

FUNERAL HELD FOR MRS. BREMER JAN. 28

BURIAL IS IN NORTHBROOK

Well Known Citizen Passes on January 24, Aged 92; A Pioneer Here

With the death of Mrs. Dorothy Rosenow-Bremer on Tuesday morning, Jan. 24th, a well known and much beloved citizen of this community passed on to the great beyond at the ripe old age of 92 years 10 months and 10 days.

Mrs. Bremer was one of the early settlers of this locality, coming to this country in 1853, and making her home on a farm in Northfield Tp. near what is now Glenview. She was born in Magdeburg, Germany on March 14, 1835, the daughter of Mr. and Mrs. Julius Silldorf. She was a girl of 18 when her parents came to America with their family of 8 children of whom she was the oldest.

Mrs. Dorothy Rosenow-Bremer

and of opportunities, and bravely faced the strenuous and often self-sacrificial life of early pioneer days in the middle west, the rigor of which many of us fail to appreciate in our day.

After a rather venturesome and stormy journey of seven weeks on the ocean aboard a sailboat they landed in America, April, 1853. They continued their journey westward toward Chicago, traveling with many others by rail aboard freightcars which was then passage de lux for many immigrants.

Two years after their arrival in America Dorothy Silldorf was united in marriage with Karl Rosenow, a farmer of the community. They were married in the little Evangelical church on Dundee road which was just recently torn down.

On January 5, 1885, Mr. Rosenow died. Seven years later Mrs. Rosenow was again married, becoming the wife of Mr. Fred Bremer of the same community. After ten years Mr. Bremer also passed into the beyond. Three sons also preceded to the grave. For the last eight years Mrs. Bremer made her home with her daughter and son-in-law Mr. and Mrs. John Bremer of South Green Bay Road in Highland Park. Here she enjoyed a pleasant evening of her life, cared for and given every comfort and consideration which the hardships of early life withheld from her.

Mrs. Bremer was a member of St. Peters Evangelical Neighborhood church of Northbrook, which was her spiritual home for the greater part of her life. Much of her interest and energy was devoted to her church, which to her was a place of fellowship, both human and divine, and a source of inspiration and for the strengthening of the inner life.

She leaves to mourn her departure three daughters, Mrs. Fred Ahrens, and Mrs. John Bremer of Highland Park, and Mrs. Fred Holste of Wilmette, and one son Mr. C. C. Rosenow of Highland Park. There are also 17 grand children, and 20 great-grand children, besides many other relatives and friends who hold her in loving remembrance.

Funeral services were held from the home on Saturday afternoon, Jan. 28th, at 1:30 o'clock, with Rev. Armin Biner of St. Peters, Northbrook, and Rev. K. A. Roth of St. Johns Highland Park officiating. From here the remains were taken to Northbrook, where services were held in St. Peters church and where interment took place in the adjoining cemetery. The pall was borne by six great-grand sons of the deceased, Norman and Stewart Gastfield, Harold, Lester and Arnold Werhane, and Arnold Bremer.

In peace will I both lay me down and sleep, for thou, O Lord, helpest me to dwell in safety.—Psalm 4:8.—Contributed.

CHESTER BRADY DIES AT BLOOMINGTON, ILL.

Was on Way Home from South; Well Known Golf Expert; Funeral Here

Joseph Chester Brady, well known local golf professional and resident of Highwood, died at Bloomington while on his way homeward from the south, where he had been sojourning, and the funeral service was held Wednesday morning of this week at St. James church, Highwood.

Mr. Brady was aged 23 years, three months and 17 days. He was born at Highwood, and is survived by his mother, Mrs. Anna M. Brady, and two brothers, Earl and Frank Erady. He had many warm friends in the community, and the funeral was largely attended. Interment was in St. Mary's cemetery, Lake Forest.

Young Brady, who was popularly known as "Chet," was enroute home from Texas, where he had planned to play in the El Paso Open tournament. On account of illness he left before the opening date. At Bloomington he stopped to consult a physician who ordered him to a hospital there. Although he had been ailing for a long time, his death on Sunday, Jan. 29, was wholly unexpected by his family and host of friends. The remains were brought here and taken to the home of his aunt, Mrs. James Sheahan, until the funeral services, at which the Rev. James Garrity of Lovilla, Iowa, cousin of Mr. Brady, was celebrant of the mass, assisted by Revs. J. P. Holly of Highwood and F. J. Magner of Evanston. Father Garrity, a former Highland Park boy, came from Iowa to officiate at the funeral of his cousin.

SEE LATE AUTO MODELS IN LOCAL SHOW ROOMS

Highland Park motorists who have been visiting the Chicago Automobile show all this week are reminded that local dealers handling most of the cars represented at the show have the new models in all these lines in their show rooms. They will be glad to show them and explain all the new improvements at any time, and those interested may see and examine the cars right here at home without the inconveniences consequent to tramping in crowds like those thronging the Coliseum.

STATE TAX BOOST HITS LOCAL FIRMS

CORPORATION ASSESSMENT

Increase is Shown in County of Over \$600,000; Total Assessed Valuation Exceeds \$1,200,000

Assessment on capital stock of corporations as fixed by the state tax commission have been received by County Clerk Lew A. Hendee showing an increase of \$683,680 for the county.

This does not include all incorporated businesses. There are five methods to be followed for incorporating. Just one of the five comes under the jurisdiction of the Illinois Tax commission, it is explained.

For 1927 the assessed value is given as \$1,214,350. In 1926 it had been \$575,670. A year ago there had been 19 institutions coming under the tax commission. Today there are 25.

Waukegan carried the bulk of the increase as the boost was \$610,100 which made up for some cities where a decrease occurred. The North Shore Gas company bore the brunt of that jumping from \$257,000 assessed valuation in 1926 to \$900,000.

"2 GIRLS WANTED" MOVES TO SHUBERT-PRINCESS THEATER

Beginning this coming Sunday night, (February 5) John Golden's merry comedy, "2 Girls Wanted" moves from the Cort theater to the Shubert-Princess, where its run will be continued for an additional three weeks. Likely, this captivating comedy with the want-ad title could remain at the Cort for many weeks to come, but prior bookings forced it to change to another theater at the height of its success.

"2 Girls Wanted" if completing its sixth week in Chicago and has won a reputation as one of the cleanest and most enjoyable comedies of the season. As with all John Golden plays, its dialogue is sparkling, clever situations abound and the cast is well-nigh perfect.

Headed by clever Nydia Westman, the blond-haired little charmer who scored so heavily in "Pigs" here two seasons ago, the cast contains a number of Chicago favorites. Playing "opposite" Miss Westman is Donald Foster, a young actor well-liked in this city. Others in principal roles include Mary Phillips, Frank Monroe, Grace Menken, Charles Laite, Mary Hampton, Charlotte Denniston, May Duryea, John LeFevre and John Humphrey.

During the three weeks engagement at the Shubert-Princess, the same popular prices will prevail as at the Cort. Matinees will be given on Wednesdays and Saturdays.

SEVERAL OUT FOR REPRESENTATIVES

IN STATE LEGISLATIVE

"Dick Lyons of Mundelein, Lee McDonough of Waukegan; Other Probable Candidates in Primary

Richard "Dick" Lyons real estate dealer of Mundelein, who announced some months back that he would be a candidate for representative started his petitions in circulation last week. He is the first candidate for this office to get petitions out.

Lee McDonough, former Lake county treasurer and owner of a plumbing establishment in Waukegan, is also a candidate for this office and is expected to get petitions out within the next few weeks.

Other Counties Seek There are to be several candidates from other counties in the Eighth Senatorial district for this vacancy, chief among whom is Mayor Pratt of McHenry.

Two Lake county Democrats are aspirants for the representative office. They are Thomas Graham of Inglesid, who served several terms in the legislature, and Charles Wightman of Grayslake, well known real estate broker.

Friends of Senator Rodney B. Swift, who is a candidate for reelection, say that he will have his petitions in circulation shortly. He is making the race on his record. It is said that Supervisor Ray Paddock of Wauconda will oppose Senator Swift.

As far as the five Lake county officers, state's attorney, recorder of deeds, circuit clerk, coroner and county surveyor are concerned, little interest has been manifested thus far except in the coroner's race.

Officers Seek Re-election The five present officials, State's

Attorney A. V. Smith, County Recorder L. O. Brockway, Circuit Clerk L. J. Wilnot, County Surveyor Chas. E. Russell and Coroner John L. Taylor are all seeking re-election. The only one thus far to have opposition is Dr. Taylor. He is opposed by Edward Conrad, local real estate dealer and a former deputy coroner, Conrad served 17 years as a deputy for Dr. Taylor.

TIGHT SKIRTS CAUSED CHANGE IN STREET CARS

High Steps of Old Type Give Way to Lower Styles on This Account

Electric street cars of years ago, with their high steps, were so built to provide the necessary clearance for the motors, located under the floors, to avoid street obstructions.

In 1912 an agitation was started against the height of electric street car steps, the real cause being the vogue of tight skirts worn by women of that time. The demand resulted in the development of a motor occupying much less vertical height which enabled the street car builders to diminish the size of car wheels and to materially lower the height of the platform above the street. Since that time the trend has been for lower and lower bodies needing only one or two low steps for access.

Recent developments in truck design have enabled street car builders to still further reduce the height of car bodies.
