

CITY COUNCIL AND BOARD IN SESSION

(Continued from page 1)

on Clavey road, owned by the city and originally intended as a site for a septic tank and an incinerator. In order to dispose of the property the city must, under the law, advertise for bids therefor, it was explained.

An ordinance also was passed amending the zoning ordinance as regulating the limit height and bulk of buildings, etc., to make the title of the official in charge "building inspector" instead of "building commissioner" as originally worded.

The communication from T. H. Decker & Company requesting special reduction in the price of a 1/2 inch water tap was referred to the corporation counsel.

Commissioner Brown moved the tentative approval of the request to vacate a portion of Lakewood drive, subject to a signed petition of the property owners for said vacation, the approval of the engineers and furnishing of easements for public utilities. The motion prevailed.

Engineers Report

The report of Windes & Marsh on complaints filed during the recent storms was ordered placed on file. The engineers were authorized to make an investigation and report upon the sewer conditions in Forest avenue between Linden avenue and Wade street.

The ordinance vacating a part of Woodland road and Lyman court was ordered laid on the table for one week.

Division of Assessment

Commissioner Gourley moved that the property owners' petition for the division of special assessments levied against lot 22, Ravinia Woods for paving a connected system of streets in Ravinia Woods subdivision under Warrant No. 274 and for paving a system of streets in Ravinia Dells and Ravinia Woodlands under Warrant No. 317, be accepted and that the corporation counsel be instructed to present said petitions to the county court for approval. The motion prevailed.

Commissioner Brown moved that an amount of \$85 be advanced from the General fund for the payment of an easement over the southerly ten (10) feet of lot 1 in the subdivision of lots 1, 15, 16, 17 and 18 in Lakeside Manor subdivision as provided for under Highland Park Special Assessment proceedings No. 312, the General fund to be reimbursed the amount advanced upon the collection of the first installment. The motion prevailed.

Formerly Thanksgiving day was observed by heart-felt thankfulness, and now it is observed by stomach-felt over-eating.

DEERFIELD PLANS COMMUNITY HOUSE

(Continued from page 1)

canvass beginning Saturday evening and up to Monday pledges of \$100 each toward the Community House project had been received from twenty-eight Deerfield business men. It is the hope of those interested in the plan that all the local organizations will co-operate to carry the Community House plan to successful completion. The announcement was received with enthusiasm by the large assemblage of members and ladies totaling about one hundred persons.

The splendid turkey dinner was served by the B & L cafe, caterers, and it was greatly enjoyed by the guests. Prior to the banquet election of directors and officers of the chamber for the ensuing year occurred and the result was announced as follows:

Officers and Directors

President, Alex Taylor; vice president, Dr. Metcalf; second vice president, R. A. Nelson; treasurer, Frank Russo; secretary, J. R. Notz; these officers and the following comprise the board of directors: Sol Shapiro, Harry Olendorf, William Desmond, John Huhn, George Briggs.

The chamber has many plans for the advancement and development of the community along substantial lines during the coming year, and judged by the progress made in the past year, Deerfield is entering a period of rapid and extensive expansion in many lines.

Following the dinner the retiring president presented his successor and both spoke briefly.

Judge Decker Talks

The principal speaker of the evening was Probate Judge Decker of Waukegan who made an eloquent, forceful and thoughtful address dealing largely with the lack of interest on the part of the public in civic and government affairs and pointing out how interest in the affairs of the home community may easily become one of the greatest ambitions of any resident and probably be productive of greater good than a realization of his most sanguine childhood dreams.

William Geary, sales manager for Carson, Pirie, Scott & Co., who is a resident of Deerfield and a fluent speaker, also spoke briefly, and the remainder of the evening was devoted to dancing to excellent music furnished by a local orchestra recruited from Frank Russo's Deerfield Municipal band.

The entire affair was a great success and indicated emphatically the strong community spirit existing in Deerfield and the enthusiastic efforts being put forth by its citizens for the benefit of their little city and all its people.

FIND BODY OF MAN AT RAIL CROSSING

(Continued from page 1)

feet from the auto when found. The fact that the front bumper of the automobile was not scratched should prove beyond all doubt that he did not run into the train.

Discovery of Body

The body was found about 8 o'clock Saturday morning by local police who answered a telephone call stating there was a wreck on Prairie avenue, which is Route 22 in Highland Park. Wreckage was found on the right-of-way and near the car. The top seemed crushed rather than shattered and was flat to the body of the car.

Was Salesman

Wilcox, a salesman for the William Ruehl company, Highland Park Chevrolet dealers, lived on Pleasant avenue. He was married and was the father of two small children. His parents, Mr. and Mrs. Walter Wilcox live on Yale avenue. There are two brothers, Walter L. and Edwin.

As soon as the accident was reported to police departments through the county, Chief Deputy Fred Brown of the sheriff's forces, Sergt. Jack Froelich of the Lake Forest police, and Chief Peterson of Deerfield, were among those summoned to the wreck, in addition to the local police.

Glass on Tracks

Chief Deputy Brown declared after he returned that there was no question in his mind that Wilcox's auto had collided with a train in some way. Shattered glass appeared directly in the center of the tracks and small debris of such as would come from an automobile. The skid marks, he reported, indicated that the driver had seen the train and had applied his brakes and eventually cramped his wheels to a sharp turn in a final effort to avoid the crash when he saw that his car could not be brought to a stop in time.

The condition of the pavement probably accounted for the failure of the auto brakes to work properly, Brown stated.

Funeral Tuesday

The funeral service was held at one o'clock Tuesday afternoon, at the H. M. Prior company's chapel, and burial was in Graceland cemetery. Rev. Wm. B. Doble of Grace M. E. church conducted the service at the chapel and the officers of Dumaresq Spencer Post, American Legion, conducted the service at the grave and members of this organization acted as pallbearers. A firing squad from Fort Sheridan fired a departing salute and a bugler sounded taps at the grave.

The relatives have the deep sympathy of the community in their sudden and sad bereavement.

SPECIALS Friday and Saturday
November 25th and 26th

LEAVE YOUR ORDER FRIDAY FOR SATURDAY DELIVERY

RIB ROAST BEEF the pound	35c	SHOULDER VEAL ROAST 5 pound cuts, the pound	19 1/2c
