

MAN NAMED LINCOLN AIDED REVOLUTION

GAVE IMPORTANT SERVICE

Was Major General in Colonial Wars; His Counsel Proved Great Help to Pioneer Statesmen

The name Lincoln has so been taken in history by the great war President that comparatively few people know of the important part taken in the Revolution by a Lincoln, according to Quaker O'Taylor, who writes in the current issue of the National Republic of the interesting career of Benjamin Lincoln, farmer, soldier and Revolutionary hero.

When the occasion arises a farmer can adapt himself to other occupations more readily and satisfactorily

than many people in other walks of life, says Mr. O'Taylor.

Benjamin Lincoln, major general in the Revolutionary War, was a man of that type. His boyhood was spent on his father's farm. He plowed, harrowed, chopped wood, planted and dug potatoes, curried horses, spread manure, husked corn, weaned calves, milked cows, greased harness, fed hogs and chickens, made apple butter, cider, soft soap, and performed scores of other chores that are always staring a farm boy in the face. For a few months each winter he trudged the snow to a country school. That's why he had the strong physique necessary to withstand the hardships of the Revolutionary War. When he reached the age of twenty-one he was married to Mary Cushing. General and Mrs. Lincoln lived together for fifty-five years and raised a large family. Two sons were graduates of Harvard.

PROPOSE CITY BOND ISSUES OF \$540,000

Continued from page 1

selling the present site and building. Enlargement of public library facilities have been admitted necessary for some time and the proposition of the board for a bond issue was approved some time ago to procure additional site and erect adequate building.

Fire Dept. Substation
Necessity of a fire station in the south end of the city to prevent increase of insurance rates, as the Board of Fire Underwriters has notified the city that unless this is done fire insurance rates here will be raised.

The bridge bond issue is planned to construct a new bridge on Dean avenue and a new foot bridge on Cary avenue; also to reopen and put in safe and condition all other bridges, as well as to build the approaches for the new bridges on North Sheridan road, which the state has promised to build this summer. It was explained that the bridges on Forest avenue and Waverly avenue are in broken down and decks in disrepair and also that cement work underneath is crumbling. Immediate repairs on these will put them in excellent shape. It is pointed out, but without repairs the bridges would soon be beyond rehabilitation. To do this work the city has no other way of raising the money except by bond issue, city officials say.

Municipal Yards
The bond issue for municipal yards and buildings to take care of the city equipment, such as autos, road machinery and the like and to provide a place for storage of car-load lots of material which can be purchased at considerable saving. The plan is to have these yards so located that they may be entered by switch tracks to save cost of double handling of material.

General Purpose Bonds
The general purpose bond issue would refund present indebtedness of \$55,000 in public indebtedness and city's share of cost of local improvement work assessed against the city by the county court on projects under regular special assessment. On these amounts the city now is required to pay the regular rate of 6 per cent, whereas by refunding the amounts in a bond issue the interest would be reduced to 4 1/2 per cent, making a considerable saving for the city. This and the proposed street widening bonds make a total of \$250,000 general corporate purpose bonds, in addition to the \$35,000 already refunded by the city.

Other Proceedings
At this meeting of the council an ordinance was passed defining the duties of the corporation counsel and separating the offices of corporation counsel and attorney for the board of local improvements. In this connection Bowen E. Schumacher resigned as corporation counsel and was reappointed to that office under the new ordinance.
A resolution was adopted authorizing the sale of the \$60,000 in bonds authorized some time ago.
An ordinance was passed vacating

alleys in Compton's addition, subject to easements.

An ordinance was adopted dismissing the old proceedings for improvement and widening of Sheridan road north of Central avenue and Central avenue east of Sheridan road. The movement now under way for extension of Sheridan road through to Laurel avenue, etc., is expected to take care of necessary improvements in this connection.

Sell City Property
An ordinance was adopted authorizing the sale of the city property on Clavey road, recently advertised for sale. The highest bidder is Roger L. Foote and the authorized sale price is \$42,500.
Final acceptance and approval

was accorded plats of the Kimball subdivision and the Woodcliff subdivision.

NATION'S ANNUAL FOOD BILL MANY BILLIONS

The size of the nation's market basket is less a guess for the estimate of the amount of our annual food bill given to the convention of the American Grocery Specialty Manufacturers' Association. At \$22,000,000,000 the amount was fixed by A. C. Monagle of New York. Into that round reckoning went all the products bought from grocers, butchers, and confectioners.
And for the specialty makers, themselves, no doubt there was food

for thought in the number of outlets for their wares—351,000 groceries, Mr. Monagle said, 61,563 places where candy is sold exclusively, and 19,000 shops selling only bakery goods. Those figures are more than rhetorical ornaments. They are timely measures of inviting market possibilities. They are excellent range finders for scoring direct hits with sales and advertising campaigns, says the Nation's Business Magazine.

Things even themselves up pretty well, and in exchange for the lecturers, the Commerce Department assures us that our exports of prunes have increased 16 per cent over last year.—Detroit News.

VALENTINES

We have a very complete stock of Valentines priced from 1c up. Come in now while our selection is most complete.

CANDY

In heart shaped boxes for the occasion. We will reserve any box for February 14th, and deliver at that time.
