of cast iron water mains in McCraren road, Edgewood avenue, Glenwood avenue, Eastwood avenue, Cloverdale avenue, Little John court, Friar Tuck avenue, Lancelot avenue, Robin Hood place, Arbor avenue, West Park avenue, Sunnyside avenue, Grandview avenue, Midway avenue, a forty (40) foot street between lot 41, J. S. Hovland's Highland Park Acre subdivision and the east line of the SW 1/4 of Section 21 Township 43 North, Range 12 E.

ordinance having remained on file for public inspection as required by law. The motion prevailed.

Three ordinances were passed making certain amendments to the Highland Park Code of 1919, which were deemed necessary.

At the board meeting bids were received for the contract of constructing water mains in the Highland Park Terrace subdivision. Five bids were received and these were filed for public inspection. Award of contract will be made later. The bids received are: E. A. Meyer Construction Co., \$6,359.00; Highways Construction Co., \$4,756.00; William Hubert, \$4,584.50; Norman & Knowles, \$4,944.40; Charles M. Porter Co., \$4,520.00.

Other routine matters received attention.

MUDDLE IS FEARED OVER APPOINTMENT

Continued from page 1

ment spread as soon as possible and without probability of legal controversy, it is believed by those who have investigated the matter that in order to avert possible objection and delay in the improvement, that the best course to pursue would be for the mayor and the council to agree in the appointment of either one or the other person to make the assessment, so as to prevent any possible controversy on this point.

Law Is Muddled Because of the muddle in which the Local Improvement Act has been left by the legislature by reason of several amendments which appear to conflict with respect to the appointment of persons to spread special assessments, and the fact that no definite ruling on the point has been given by the Supreme court, it is the opinion of those who have given the local situation much thought that the best interests of the city and the progress of the improvement would be best assured by action which would place the legality of appointment in the premises beyond reasonable doubt, and this could be done if the appointee named by the president of the board and by the majority of the council were one and the same person.

Regardless of any local factors or influences which may bear on the matter of appointment, this course would solve the difficulty, it is believed, and would ensure procedure in the matter of the improvement in question without the menace of legal objections from this standpoint. In other words, concord on the part of the board and the council, which composed of the same members would simplify the matter and avert trouble later.

We hope to make this one of our best years and hope for the co-operation from the town, and especially from the parents of the scouts. We want the mothers to come to our meetings and see what Girl Scouts do.

Probably you scouts would like to know that Miss Miller spent some time with Miss Card while in New York, and she is enjoying her new work very much.
