

A Truly Satisfactory Way to Wash Curtains

WHAT a disappointment when your curtains stubbornly refuse to resume their natural lines after washing! Neither the home-manager nor the laundress is to be blamed, however, because it is impossible without modern equipment and hundreds of gallons of rainsoft water to do the job right. We offer the home-maker a scientifically correct way to launder curtains. We will return them to you fresh and clean, not stretched out of shape with pins and hooks.

The LAUNDRY does it best!
