### IRON ORE PRODUCTION DECREASED LAST YEAR

About 83 per cent of the iron ore shipped in 1927 came from the Lake Superior district. The output was 14 per cent less than in 1926. The Lake Superior situation was the same as that in the rest of the United States inasmuch as it showed a marked decrease in the output and the value of iron ore.

We know what the new Ford looks like, but we have hardly had time to judge its tonal qualities.
