warm friends in the community who showered them with congratulations yesterday and the anniversary was in every way a most happy one for all concerned.

**Highly Esteemed**  
Mr. Freberg for years held the office of Highway Commissioner in Deerfield township, the duties of which he filled in a manner wholly efficient and acceptable to his constituents, and in all of his associations with his fellow citizens he has always been noted for his fine character and many splendid personal qualities. Mrs. Freberg is the fine type of motherly woman who helped her husband lay the sound foundations of home life and good government in this country and inculcated in their children the qualities which make for good citizens and good men and women, and these two are outstanding representatives of this type of citizens. Because of all these things they are honored in the community, and their many friends unite in extending their felicitations on this happy anniversary and in wishing for them many more years of health and happiness together.

**PLAN JOINT ACTION ON GRADE PROBLEM**

**Municipal Representatives at Winnetka Session Agree on United Front**

More than a decade of individual municipal negotiations with the Chicago North Western and the Chicago, North Shore and Milwaukee railroads in an endeavor to effect a separation of grades throughout the north shore having proven fruitless, 31 representatives of the village and cities from Evanston to Highland Park gathered at the Winnetka Village hall last Thursday night at the invitation of Winnetka Village President H. F. Tenny for the purpose of organizing for joint and positive action and, if necessary, appeal to the Illinois Utilities commission project.

As the direct result of an evening of discussion of the attitudes and interests of the various towns concerned and possible plans of procedure, the members of the meeting voted unanimously in favor of a proposal to form a committee composed of one representative from each interested municipal governing body. This committee is scheduled to meet Thursday, Dec. 15, for the purpose of planning the formation of a permanent board composed of as many representatives from each town as deemed advisable to handle the project for the communities as a unit.

**ST. FRANCIS GUILD SPONSOR BAZAAR DEC. 10**

**Proceeds to Benefit St. Mary's Home for Children; Ask Co-operation**

The annual bazaar sponsored by St. Francis guild of the Episcopal church for the benefit of St. Mary's Home for Children, 2822 Jackson boulevard, Chicago, will be given at the home on Saturday, Dec. 10, from 10 o'clock in the morning until 10 at night. A turkey dinner will be served from 5 to 8.

The women of the guild work earnestly to make this affair a success. Their hearts are in the work because upon the success of the bazaar somewhat depends the happiness of the little girls whose only home is St. Mary's. Every parishioner is asked to bear in mind that the more profitable the bazaar, the more cheer for the Home children. St. Francis guild asks the hearty co-operation and patronage of every church person.

There is scarcely a parish in the Chicago diocese but has its own bazaar and always there is something left unsold. It would be greatly appreciated if some of these materials were to be donated to St. Mary's bazaar. Such articles may be sent to Mrs. C. A. Gowdy, 1028 Ontario street, Oak Park, or to St. Mary's home.

**SURPRISE THIEF IN HOME; MAKES ESCAPE**

**Mr. and Mrs. Harry Reynolds Find Burglar Friday Night and Pursuit Ensues**

A thief was surprised in the home of Mr. and Mrs. Harry Reynolds, Broadview avenue, last Friday evening, when the couple returned home about 8:30. The intruder rushed into the bath room as he heard the door of the house opening and then jumped from the bath room window. The police were called and Officers Demgen and Schoonover responded. They searched the neighborhood and caught sight of the fugitive running about two blocks from the Reynolds home. Several shots were fired at the man, but he was too far away and did not stop, finally disappearing in the woods, where the trail was lost. A watch and an antique Russian knife in a sterling sheath are missing. Other plunder obtained was dropped by the thief as he fled.

"The boys who stayed at the homes were royally treated and enjoyed it very much. We hope," continues Coach Day in closing his letter to Mr. Peel, "that we can entertain you and your boys next October in a way that will measure up to our Chicago trip."

**WYOMING RAILROAD HAS TRADE SCHOOL COACH**

A railway car, equipped for trade instruction of railway men without interruption to their work, travels from town to town in Wyoming providing vocational training to railway engineers, firemen, and engine-maintenance men. The service not only benefits the 750 men whom it reaches but the general public as well, through improved railroad service and increased safety in travel.

Eight naturalists in New Jersey went out into the wilds the other day and bagged twenty-four poisonous snakes after three hours' search. We know a fellow who took two drinks of synthetic booze and caught more reptiles than that without leaving his hotel room.
