On December 31st we added \$100,000.00 to our Surplus account with the result that the patrons of this bank now have back of their deposits a capital structure of

**\$554,023.11**

Why not make it your bank?

## HIGHLAND PARK STATE BANK

The Old Reliable and Progressive Bank

Those present at this session were Mayor Lewis and Commissioners Brown and Zimmer. Commissioners Reay and Gourley were absent.

### Board Meets

At the meeting of the board of local improvements the bid of F. E. Kaminski of \$17,931.39 was received for construction of water mains in Forest Ridge subdivision.

Contracts for water mains in Sunset Manor, Golf Links, Deerfield Villa and First addition to Deerfield Villa was awarded to the E. A. Meyer Construction Co., the contract price being \$31,543.00.

Several engineers estimates of amounts due contractors for work and material were presented and approved.

### ST. JOHN'S CHURCH HAS ANNUAL BUSINESS MEET

Reports of Various Organizations Given; Meeting Held Tuesday Evening

The annual dinner and business meeting of the members of St. John's church was held on Tuesday evening, Jan. 10 at seven o'clock in the basement of the church. About sixty adult members were present. A delicious dinner was served by the social committee of the Ladies' society, assisted by other members, and was much enjoyed. Before the business meeting the girls' choir sang several selections. Mr. C. B. Hansen, president of the church council led the business meeting. He spoke optimistically of the work of the various organizations of the church and commended those who helped in an active way in making the year's work a success. Mrs. Charles Werhane, president of the Ladies' society gave a report which told of the educational and benevolent work done by the women. All of the money is raised by free will donations. Miss Elsie Rosenow gave a report of the Sunday school work for the past year and Mrs. C. G. Rosenow gave the financial report of the church. The pastor, Rev. K. A. Roth gave a detailed report of the year's work and reported an increase of fourteen in the membership of the congregation. He urged the loyal support of every member in the coming year. The election of members to the church council resulted in the following: Mr. Fred Bremer, Mr. G. A. Holste and Mr. Frank Zimmer. Mr. C. B. Hanson and Mr. Frank Howe were elected last year and are serving another year. Mr. Fred Balz and Mr. C. G. Rosenow are the retiring members this year.

The girls' choir sang an appropriate closing song and everyone departed feeling that an evening of fine Christian fellowship and sociability had been enjoyed.

### COMPLIMENTS POST OFFICE ON SERVICE

Mr. Vetter of the Vetter Electric service in a letter to Postmaster Schneider compliments the service of both the local and Highwood post offices. He cites an example of prompt delivery, stating that he mailed a bill at the local office to J. Flannigan of Highwood at 8:15 a. m., Friday morning, and at 3:01 that afternoon received by the regular mail carrier a check in full for the bill. This speaks well for the mail service and also for Mr. Flannigan's promptness in reply.

The Loretta Shop has on sale 10 raincoats, high priced models, at \$4.50. Also 8 fine leather coats. 46 A clearance of millinery, including many Knox hats, is in progress at the Loretta Shop. 46

### SHOWS FAILINGS OF NATIONS' POW-WOWS

#### INTERNATIONAL SESSIONS

President of Carnegie Foundation Says While Some Benefit, They Are Often Failures

Unofficial conferences for the discussion of international problems, while in the main beneficial, have certain failings, points out Doctor Henry S. Pritchett, President of the Carnegie Foundation for the Advancement of Teaching, in an article on the Institute of Pacific Relations which met this summer in Honolulu, in the first number of the new Scribner's Magazine.

#### Have Weaknesses

"The methods of the international conferences which centre around round-table sessions have their weaknesses as well as their strong points," writes Doctor Pritchett. "Where the members of a round-table have a background of facts with respect to the questions discussed, there is a practical starting-point from which fruitful discussion begins. On the other hand, if the round-table consists in large part of persons whose acquaintance with the topic under consideration is limited or fragmentary, the sessions tend to resolve themselves into desultory discussions in which those who like to talk occupy the time. Sometimes in the Honolulu meeting there were occasions when the Institute was disposed to take itself a little too seriously, but on such occasions the sound judgment of the chairman always came to the rescue.

#### Political Aspects

"Then tendency toward political thinking was likewise apparent in the constant condemnation of the old diplomacy, and of diplomats in general, with the implication that unofficial gatherings like that of the Institute could take the place of negotiations conducted by the representatives of government. It requires only brief consideration to show that, however fruitful gatherings such as that of the Institute of Pacific Relations may be, they cannot take the place of the careful, laborious, and searching work of a joint commission representing two governments, where the facts are brought to light as they cannot possibly be brought in an informal gathering. It is important that such gatherings keep in mind the distinctions between these responsibilities."

### DOG DIES OF RABIES HERE, POLICE REPORT

A dog owned in Highland Park and believed to be suffering from rabies was taken to a veterinary surgeon during the last week and he pronounced the malady to be as suspected. The dog died shortly afterwards. He had not bitten any person or any other animal as far as known, the police report. Several cases of rabies among dogs have been reported of late in other north shore towns.

### ARRESTED ON CHARGE OF ANNOYING GIRLS

A young man was arrested Tuesday charged with annoying young girls in the south part of the city while on their way to and from school. Complaints were received from parents and the police investigated. At first the identity of the man was difficult to obtain but finally a truck driver, believed to be the person wanted was taken into custody.

### AIRPLANE INDUSTRY HAS RAPID GROWTH

Is Being Developed Just Like Railroads and Autos In Past; Has Future

The airplane industry is being developed just as were railroads and automobiles. It takes pioneering, courage and faith in the project.

Twenty years ago the conservative individual wouldn't ride in an automobile. Today he won't ride in an airplane. But the fact remains that automobiles are as common today as bath tubs.

Most people do not realize that well established air lines are handling mail, passengers and express over our whole nation. They operate on schedule up and down the Pacific Coast, in the Rocky Mountain states, thru to Chicago and east.

These lines have all had to develop under adverse conditions just as did the first railroads and the first automobiles. The pioneering planes have had vast distances of mountains, timber and deserts to cover, with landing fields few and far between without guiding lights and with other innumerable obstacles to contend with. Only men with the pioneering spirit would attempt to surmount such difficulties.

In going from San Francisco to Chicago by plane, a recent passenger said that he felt entirely comfortable, relaxed as he would in any easy chair in his own parlor, and enjoyed the varying scenery which could not be observed in any other manner. He said there was no feeling of instability, and when he was tired he took a nap. Wonderful scenery was encountered and even herds of antelope and other wild life were visible. The time was 21 hours from San Francisco to Chicago.

### LARGE PERCENTAGE OF U. S. ROADS SURFACED

More Than Half-Million Miles of Highways Included In This Category

Eighteen per cent of the existing highway mileage of January 1, 1927, was surfaced, we are told by the highway department of the Chicago Motor club. There were 3,019,100 miles of rural roads of all types in this country on that date. This mileage was made up of 287,928 miles on the state systems, and 2,731,172 miles on the county and local systems. According to the bulletin, the states had surfaced approximately 396,401 miles. In using the word "approximately," it was estimated that local surfacing in 1926 amounted to 200,000 miles—the facts for that year not having been fully compiled.

The surface mileage included roads with all types of surfacing, such as sand, clay and top soil, gravel, water-bound macadam, bituminous macadam, sheet asphalt, bituminous concrete, Portland cement concrete, and block pavements of brick, asphalt, wood or stone.

Non-surfaced roads are those which are wholly unimproved, or have been merely graded and drained.

A woman was entering a motion picture house when she was stopped by an attendant.

"Excuse me, madam," he said, "but you can't take your dog inside."

"How absurd!" protested the woman. "What harm could the pictures do to a tiny dog like this?"

First Souze: "Is that your best girl over there?"

Second Policeman: "No, necks best though."

### HIGHLAND PARK MUSIC SCHOOL

### COUNCIL AND BOARD IN REGULAR SESSION

Continued on page 5

a special assessment fund of the city in purchase of said warrants.

Final approval and acceptance was accorded the plat of Woodlands subdivision of Lot 4, Ravinia Woods. The bill of P. Ugolini for construction of a sidewalk on the east side of Forest avenue, between Linden and Wade street, was approved for \$1,171.17.

The city clerk was authorized to request the Chicago & Northwestern Railroad Co. and the Chicago, North Shore & Milwaukee Railroad Co. to install wig-wag signals at County Line road and Skokie Valley branch, also to request the Illinois Commerce Commission to co-operate with the city in this request.

**To Spread Assessments**  
E. E. Clark was appointed officer to spread the assessment providing for paving North Green Bay road, Special Assessment No. 326, and Frank Laing was named to spread the assessment for a connected system of water mains in Sherwood Manor and Hovland's Highland Park Acre subdivision, Special Assessment No. 325.

The following resolution was adopted expressing thanks of the council and city to the Lake county board of supervisors for assistance in securing promise of state aid in building the North Sheridan road bridges:

**Resolution of Thanks**  
Be It Resolved by the Council of the City of Highland Park, Lake county, Illinois:

That whereas this City has been for nearly three years last past in need of bridges on North Sheridan road, the principal north and south through street of Highland Park, and

Whereas the voters of this city defeated a proposed bond issue to pay for said bridges, and

Whereas the board of supervisors of Lake county have given their efforts and hearty co-operation to the attempts of this city to get said bridges by state aid and

Whereas state aid was obtained by promise of Honorable Len Small, governor, due to the co-operation and efforts of the said board.

Now, Therefore, Be It Resolved that an expression of appreciation by this body as representing said City of Highland Park be extended to said board of supervisors for its efforts in that behalf and for its co-operation, and

Be It Further Resolved that the city clerk be directed to forward a copy of this resolution to said board of supervisors.
