Mr. and Mrs. Irving Belote of 1136 Oak street, Winnetka, are not having a free moment until they leave tomorrow morning with their daughter, Margaret, and son, Dick, to make their home in Atlanta, Ga. Mrs. William Greene gave a luncheon for Mrs. Belote on Tuesday at her home, 1432 Scott avenue. On Wednesday evening Mr. and Mrs. John Rudin of Chicago entertained at the Hamilton club. Mrs. Allen Weinstock of 1242 Cherry street gave a bridge party Thursday and that evening Mr. and Mrs. Edwin J. Thompson had several dinner guests at their home, 1067 Oak street, in honor of Mr. and Mrs. Belote.

Yesterday afternoon Mrs. George Mullen, Mrs. Arne Mauland, and Mrs. S. Frye, all of Glencoe, entertained at bridge at Mrs. Mullen's home, 401 Woodland avenue. Last evening Mrs. Belote's Sunday school class at the Wilmette First Methodist church gave a farewell party for her. Tonight Mr. and Mrs. George Graves of 57 Warwick road will give a dinner.

Miss Margaret Belote is having her share of the parties, with dinners given in her honor almost every evening. On Tuesday last, Miss Jane Dirksen of Wilmette gave a dinner party. Miss Annette Thompson of 1607 Oak street had one on Wednesday, and on Thursday Miss Helen Nigard of Wilmette gave one. Friday morning, Miss Belote's advisory room at New Trier had a skating party, followed by a luncheon at the home of Miss Jo Farley, in Kenilworth.

Mr. and Mrs. Harry Ullman of 120 Luciel avenue, Glencoe, and Mr. and Mrs. Milton M. Cohn of 901 Forest avenue, Wilmette, returned on Sunday, January 14, from a ten weeks' tour of Europe. They all spent three and a half weeks in London, and the rest of their time in Berlin, Vienna, and Paris. According to Mrs. Ullman, one of the most delightful and interesting days of their trip was Christmas which was spent in Semmering, the St. Moritz of the Austrian alps. It is only two hours from Vienna and a delightful place. Everything is closed in Vienna on that holy day. There are no automobiles in Semmering. Horses and sleighs are used instead. They returned on the majestic and spent three days in New York. It was a wedding trip for Mr. and Mrs. Cohn.

Mr. and Mrs. George A. Myers of Stockton, Ill., announced the engagement of their daughter, Doris Lucille, to Harry Bryson Field, son of Mr. and Mrs. Harry Field of Wilmette recently. The wedding took place Saturday evening, January 28. It was a quiet, home affair.

Mrs. Benjamin Runyan, daughter of the Albert M. Scharfs of 509 Cherry street, has been visiting her parents during the past week. Mrs. Runyan, who was Dorothy Scharf before her marriage last June is making her home in New York City. Included in the entertainments being given for her was an informal evening gathering at the home of Miss Margery Windes of 873 Spruce street, Friday, January 27, for a number of Mrs. Runyan's former high school and college friends.

Mrs. Bentley McCloud and Mrs. A. L. McDougal of Kenilworth gave a tea and kitchen shower for Miss Dorothy Foresman Monday afternoon at the home of Mrs. McCloud on Kenilworth avenue. Miss Foresman will be married about the middle of February, to Warren McCracken of Barrington, Ill.

Mrs. Frank D. Fulton of Winnetka who has been in the hospital since early December, has departed this week with Mr. Fulton and their daughter, Miss Helen Fulton, for a stay in Miami, Fla.

Miss Carolyn Case, daughter of Mr. and Mrs. Francis M. Case of 160 Sheridan road, Hubbard Woods, has been feted recently in honor of her coming marriage to Lawrence Everett Norem. Among the most recent parties given in her honor was a luncheon given by Mrs. Russell Stafford. Miss Case will not be married for several months.

Miss Anne Pavey, sister of Mr. and Mrs. William B. Pavey of 845 Lincoln avenue, left Winnetka this past week on a Mediterranean tour. She sailed January 25, on the Transylvania, and expects to be gone three months. Since this is Miss Pavey's third visit in this part of the world, she will be entertained by friends in Constantinople and other cities.

Harry Vissering of Kenilworth, who was a member of the Getz party on its recent African hunt, will soon be in Kenilworth with an interesting story of his varied experiences. A recent article in the Chicago Tribune gave quite a lengthy report given by Mr. Getz to a correspondent of this newspaper, which told of some very dangerous and hazardous escapades in the African wilds.

Mr. and Mrs. Ernest H. Hicks of Winnetka, accompanied by their son-in-law and daughter, Mr. and Mrs. William Bradford Frazer of 50 West

Schiller street, departed Saturday to spend two months in Pasadena, Cal.

Mr. and Mrs. Arthur K. Dean had as their guest last week-end, Mr. Dean's sister-in-law, Mrs. Edwin B. Dean, of Crete, Neb. Mrs. Frank Ferry, 391 Sheridan road, and at the Cooper-Carlton hotel at a Missionary Conference.

Lorraine Meister of 803 Elmwood avenue, Wilmette, and Miss Mari Koretz, daughter of Mrs. Mae M. Koretz, 912 Cherry street, Winnetka, are to give a dinner party at the North Shore hotel February 4.

GLENCOE VOTERS FOR SCHOOL BOND ISSUE
Vote in Favor of Plan to Finance New North School Building

The proposed issue of bonds to the extent of \$150,000 to finance the erection of a new school building in the north section of the village and certain necessary improvements in the present school structures, was approved by the voters of the village at the special election last Saturday by a vote of 47 to 1.

Contracts for the erection of certain parts of the new building are to be let at once in order to permit the completion and occupation of the structure by next fall. The school will resemble the present South school in general appearance and equipment, providing six class rooms, a teachers' room, play court and an unfinished section which can later be made into two rooms to meet future expansion needs. It will be located at Green Bay road and Vernon avenue.

AN ORDINANCE PROVIDING FOR THE REGULATION OF THE INSTALLATION, ALTERATION AND USE OF ELECTRICAL EQUIPMENT, AND FOR THE INSPECTION THEREOF.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HIGHLAND PARK, LAKE COUNTY, ILLINOIS:
Section 1. The term "electrical equipment" as used in this ordinance, means conductors and equipment installed for the utilization of electricity supplied for light, heat or power, but does not include radio apparatus or equipment for wireless reception of sounds and signals, and does not include apparatus, conductors and other equipment installed for or by public utilities, including common carriers, which are under the jurisdiction of the Illinois Commerce Commission.
Section 2. There is hereby established an electrical inspection department for the regulation of the installation, alteration and use of all electrical equipment, as herein provided. Such electrical inspection department shall be a part of the Department of Public Health and Safety and shall consist of the chief electrical inspector of the city and such other employees as may from time to time be provided for by the city council. Such electrical inspection department shall be charged with the duty of enforcing the provisions of the rules and regulations relating to the installation, alteration and use

of electrical equipment, as hereinafter provided for, and shall function under the immediate supervision and control of the chief electrical inspector.

Section 3. There is hereby established an electrical commission which shall consist of five members, as follows: The chief electrical inspector shall be a member and ex-officio chairman of such commission; of the other four members, one shall be an electrical contractor, one a journeyman electrician, one a representative of an inspection bureau and one such representative in the city; then the chief of the fire department, and one a representative of an electricity supply company. Such members shall be appointed for one year by the mayor, by and with the advice and consent of the city council. The chief electrical inspector shall serve on such commission without additional compensation; members shall receive such compensation as may be fixed by the city council (or shall serve without compensation).

Section 4. There is hereby created the office of chief electrical inspector. The person chosen to fill the office of chief electrical inspector shall be a competent electrician of good moral character, who shall have practical experience in electrical construction, shall be well versed in approved methods of electrical construction for safety to life and property, the statutes of the State of Illinois relating to electrical work, the rules and regulations issued by the Fire Marshal of Illinois under authority of the National Electrical Code, and other installation and safety rules and standards approved by the American Engineering Standards Committee.

Section 5. Said chief electrical inspector shall be appointed for one year by the mayor, by and with the advice and consent of the city council. He shall serve without salary or at such salary as may be provided by ordinance from time to time. Before entering upon the discharge of his duties, shall file a bond with security to be approved by

the city council in the sum of One Thousand (\$1,000.00) Dollars. The chief electrical inspector shall be appointed by the city council and to be conditioned upon the faithful performance of his duties. The chief electrical inspector shall also take and subscribe an oath faithfully to discharge the duties of his office, which oath, together with the certificate of his appointment and bond shall be filed with the city clerk. It shall be unlawful for the chief electrical inspector, except in the performance of his official duties hereunder, to engage in the business of electrical contracting, or in the sale of electric material, either directly or indirectly, and he shall have no financial interest in any concern engaged in such business in this city at any time while holding the office of chief electrical inspector. Any violation of the provisions of this section by said chief electrical inspector shall be sufficient cause for his removal from office, but he may be removed for other causes as provided by ordinance.

Section 6. Such electrical commission shall recommend safe and practical standards and specifications for the installation, alteration and use of electrical equipment designed to meet the necessities and conditions that prevail in this city, alter, amend, maintain or supplement such standards and specifications, and shall recommend reasonable rules and regulations governing the issuance of permits by the electrical inspection department, and shall recommend reasonable fees to be paid for the inspection of such work. Such standards and specifications, such rules and regulations, and such fees shall not become effective until adopted by ordinance by the city council. All such fees shall be paid to the city treasurer.

Section 7. Upon the adoption by ordinance of such standards and specifications, rules and regulations, and fees, the same shall at once become operative and thereafter no electrical equipment shall be installed or altered except upon a permit first issued by the electrical inspection department. The

electrical inspection department shall issue permits for such installation and alteration of electrical equipment in all cases where application shall have been made in accordance with the rules and regulations established as above provided. The said electrical inspection department shall inspect all such electrical equipment installed or altered in this city, and shall require that it conform to the standards and specifications applicable thereto which have been recommended and adopted as herein provided.

Section 8. Said chief electrical inspector shall have the right during reasonable hours to enter any building in the discharge of his official duties, or for the purpose of making any inspection or test of the installation or alteration of electrical equipment contained therein, and shall have the authority to cause the turning off of all electrical currents and to cut or disconnect in cases of emergency any wire where such electrical currents are dangerous to life or property or may interfere with the work of the fire department.

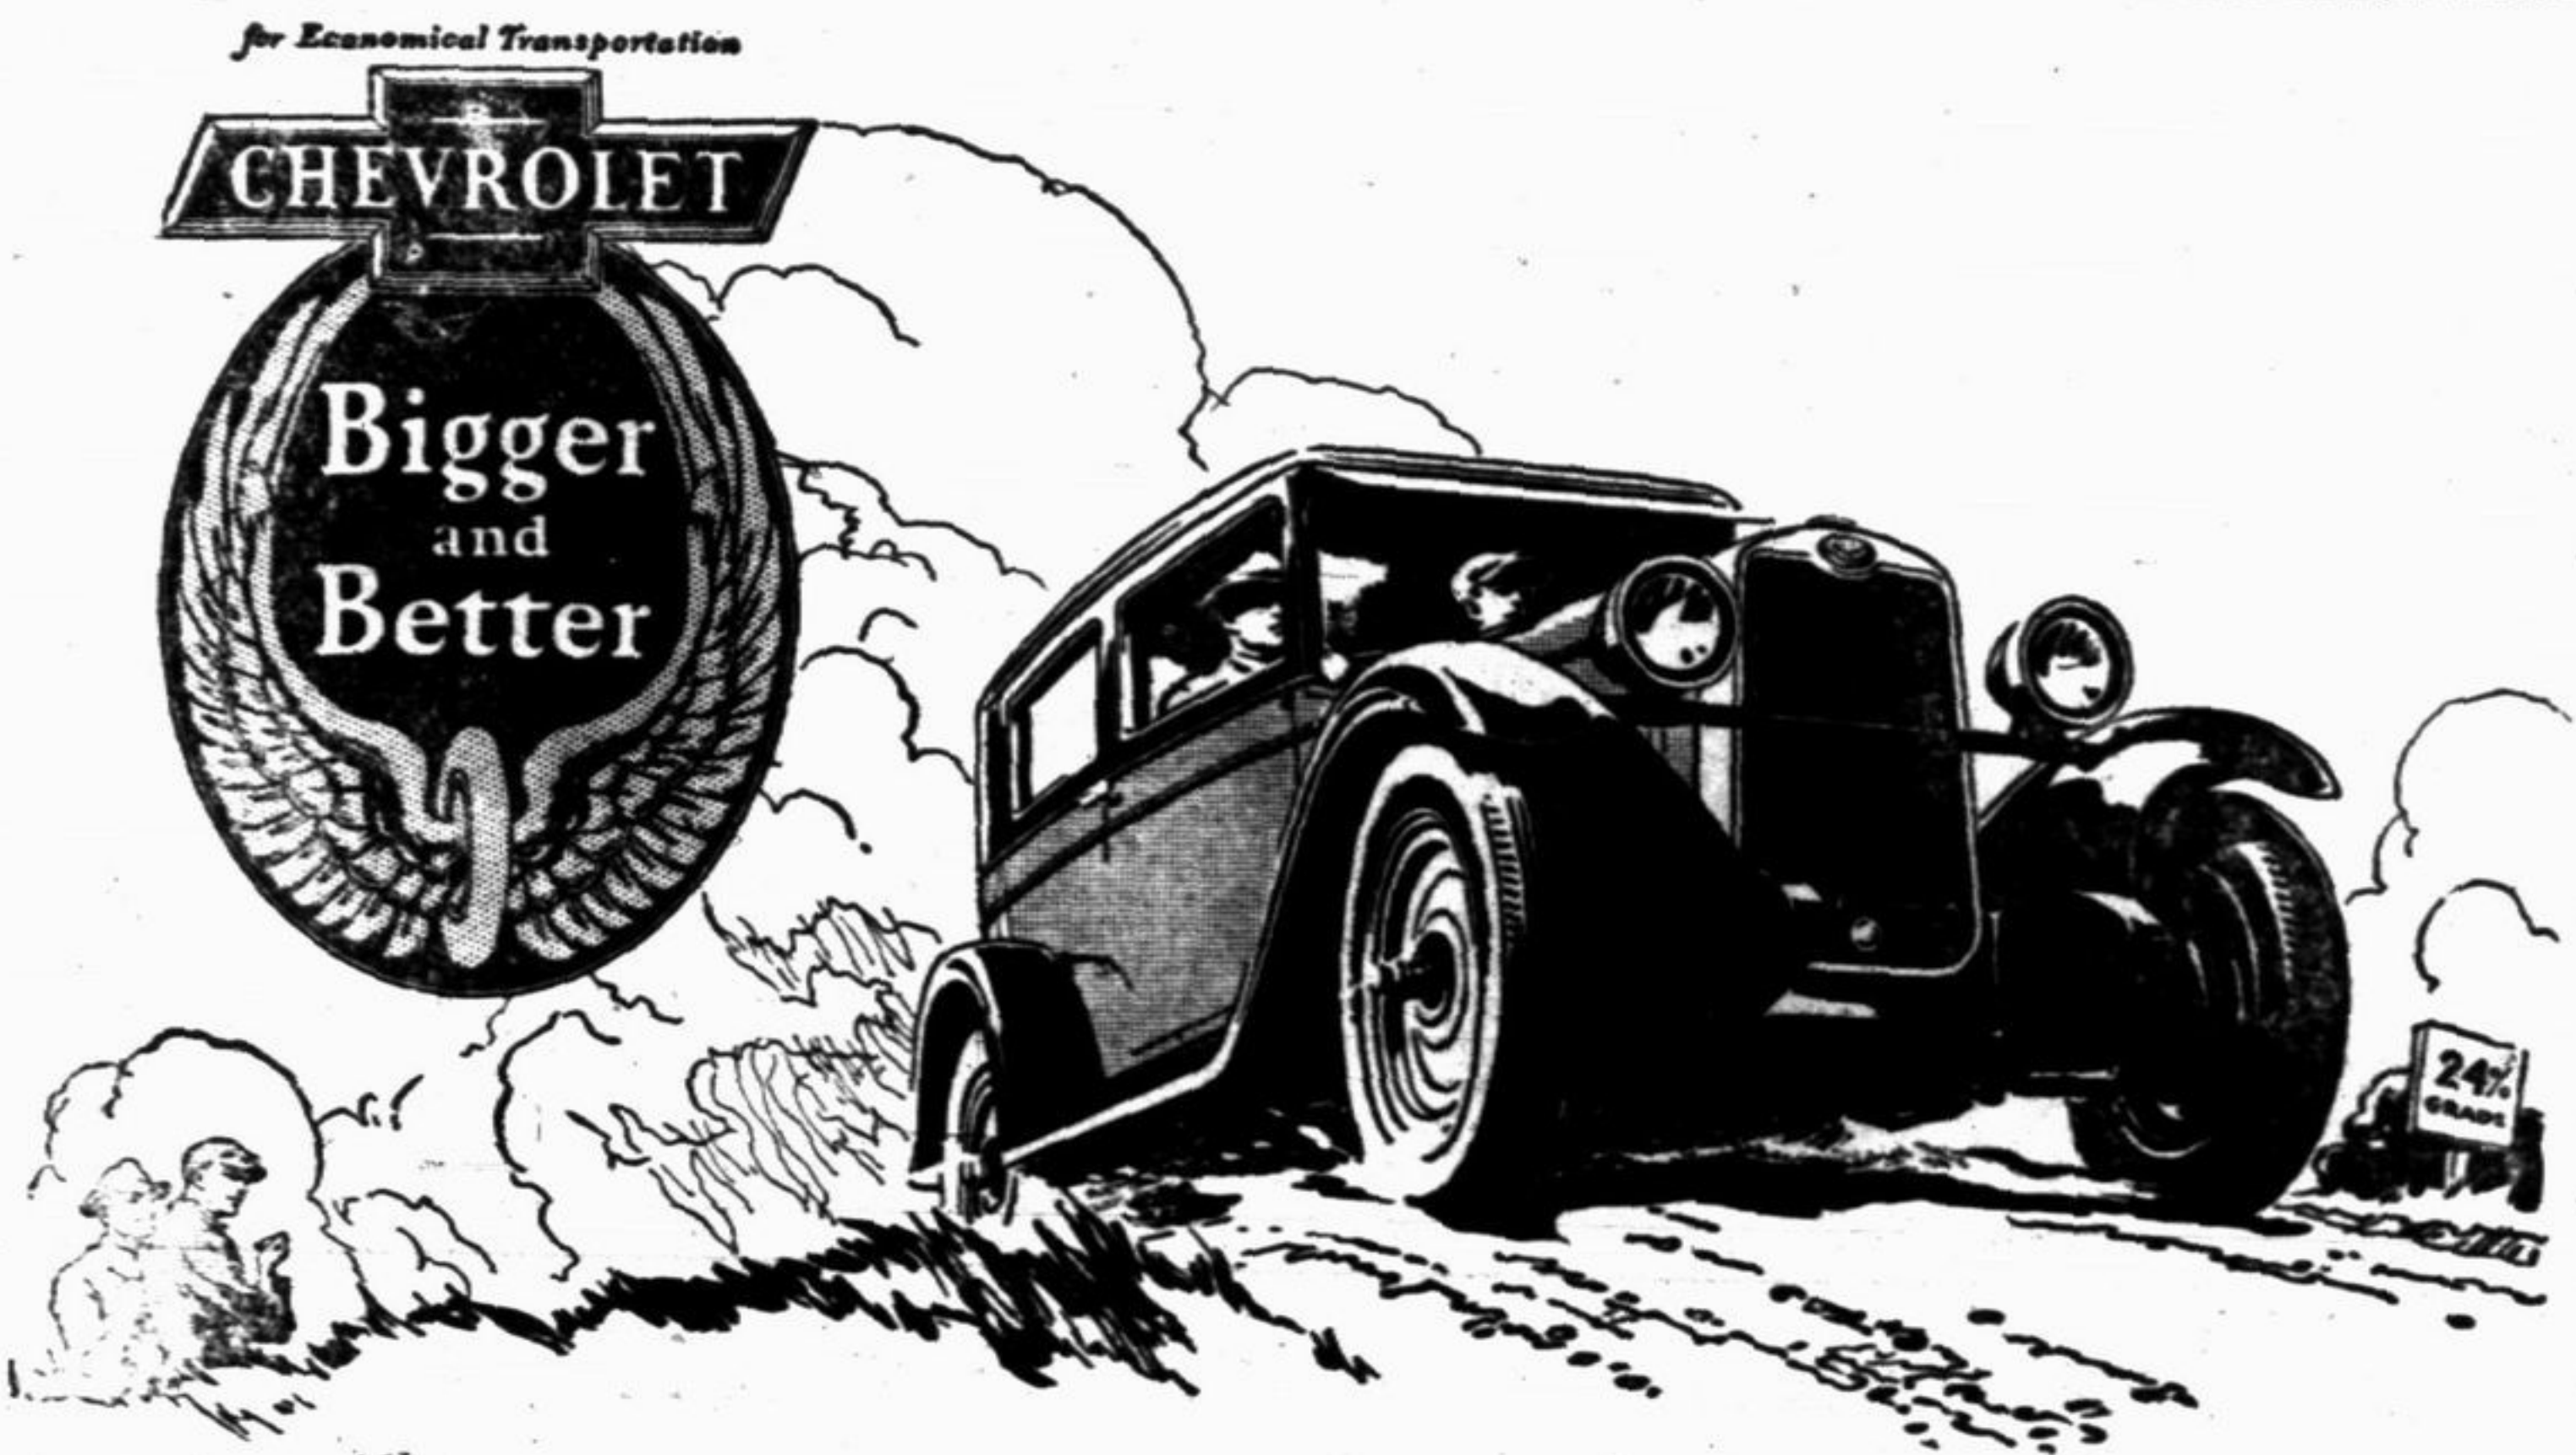

Section 9. Upon the completion of the installation or alteration of electrical equipment in any building, it shall be the duty of the person, firm or corporation installing or altering the same to notify the chief electrical inspector, who shall inspect the work within twenty-four hours after such notice is given; and if such electrical equipment is found to be fully in compliance with this ordinance and does not constitute a hazard to life and property, he shall issue to such person, firm or corporation, for delivery to the owner, a certificate of inspection authorizing connection to the electrical service and the turning on of the current. All wires which are to be hidden from view shall be inspected before concealment, and any person, firm or corporation installing such wiring shall notify the chief electrical inspector, giving him twenty-four hours in which to make the required inspection before such wires are concealed.

Section 10. No certificate of inspection shall be issued unless the electrical equipment to be installed or altered conforms to the standards and specifications of this ordinance. Section 11. The provisions for inspection of work authorized by the permits issued in accordance herewith shall not be construed as prohibiting the inspection of any electrical equipment now or hereafter installed, whenever the chief electrical inspector shall determine that the public safety requires it. No inspection shall be charged for such extra or additional inspection, but in case it becomes necessary to replace such electrical equipment on account of defects discovered by such inspection a permit therefor shall be obtained in accordance with the provisions of this ordinance. Section 12. The electrical inspection department shall keep complete records of all permits issued and inspections made and violations of this ordinance. Section 13. Any person, firm or corporation who shall willfully fail or refuse to comply with any of the provisions hereof shall, upon conviction thereof, be punished by a fine of not less than Five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars for each such offense. Section 14. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed. Section 15. This ordinance shall take effect and be in force from and after its passage and due publication.

Section 16. The electrical inspection department shall keep complete records of all permits issued and inspections made and violations of this ordinance. Section 17. Any person, firm or corporation who shall willfully fail or refuse to comply with any of the provisions hereof shall, upon conviction thereof, be punished by a fine of not less than Five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars for each such offense. Section 18. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed. Section 19. This ordinance shall take effect and be in force from and after its passage and due publication.

Sensational New Performance
Amazing New Low Prices!

Longer, lower, more rugged and powered by an improved valve-in-head engine—the Bigger and Better Chevrolet offers a type of over-all performance so thrilling that it has created wildfire enthusiasm throughout America.

And coupled with this amazing engine performance is a type of riding and driving comfort almost unbelievable in a low-priced automobile. A wheelbase of 107 inches—four inches longer than before—has made possible a new method of weight distribution that results in amazing new balance and roadability. Four semi-elliptic shock absorber springs—that set parallel to the frame and are 84% as long as the wheelbase—smooth out the roughest stretches of highway. And a new ball bearing worm and gear steering mechanism, which even includes ball bearing thrusts at the front axles, provides steering ease that is a source of constant delight.

Never before has any new car won buyers by the thousands so rapidly. Here, as all over the country, the new Chevrolet is breaking all records for the number of cars in owners' hands following public presentation—because the new Chevrolet comes to the public a proved car, built in factories unsurpassed for efficient precision quality manufacture.

You need only to see and drive this sensational car to know why it has everywhere encountered a public reception of history-making proportions—why everyone calls it the world's most desirable low-priced automobile. Come in today for a demonstration!
