

Boy Scout News

"If you want the greatest thrill in the world—go to Winter camp," says George Bensch of troop 4 of Wilmette, who is planning ahead to a great experience at Wilderness Winter camp in Michigan.

The comfort and safety, food, and program, and leadership is very carefully planned in advance. Scouts will sleep in well heated buildings, and each scout will take three blankets with him.

Repair Old Toys
The collecting and repairing of toys which will be given at Christmas time to poor boys and girls is occupying the spare time of Boy Scouts throughout the nation this year.

New North Shore Scout Song
We've got the rep
We've got the pep
We've got the leaders too
We'll heed the call of North Shore all
Wherever we may be.

If you happen to be in the vicinity of one of the North Shore Boy Scout troops one of these evenings you may hear lusty young voices singing a new council song. It is called the "Eighth Wonder" and is sung to the tune of "Solomon Levi" and is adapted from a song written by M. S. Everett of Chicago. The first stanza and chorus follow:

"Oh, you may travel the wide world round
O'er many a land and sea
And visit the sphinx and all the ginks
That rule in Majesty
And you may go to the ends of the earth
The wonders seven to know
But you're out of date, till you see
Number eight
The place where good scouts grow."

Chorus:
"Cheer boys for Northshore
Star troops of the west;
Yea ho, Northshore,
The troops we love the best, rah! rah!
We've got the rep,
We've got the pep,
We've got the leaders too,
We heed the call, of Northshore all,
Whatever we may do."

HERE IS SOMETHING REQUIRING REMEDY

Retractive Effect of Tax Revision Should Be Eliminated, Belief

There is one change in administrative features of the income tax law favored by the House ways and means committee which will meet general approval.

It relates to the reopening of cases officially settled and in which fraud is not involved. The Couzens-Ford case is a classic example of what injustice may be done a taxpayer by hauling him up, long after he has reached agreement with government officials as to what he owes in taxes, for new determination by a different set of experts as to whether the settlement was a proper one.

These retroactive proceedings are costly to the government and to those thus attacked. They are grossly unfair where no dishonesty is practiced. They are subject to grave abuse. It is to be hoped that congress will accept the advice of the committee and put an end to them.
