

**Y. W. C. A. Notes**

The week of November 13-19 is observed in all the Y. W. C. A.'s of the world as World Fellowship week. During this week all those people who come in contact with the Y. W. C. A. are reminded of the people in other parts of the world who are working toward the same goals as they are. Nearly every year sees the beginning of a Y. W. C. A. in some country where it has not been before. China has had a flourishing association for many years as has Japan. The World War saw the establishment of the association in many European countries including Russia, Latvia, Estonia. Other associations are found in India, South America, Mexico and the Philippines.

Here in the Highland Park Y. W. C. A. all of the clubs are taking a part of their regular club meetings this week to think about some of these other countries and to learn something about them in order that they may understand them better. The Girl Reserve "Cubs" at their meeting at the Y. W. C. A. on Monday, Nov. 14 colored pictures of children in the costumes of their native countries and at the end of their meeting played some of the games of these children instead of playing their own games. The other Girl Reserve clubs are also hearing about the girls of other countries at their meetings. At the meeting of the high school Girl Reserve club, Miss Laura Craneheld, girl reserve secretary at the Y. W. C. A., told the girls about a World Fellowship chain belonging to Mrs. Lummoore of the World's Y. W. C. A. The chain is made up of stones and pieces of jewelry from the many countries of the world where Mrs. Lummoore has visited the association. Mrs. Lummoore was hostess of the National Y. W. C. A. training school in New York City where Miss Craneheld was a student this summer. Here in the Highland Park Y. W. C. A. may be found a splendid example of how the association tries to reach those people who may need it, regardless of race or creed. Miss Agnes Holtz and Miss Betty Gensen, two Danish girls who have been in America only a few months, were brought to the attention of the association and through its help have been enabled to start a class in Danish gymnastics and folk dancing. Both of the girls have had years of experience in gymnastic work in Denmark but had not been able to get started in such work after coming to this country until the Y. W. C. A. helped them.

The B. Y. club of business girls of the Y. W. C. A. gave a dance on Thursday night, Nov. 10, at the Y. W. C. A. About one hundred people attended and a very pleasant time was had. Miss Katherine Radcliffe was chairman of the dance committee and her committee completed all arrangements for the affair. Mr. and Mrs. B. F. Rieke were the patrons for the dance.

The Friendship club of the Y. W. C. A. are having a trip to the Art Institute of Chicago today. Through the courtesy of Mr. C. H. Brukholder, secretary, the girls are to be allowed to go through the institute in a party. Miss McQuillen, general secretary of the Y. W. C. A., and Miss Craneheld, associate secretary, are going with the club.

**Culinary Hints**

Last week I gave you a recipe for baked beef croquettes and told you my recipe for this week would be Potatoes Au Gratin, which may be baked at the same temperature and for the same length of time. Au Gratin is something we usually associate with a cheese mixture and of course we do use cheese in many au gratin dishes, but it has more reference to the buttered crumbs sprinkled over the top of the other food in the baking dish. That is what constitutes an au gratin dish. I am sure, when you try this combination of the Beef Croquettes garnished with a few bits of parsley and a lovely dish of Potatoes Au Gratin delicately browned and served in the dish in which they were baked, you will feel that you have a very attractive table for either a dinner or a luncheon.

**Potatoes Au Gratin**  
5 or 6 medium size potatoes boiled and cut in small pieces  
4 tab. butter,  
4 tab. flour,  
2 cups milk,  
1 teas. salt,  
1 cup American cheese, grated or cut fine,  
2 tab. butter,  
¼ cup fine breadcrumbs.  
Make a sauce of butter, flour, milk and salt, add cheese. In a greased baking pan or casserole place a layer of sauce, then a layer of potatoes. Cover with more of the sauce, then potatoes until all are used, having sauce on top.  
Cover with bread crumbs.  
Melt the two tab. butter, remove from fire and stir in crumbs. Sprinkle over potatoes and sauce.  
Bake 30 minutes at 450, after oven has been heated 20 minutes at 450.

**GALLANT LAWMAKERS**  
British conservatives fear that England will ultimately go the way of the United States, which is regarded as a country where laws are passed largely to please women.—Woman's Home Companion.

Speaking of more wars it's our idea that it wouldn't be good business to start another until the last one is paid for.

**WHERE HIGH SCHOOL STUDENTS COME FROM**  
**Schools Which Send the 906 Pupils Now Enrolled at Deerfield-Shields**

Of the 90 students in Deerfield-Shields high school, the school in Highland Park and neighboring towns send 669; Lake Bluff, Northbrook, Half Day, and North Chicago send one hundred ten; while eighty-one come from schools throughout Illinois; and forty six from other states.

Of the six hundred sixty-nine coming from within the school district, Elm Place has two hundred eighteen representatives; Oak Terrace, seventy-eight; Lincoln, seventy; Halsey, sixty-two; Gorton, sixty-one; Deerfield, fifty-six; Ravinia, forty-seven; St. Mary's, twenty-nine; Immaculate Conception, nineteen; St. James, nine; West Ridge, eight; and Everett and Wilmet, each six.

Of the surrounding towns Lake Bluff leads the list with sixty-three, Northbrook is second with twenty-seven, Half Day third with fifteen, and North Chicago fourth with five.

These 906 students of Deerfield did not all enter as freshmen for some transferred from the schools throughout Illinois and other states.

That Deerfield's enrollment is on the increase may be determined from the fact that there are only 139 seniors, 166 juniors, 279 sophomores while there are 232 freshmen. This shows a steady increase over last year.

In the school there are representatives of 17 states besides Illinois. Of these states Wisconsin leads with 14, Minnesota is second with 8, California third with 4, Indiana, New York, and Missouri each with 2, while Arizona, Iowa, Michigan, Kentucky, Pennsylvania, Colorado, Florida, Washington, Kansas, Ohio and Wyoming have only one each. Besides these, the District of Columbia has one, the Philippines one, and Scotland, one. This leaves 865 who are from Illinois.

**AT LAST A KIND WORD**

America is a nation of superlatives. Chicago is it.—Woman's Home Companion.

Formerly the country correspondents used to send in items about the farmers painting their barns, but now they have news about the flappers painting their faces.

A New York woman whipped a physician the other day because she says he promised to marry her and then got hitched to another woman. Our guess is that the doctor missed a lot of trouble by not sticking to his first agreement.

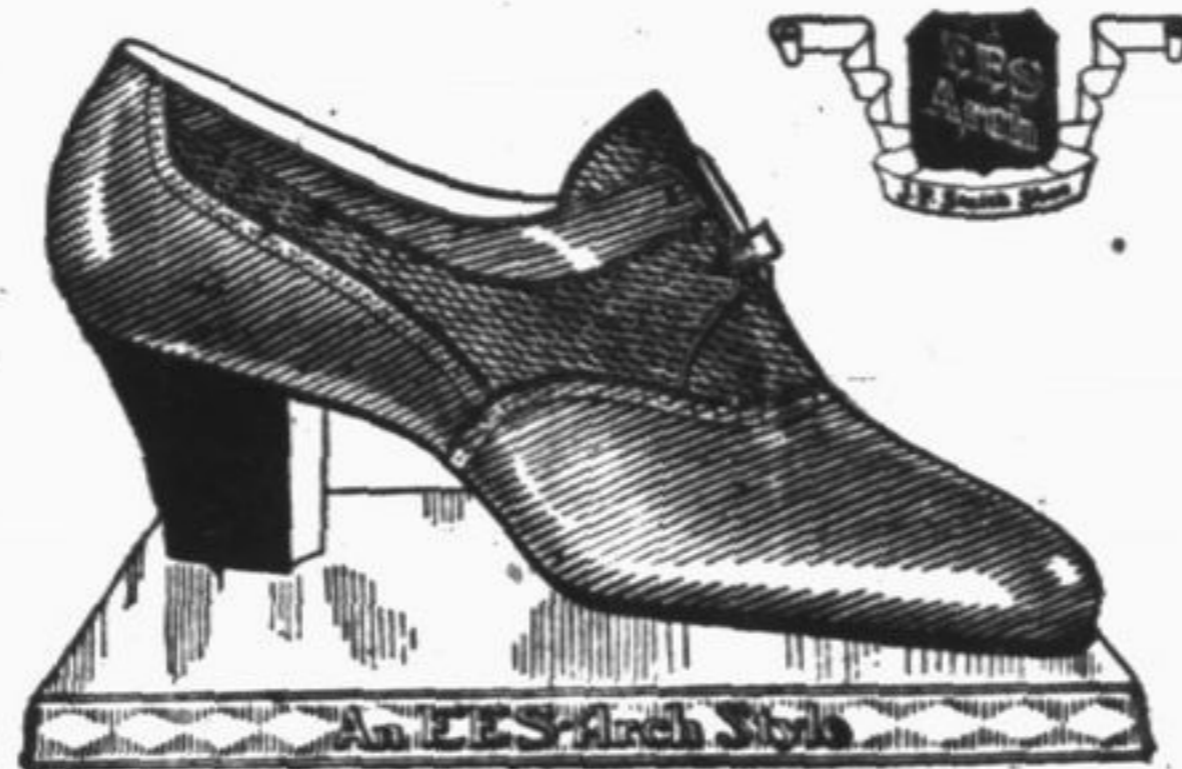

Remember the good old days when a woman could hide a roll of money in her stocking?

A Washington girl swallowed a safety pin the other day, and now she can't dance because she is afraid the pin might open.

KOHLER or KOHLER

**Let's plan that bathroom together**

Perhaps you think that a really beautiful modern bathroom is going to cost too much.

Now, we don't know how much you are prepared to spend, but we do know that lots of our customers are agreeably surprised when they get our figures, and especially when they learn that we are quoting on Kohler fixtures of unsurpassed quality.

Suppose we put your ideas and our experience together and see what we can do. Come in to see us, or call us up and we'll go to see you. No charge for estimating.
