Notices for this column should be in to the Press office by Tuesday noon of the week of publication to insure their appearance.

Christian Science

First Church of Christ, Scientist, Highland Park, Ill., 381 Hazel Avenue, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds services every Sunday morning at 10:45 and on Wednesday evening at 8 o'clock, when testimonies of Christian Science healing are given. Sunday School meets at 9:30 a.m., and is open to pupils under the age of twenty.

Subject for next Sunday's lesson sermon, "Life."

You are cordially invited to make use of the reading room, 361 Central Avenue, which is open every week day from nine in the morning until six in the evening and on Wednesdays until 7:30. The reading room is also open on Sunday afternoon from 2:30 to 5:30.

Bethany Evangelical

Rev. C. F. Schriver, minister.

Last Sunday's services were very heartening to the pastor. He wishes hereby to express his gratitude to the choir and to the Baraca Sunday school class for their help in these services of worship. We were sorry for the illness of Mr. Guyot, the president of the class, which made it impossible for him to be with us and help.

Next Sunday the pastor's themes will be: a. m., "The Fifth Beatitude," and p. m., "What Jesus Means to Me." The young folk are assisting in this service and will be glad for your presence.

Prayer meeting each Wednesday evening at 7:45. You are invited to all the services of worship at Bethany church. Come thou with us and we will do thee good.

Choir practice Friday night at 7:45. Our Sunday school workers conference last week adopted some worthwhile goals for the year. Learn what they are and then do your best to help realize them. We can if we will, should be made "We can and we will." Will you help?

N. S. THEATER GUILD TO CONDUCT "TRYOUTS"

Anyone From Lake Forest to Evanston Eligible; In Winnetka January 30

Have you given up a promising stage career to go into business or to keep house? Do you like the grease paint and footlights? Would you like to qualify for membership in the North Shore's own company of amateur actors, picked from all the communities lying between Lake Forest and Evanston? If so, don't forget the date, January 30, when the North Shore Theater Guild conducts tryouts at the Winnetka Community House for the purpose of making up a record of all talent available.

As most of our readers know, the North Shore Theater Guild was formed seven years ago, for the purpose of putting on first rate amateur productions. It was thought that by choosing talent from the entire length and breadth of the North Shore, plays could be presented that would compare favorably with professional productions. The expectation proved reasonable. Guild productions have been of an exceptionally high order from the start. Care in the selection of literary material, the employment of a permanent director, and the enthusiasm of its supporters has made the Guild a respected and solid institution. Hundreds of regular members hold season tickets and attend every performance.

This year the Guild has a new director, David Owen, who comes here from the University of Michigan. He is unfamiliar with those who are available for Guild productions, both those who have formerly acted and those who have not. As the most expedient way of getting necessary information, Mr. Owen has decided upon the tryout method, and urges everyone who is interested to be present on January 30, at the Winnetka Community house, at either 2:00 or 8:30 p. m.

Each candidate will be asked to give a reading of two minutes length, either memorized or not as preferred. This should give a good idea of voice and interpretation. Mr. Owen wants it understood that these tryouts are not for any particular play, but rather for purposes of future reference of casting.

Y. W. C. A.

All of the Y.W.C.A. clubs are devoting much of their time until February 3 in preparing for their part in the world fellowship program to be presented at the annual meeting of the association on that date. The girl reserve "cubs" are preparing a program of folk dancing under the direction of Mrs. Wilson Kline, adviser. The Look-out triangle of grade school girl reserves are preparing a program which will portray the work of the Y.W.C.A. in Czecho-Slovakia. The girls are learning a camp song which was written and sung by the girls of the Y.W.C.A. camp in Czecho-Slovakia. Some of the girls will dress in the costume of that country. They are also planning to dress dolls in costume. The Live Y-er club of high school girl reserves will present a short world fellowship play as the conclusion of the program. The B.Y.'s club of business girls will present a skit telling of the work of the association in South America. The Mothers' club will tell of the Y.W. work in England. The Friendship club will tell something of the association in Japan. The house girls will present the Y. W. as it is found in China. Miss Agnes Holtz and Miss Betty Jensen will represent Denmark with an exhibition of Danish gymnastics and folk dancing. Table decorations will carry out the central theme of world fellowship, making use of flags and colors of the many nations which will be represented.

The Y.W.C.A. is glad to be able to announce that beginning with Sunday, Jan. 15, a short vesper service will be held every Sunday at six o'clock at the association headquarters. The usual Sunday open house will be held both before and after this hour. The first vesper service held last Sunday was an interpretation of the Lord's prayer. The reading parts were taken by Miss Anna Suomi of the Friendship club and Miss Laura Craneheld, associate secretary. Miss Helen McQuillen played the music and led the singing. The second service will be held this Sunday and any who are interested are cordially invited to attend.

The Y.W.C.A. is sponsoring a Sunday school class for girls at the Italian M. E. church in Highwood every Sunday afternoon from two until three o'clock. The secretaries are very anxious to have the help of any young woman in Highland Park who may be actively interested in constructive religious education of this kind. It is a very real opportunity for service.

The Y.W.C.A. is offering a second term of lessons in Danish gymnastics and folk dancing on every Monday and Thursday from eight until nine o'clock under the supervision of Miss Agnes Holtz. As long as the enrollment of the class is ten or more it will continue to meet. If the enrollment drops below this number, it will be impossible to continue it.

A committee of members of the Friendship club met at the Y.W.C.A. on Saturday, Jan. 14, to revise the club constitution. The members of the committee were: Misses Anna Suomi, Esther Suomi, Minnie Kletteke, Lee Gygli, Helen Gygli. The revised constitution will be presented to the club at their regular meeting tonight at 8:30 o'clock.

A committee of girls of the B. Y.'s club met at the Y.W.C.A. on Tuesday night to plan their program on South America for the annual meeting.

The Look-out club of grade school girl reserves enjoyed a hare and hound chase on Wednesday, Jan. 11, followed by their regular meeting and light refreshments at the Y.W. building.

The cabinet of this club held their meeting at the Y.W. on Tuesday, Jan. 17, with Mrs. Bruce Chandler, adviser. The club program for the next months was discussed and committees appointed.

Laundry-washed Clothes Are Cleaner

... because the standards of cleanliness in the modern laundry are so exacting that they cannot possibly be equaled by even the most painstaking domestic methods. No laundress, however willing — no home equipment, however elaborate — can duplicate the inviting freshness of sweet, spotless, laundry-washed clothes. And here's why: When you wash at home it is impossible for you to give your clothes the beneficial effects of the rainsoft, water that modern laundries use. . . You are physically unable to bathe and rinse your things in 600 gallons of cleansing water, as is regularly done in present-day laundries. Home washing methods will never be able to compete successfully with the magnificent laundry equipment that so gently removes dirt from every fabric pore. And you naturally lack the specialized knowledge so essential to the scientific preparation of the soaps, starches and mild clarifying agents that impart to laundry-washed clothes their inviting immaculateness. As a result, there is a pronounced difference between professional and domestic laundering — a difference that strongly emphasizes the fact that laundry-washed clothes are cleaner, purer and longer-lasting.
