urday for the Illinois-Chicago game. Mrs. Wells was formerly Anna Cote of this city.

#### Elm Place School

Several teachers of the Elm Place school took a walk in the skokie valley after school on Wednesday of last week. They followed a trail which led through tangling woodlands along the skokie and ended on Praire avenue.

There are three different issues of "Sparks," the school paper, being printed. The first issue is for the first three grades, the second for the intermediate grades, and a larger one for the upper grades. The first two of these are printed by the Elm Place press, while the larger one is printed by the Highland Park press.

Every Tuesday is bank day at Elm Place, and Mr. Van Dyke, a teacher, has charge of the work.

It is claimed that youthful energy should be harnessed, but frequently it refuses to take the bits between its teeth.

The people who are trying to draft Coolidge for one more term, will now proceed to argue with him that he ought not to give up the presidential job, on the ground that a rolling stone gathers no mass.

### SUNDAY SCHOOL TO BE ORGANIZED IN RAVINIA

For some time, the possibility of a church in Ravinia has been under discussion, and the following letter has been sent to the residents in the hope that some definite point may be reached in regard to establishing a Sunday school for the children of Ravinia.

To the Parents of Ravinia: As you know, there are no facilities for religious education in Ravinia.

For some time a group of parents have been considering the need for an independent, undenominational Sunday school for the children of the community.

Today, in the light of scientific knowledge and the new psychology, modern students agree, that religion is inherent in human nature and arises out of real human need in man's efforts for adaptation to the conditions of life.

Modern religious education recognizes the fundamentals of religion, develops a reverent attitude toward all forms of life—and cultivates the spiritual values of goodness, truth, justice, peace, beauty and love.

Religious education on this basis promotes the spirit of goodwill, service and co-operation in the community.

We have been fortunate to secure

Dr. Orvis F. Jordan, the official leader of the Community Religious movement of the U. S. A. and pastor of the Community church of Park Ridge, to discuss with us the subject of a Community Sunday school.

A meeting has been arranged for Sunday evening, Nov. 13, 1927, at 7:30 p. m. in the school building. We cordially invite all who are interested to attend.

Yours for Co-operation  
Mr. and Mrs.—
