**SUPERHIGHWAY PLAN ADVANCED IS REPORT**

**Progress Made in Preliminaries for 200-Foot Highway Touching This County**

With the tentative dedication of \$500,000 worth of land for a 200 foot super-highway through the eastern edge of DuPage county, the great Three State automobile road from Milwaukee to Michigan City, thru Lake County, that will spurt Cook county on the west and south, has moved a long step to ward realization.

According to E. L. Gates, secretary of the Metropolitan Highway Association of Wheaton, the Three State highway will run for 21 miles thru DuPage county. Three fourths of the land owners along the route have already signed up for the highway and the remaining ones are ironing out the difficulties involved in giving up a 200 foot strip of ground thru their properties.

Continuing north about half a mile west of Bensenville the big highway enters Cook county along the Busse road, one of the few existing highways that will be used by the Three State superhighway. It will go on north to the Chicago & North Western railroad, then take a little jog to the west and pass over a brand new road until it leaves Cook county on a line not far from Wheeling.

All of this section of the proposed superhighway in Cook county has been officially recognized and approved by the board of Cook County commissioners. It forms almost a straight line with the route through DuPage county. Going on north, the superhighway in Cook county has near Buffalo Grove, passing between Mundelein and Libertyville in practically a bee line about four miles west of Kenosha, Wis., near Chapin.

**LITTLE "ARMY-NAVY" GAME PLAYED TODAY**

**Fort Sheridan and Great Lakes Clash in Football at Waukegan**

A football clash for the service championship of the midwest with all the pomp and glory of the battle between West Point and Annapolis, will be staged this Thanksgiving afternoon at Weis field, the Waukegan high school athletic field in Waukegan, according to announcements made by G. L. Hart, commander of the Navy-Marine Post of the American Legion at Great Lakes.

The Fort Sheridan team, representing the army, and the Great Lakes Naval Training station team in the navy blue, will furnish the principal entertainment.

The celebration will start at one o'clock when trainloads of soldiers and sailors will unload in Waukegan and sailors will unload in Waukegan the army and navy bands. The parade will move through the business district of Waukegan and out Washington street to Weis field, where, between halves of the game, there will be exhibition drills and military maneuvers.

The game itself should prove a real thriller. Both teams have battled their way to the top in this section and the winners will be awarded the midwest service title. High dignitaries of both the army and navy will be present.

In the last twenty years woman has progressed forty years according to a statement in a prominent woman's magazine. Maybe so, but her clothes have been steadily receding.

The old fashioned woman who used to boast that she paid cash for everything now has a daughter who takes pride in the fact that she has a charge account in every store in town.

**TRAVEL EXPOSITION TO BE HELD NOV. 21**

**AT THE HOTEL SHERMAN**

**Collection of Exhibits of Arts and Crafts, Scenic Beauties and Other Features of All Countries**

Plans have been completed for the first International Travel exposition ever held in America, which will open at the Hotel Sherman on November 21.

From every part of the world will be brought to Chicago at this time the arts, the crafts, the scenic beauties of the countries which yearly lure thousands of Americans from home, and featured equally with them will be the great natural beauty spots of America and its points of interest to the traveler.

Mechanical and scenic devices planned on a gigantic scale will give authentic background to the displays of foreign governments, so that no characteristic detail will be overlooked in the exhibits sent to the showing by other nations.

**Educational Program**

In the educational program which will be held daily the evolution of travel will be depicted from the canoe and oxcart of early days to the motor car, ocean liner and aircraft of the present day.

Chicago itself will have an important place in the exposition. Through the exhibit planned by the Chicago Association of Commerce the city's park system, its historic spots and its places of amusement will be shown in slides and motion pictures, while American vacation and tourist spots will be featured in exhibits from Florida to the northern Rockies. "Americans are the greatest travelers in the world" says John A. Stevens, manager and educational director of the show. "Department of Commerce figures show that last year 365,000 Americans journeyed to other lands. This year tour and travel bureaus have estimated \$650,000,000 to be expended abroad. These figures break the record of foreign travel for any land."

Through their consuls here eighteen countries are sending to Chicago characteristic displays and official representatives to handle them during the showing. Still others will be represented by motion pictures. All will be fitted into the spectacular scenic scheme which will give each country its authentic background. And educational program will be held daily from November 21 to 26 inclusive.

**REFUSE NEW TRIAL IN TILLMAN MURDER CASE**

Motion for a new trial for Clifford Robinson, 43, of North Chicago, a colored man charged with murdering George W. Tillman, also colored, May 19, last week was denied by Judge C. C. Edwards.

Judgment on the verdict of the jury, life imprisonment, was entered by the court and 90 days allowed for time to appeal to the supreme court.

Attorney Henry M. Porter, defense counsel, in arguing his motion, held that Robinson had been on trial as much for his clandestine meetings with Mrs. Tillman as for the actual crime.

The motion was opposed by State's Attorney Smith and his assistant, S. H. Block.

Robinson was to be taken to Joliet Monday. He is to list his occupation as chauffeur and butler.

It takes more than 380,000 people to operate the country's telephones.

**Culinary Hints**

—Heads standing—  
This week I am giving you a recipe which makes a luncheon dish "just a little different," and I am sure if you have not tried it before, you will find that the combination of flavors is quite unusual. This may also be used for the main dish for a dinner and you will find it very dainty and attractive as well as appetizing.

**Ham Souffle**  
4 1/2 tablespoons butter  
4 1/2 tablespoons flour  
1 cup milk  
1/4 teaspoon salt  
little pepper  
1/2 teaspoon dry mustard  
1 1/2 cups chopped cooked ham  
3 eggs

Make a sauce of butter, flour, milk and seasonings. Cool, then add ham and the egg yolks well beaten. Fold in stiffly beaten egg whites last.

Fill individual greased molds two thirds full; set in a pan containing an even inch of hot water and bake 30 minutes at 375.

Heat the oven 20 minutes before putting in the souffles. They should be served at once.

When done remove carefully molds to a platter or chip plate, cover and surround with the following:

**Stuffed Olive Sauce**  
3 tablespoons butter  
3 tablespoons flour  
1 1/2 cups milk  
1/4 teaspoon salt — or to taste  
1/4 teaspoon pepper  
1/4 cup stuffed olives cut fine

Make a sauce of butter, flour and milk; add other ingredients. After pouring over the souffles, sprinkle a little paprika over the top. A few thin slices of the stuffed olives may be used as a garnish.

I will give you a recipe for "Scones" next week.

It is significant to note that the British and French governments have sent word to the Bulgars and Serbs to tone down their war talk. What do they mean by stealing the League of Nations' stuff that way?

Michigan has ten times as many telephones per hundred people as are found in Europe.
