INTERESTING ADDRESS BY MRS. CARL MINER

At Ravinia Garden Club on Tuesday, Nov. 1; Subject "Rock Gardens"

The Ravinia Garden club met on Tuesday, Nov. 1 at the home of Mrs. Harold Lynn. Mrs. Carl Miner of Glencoe gave a most interesting and instructive lecture on "Rock Gardens." Mrs. Miner possesses a most wonderful rock garden and rock wall in which seven thousand different Alpine plants thrive. This fine rock garden was constructed by Mrs. Carl Miner with the help of her husband. This type of gardening is much in vogue today where there is space for a rock terrace on slope is an ideal setting for dwarf shrubs and evergreens with some of the dainty and unique Alpine plants. Mrs. Carl Miner asked us not to make the serious mistake by putting our rock gardens in shady spots or in our ravines as these plants come from sunny mountain tops and require an "undiluted sunlight." A special committee with Mrs. Lee Frank and Mrs. Alfred Burdick as heads made this program possible. Other members on this committee are Mrs. Ross Marvin, Mrs. Harold Lynn and Mrs. C. S. Nicoud.

The dining room, where refreshments were served after the meeting, was attractively decorated in flowers which were donated by Mr. and Mrs. Fritz Bahr.

Our patriot forefathers offered their lives to establish their government, but many of their descendants can't spare half an hour to go to the polls.

Claimed the American people are ignorant of public affairs, but the politicians will tell them how they ought to vote.

RAVINIA CIVIC CLUB ENJOYS GOOD PROGRAM

The philanthropy committee of the Ravinia Woman's Civic club of which Mrs. Theodore Osborn is chairman had charge of the club program at the November meeting. Miss Bernice Bentley played a number of piano miniatures of her own composition. Mrs. Marie Hammer sang a group of selections, the words by Mrs. Rowena Bastin Bennett, music by Miss Bentley. Dr. Graham Taylor of Chicago Commons was the speaker, who gave a most wonderful talk on Neighborliness. His subject being "The Neighborhood, Its Loss and Recovery." He told it was impossible to grow in any capacity without the idea that we are dependent upon each other.

Let Us Act as Trustees for Your Estate

Should you have occasion to appoint an executor or trustee for your estate, why impose this duty on a friend, who is already busy with his own affairs? It is often a hardship for him since it means that he must neglect his business to care for yours.

Our trust department is qualified to act for you, under the supervision of experienced officers.

Why Security Is Asked For

There was a time in the banking business when it was generally considered all right for the banker to use his own judgment as to whether or not security should be asked in connection with a loan of any size. Times have changed, however. When the bank examiner comes around now and finds large notes unsecured, he raises his eyebrows, shakes his head and makes some entries in his little book. The banker knows then that he is in for a calling down from headquarters.

In other words, we ask for security on loans because we are supposed to do so and not because we doubt the honesty or responsibility of the borrower.
