HOLDS SALE RECORD IN CEMETERY LOTS

M. J. Buckley, Local Resident, Has Made Notable Success in This Line

All about Chicago real estate subdividers are selling and have sold phenomenal acreages and enormous numbers of building lots of prodigious money valuation for the use of living humans, but Highland Park has produced the greatest land operator of them all in the service of the dead. M. J. Buckley, sales manager of Memorial Park at Evanston, holds the world's record for individual sale of lots in cemeteries with \$2,000,000 worth sold in the last four years. Proving that opportunity still exists, even in the realm of the departed.

Mr. Buckley has just closed the sale, one of the largest retail sales of its kind ever made, of an entire three-acre section at Memorial Park to Mizpah Congregation, Rogers Park, for a total consideration of \$224,000.00. This plot will be dedicated exclusively to the use of members and friends of the congregation and friends of the faith.

Mr. Buckley has revolutionized the cemetery lot sales during the past five years and there is no doubt has accomplished much good in drawing people's attention to the wisdom of preparedness in purchasing family cemetery lots before the time of need. In 1925 Mr. Buckley visited many cemeteries in Europe and thereby gained a knowledge which he has profited by. Mr. Buckley has always sold lots in worthy cemetery enterprises, both in Illinois, Missouri and Pennsylvania.

Memorial Park of which Mr. Buckley is sales manager, contains 200 acres of landscaped property on West Ridge Road and West Moreland road, Evanston, Illinois, close to the County Forest Preserve.
