**HENDEE FAMILY CAME TO DEERFIELD IN 1835**

WITH CALDWELL FAMILY

**Low Hendee, Lake County Clerk and Cora Hendee, Local Librarian Are Relatives**

The family history articles that have been appearing in the Highland Park Press have received such a wide circulation, that several inquiries have come to the Deerfield historian to connect Deerfield pioneer families with their relatives in different states who are compiling family genealogies, and in one instance a Cook County historian has invited the Deerfield author to collaborate with her in compiling a history of our neighboring county to the south.

In the Deerfield cemetery is the grave of Richard Hendee whose tombstone records his death as May 30, 1855 at the age of 54 years. Richard Hendee, Sr., had a daughter, Electa Clarilla who married Philemon Cadwell who bought eighty acres of land in section 29 in Deerfield on February 16, 1841, and also owned several hundred acres including larger tracts of land in four directions from Cadwell corners where his parents with their five sons and two daughters came in 1835, and settled on land which they bought from the Government at the land office in Chicago.

Members of the Hendee Rich and Cadwell families came together in 1835. Another Hendee lot in the Deerfield cemetery is next to those of Philemon and of Madison Cadwell, and south of Carlos Hoyts. Electa Clarilla Hendee and Philemon Cadwell were married Feb. 27, 1845 and had ten children, five of whom died in infancy. The Hendee Cadwell family moved to California in 1868, where the parents died.

Richard Hendee married Rubie Rosella Cadwell, Feb. 15, 1847. Their three children died in infancy. After Richard Hendee's death his widow married Stilman Monilton on July 3, 1880, and she again became a widow in 1909, but she lived to be ninety eight years and seven months of age.

Our eighty-seven year old citizen, George Rockenbach, who celebrated his birthday anniversary on Feb. 2, remembers a Vernon Hendee who, in 1861 lived in "a narrow house" on Deerfield road, where the old Knaak drug store now stands, but Lewis O. Brockway, Lake county recorder, who built the Knaak house says that the Hendee house stood where Philip Rommel's house is, and was later used for a barn on the E. H. Willmann property. Vernon Hendee, or Handy as he is called, was related to, or an intimate friend of Simeon Tupper another of our pioneers. Cadwell, Hendee, Rich, Tupper and Parsons families lived in Connecticut before moving to New York, and then to Illinois.

Lee Hendee of Portland, Mich., (a son of Oscar P. Hendee, a grandson of William Briggs Hendee, and a great grandson of Rev. David Hendee of Jackson, Mich.,) is historian of the Hendee family which has had an annual reunion for six years in Alton Park, Portland, Mich., where one hundred and forty members of the family came from many points from the states adjoining. The next reunion will be held in Pinckney on Labor Day. The Ionia County News published the account of the proceedings.

Mr. Lee Hendee is eager to secure data of the family in order to make a history of the family as complete as possible, and any one who knows any person by a name of Hendee or a descendant of a Hendee is requested to write to the secretary of the Hendee family L. W. Hendee, Portland, Mich. We have in Lake County, Low Hendee who is Lake County Clerk in Waukegan, and other members of his father's family. Lee Hendee of Mich., married Miss Katherine Snyder, of Portland, and has one son Robert. Lee Hendee's mother died Feb. 17, 1928, at the age of 80 years. From various sources this rather disjointed history of one of our pioneer families has been gathered. So far in these historical sketches no family has said that it left Europe because of religious persecution. English, Irish, Scotch, German and Alsatian families helped to settle Deerfield. One family was of French origin, that of the Hendee family. The Huguenots (name born by the Protestants of France) were active about the year 1660 until their extinction as a political party in the seventeenth century. Some of them made a feeble attempt at settlement in New England. The French Protestants have ever been foremost, and today are a very influential element in France, and in America their descendants still carry on.

**EDWARD K. WILLIAMS RECEIVES \$300 PRIZE**

**For a Meritorious Landscape in Oil; Other Exhibitors Awarded**

"For a meritorious landscape in oil" Mr. Edward K. Williams, received the Business Men's Art club purchase prize of \$300 at the thirty-second annual exhibition by artists of Chicago and vicinity at the Art Institute, which is being held from Feb. 9, to March 21. Mr. Williams' picture "Birch Trees in Winter," painting? not "Have you an oil Wisconsin, (in Bailey's Harbor) this winter, is number 272 in the catalogue, alphabetically arranged as to exhibitors' names. There are 275 pictures in the exhibit, and the judges were Chicago business men, trustees of the Art Institute, each one of whom has contributed one Hundred thousand dollars to the institute.

In a tour of the galleries under the leadership of Dudley Crafts Watson, Thursday morning, the position which art has made in the Middle West, was emphasized. Mr. Watson said "It is necessary to own a painting to be cultured. The important question now is 'Have you your own painting?' not 'Have you an oil burner yet?' Chicago artists are well worthy of support. Technically Chicago painters are at the top of the list. They have a fine sense of optimism, health and beauty." He stressed the strides that the young Jewish people are making in America. The liberation of the Jew from the tyranny of European oppression has given drama, music, poetry, composition, art and literature an amazing addition. The great cry of this new liberty was seen in the pictures of Salcia Bahno in the exhibit. The removal of Walter Sargent to England was regretted by Mr. Watson.

Mr. Sargent made it possible for artists in America to receive a degree of Master of Painting, and thus college clubs. Other artists in this vicinity who have pictures in this year's exhibit are Frank C. Peyrand with "Summer Evening," Mrs. Elizabeth Krysher Peyrand with "Entres-Actes" and Study"; Carl Bohnen's portrait of Wyllis W. Baird; K. H. Buehr "Red Gold and Blue" Frank V. Dudley's "Day is Done," "Snow Clad" and "When Autumn Comes"; Rudolph F. Ingerle's, "Pisgah," Centinels" and "Swappin' Grounds" the last was awarded the William Randolph Hearst prize of three hundred dollars; and Elizabeth B. Millard's "Portrait" Edith Boynton had in the sculpture group an Indian and horse.

Mr. R. J. Beatty lent pictures to the exhibit. Scanning the catalogue for past honors of local artists, or those who have had their pictures on exhibition at the two Highland Park Woman's club view days, in 1921 Frank V. Dudley won the \$750 purchase prize and medal given by Mr. and Mrs. Frank G. Logan for his "Duneland," and in 1925 Carl R. Krafft received the same prize for his "Nocturne."

In 1927 Rudolph F. Ingerle won the Mr. and Mrs. Jule F. Brower prize of three hundred dollars for his "Sun-down on the Holler," the beautiful picture of the Ozarks which attracted so much attention at the Highland Park Woman's club exhibit last year, and which was bought by Mrs. Beatty. This year Mr. Ingerle won the Hearst prize of three hundred dollars.

Frank Peyrand's honors are: In 1912 the Edward B. Butler purchase prize of \$200 for "April Morning." In 1913 the Clyde M. Carr prize of \$100 for "After rain, Chicago." In 1912 the silver medal of the Chicago Society of Artists for a group of paintings.

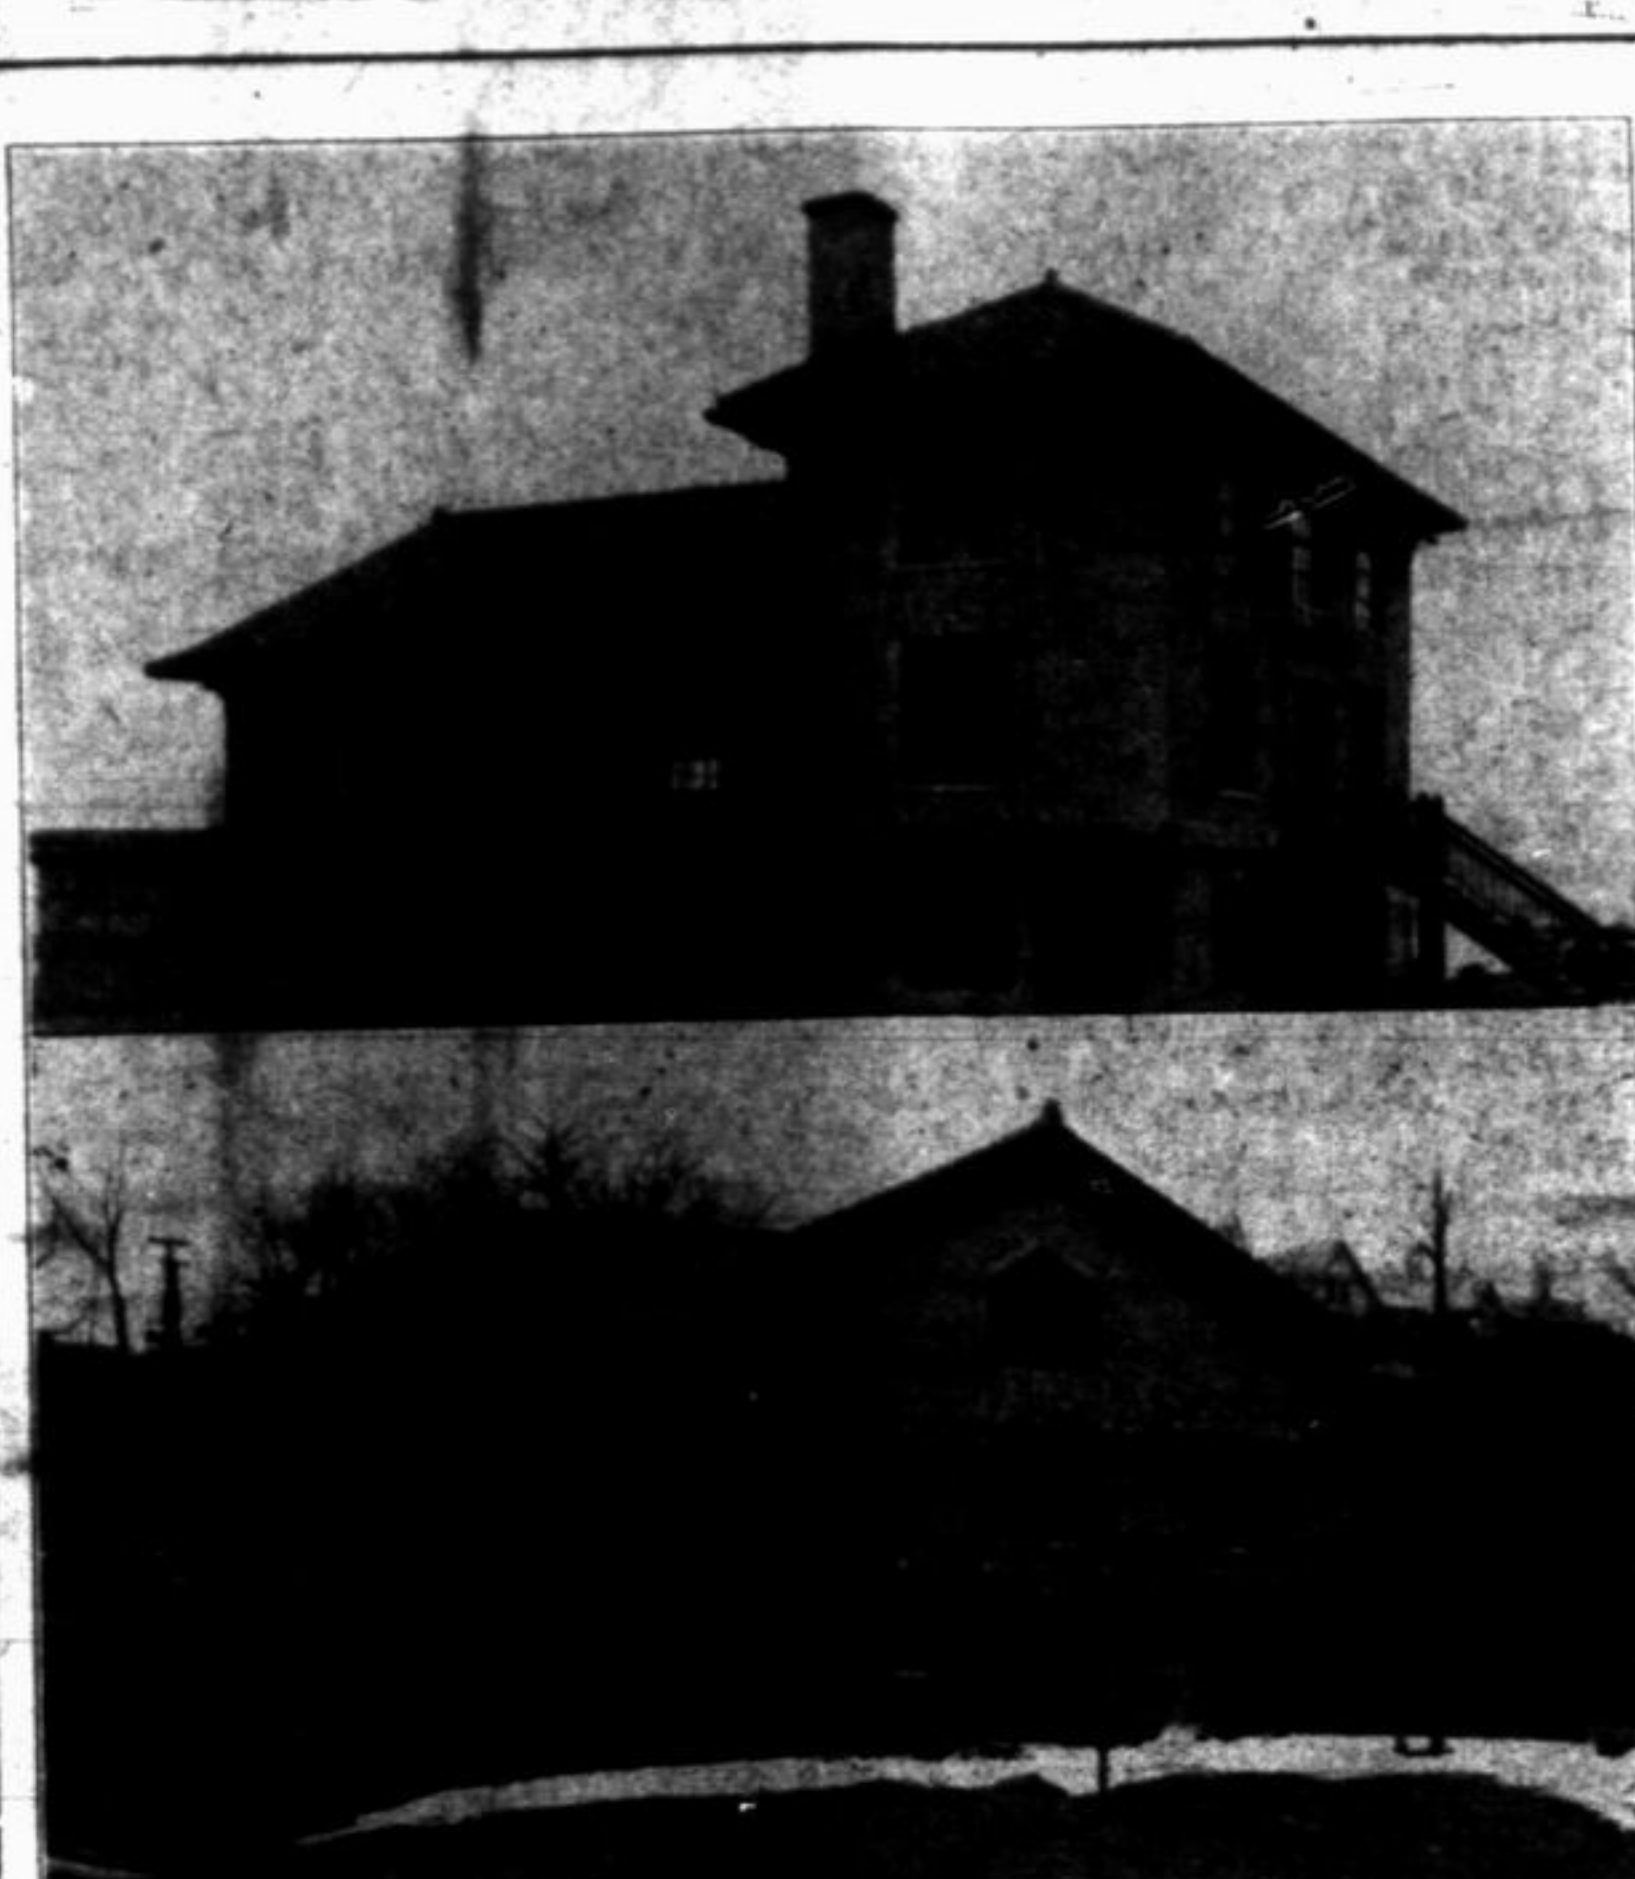

**NEW RENTAL BOOKS AT PUBLIC LIBRARY**

Among the new books received at the Deerfield public library are the following: Rental—"Bridge of San Luis Rey," "Kitty," by Warwick Deeping; "A President in Bohm," Fannie Hurst; "No Other Tiger," Mason. Reference Books—2 vols. Lippincott's pronouncing biographical dictionary. 4 vols. Dictionary of music and musicians. 2 vols. Hawkins' electrical dictionary. Dictionary of American politics.

**DEERFIELD LEGION POSTPONES BOUTS**

The bouts which were scheduled for Wednesday, Feb. 29, under the auspices of the Deerfield American Legion post, have been postponed until Friday evening, March 2nd. There will be six 8-round bouts and the chief event of the evening will be a fracas by Chief Arrow Head of Fort Sheridan and Don Reyes of Hubbard Woods. Complained that Congress isn't doing much, but anyway the mountain of bills have been carefully sorted out and placed in the proper pigeon hole where most of them will gather dust.

**Lake Forest's New Filter Plant**

**LAKE FOREST HAS NEW FILTER PLANT**

**ALSO EXTENDS INTAKES**

**Total Cost is Over \$175,000, and Excellent Results Are Being Obtained; Description of System**

The Lake Forest water department's new filtration plant is now in operation, and this with the new intake extending 3,500 feet into the lake is already providing the best quality of water served out to consumers here in many years. This quality will improve when it is possible to thoroughly flush from all water mains accumulations of months, and this will be done as soon as the weather is warm enough. One of the most important features of these improvements is that the entire work has been done at a cost somewhat under the estimate. The original bond issue for this improvement was sanctioned in July, 1926, and the premium and interest from the sale of bonds brought a total of \$176,253.98 to be applied to the improvement. When the entire job was completed it was shown that the total cost was \$175,892.97, leaving a balance of \$360.92.

Effects Large Saving However, had the water department not assumed the burden of building the shore protection work, putting in the intake and building the coagulation basin for the filter plant, the total cost would have exceeded \$200,000 according to comparisons between the lowest prices asked by contractors for these phases of the work and the actual cost of the same.

**Effects Large Saving**

However, had the water department not assumed the burden of building the shore protection work, putting in the intake and building the coagulation basin for the filter plant, the total cost would have exceeded \$200,000 according to comparisons between the lowest prices asked by contractors for these phases of the work and the actual cost of the same.

**Assures Good Water**

With the completion of this extensive program it is believed that Lake Forest now has a water purifying system second to none in this region, and a very excellent grade of water is assured henceforth, it is predicted by officials familiar with the construction and operation of the new plant.

**NAMES OF STREETS PRESENTED TO BOARD**

Mr. Paul Hunter has prepared the following list of names of streets in Deerfield which will be presented to the village board at the next regular meeting.

Among the streets whose names are to remain the same are Lincoln avenue, Deerfield avenue, Pettis avenue, Central avenue, Osterman avenue, Sunset court, Grand avenue from Sunset court to north limits, Maple terrace, Woodward avenue, Pine street, Spruce street, Arbor Vitae road, Juniper court, Cedar street, Hemlock street, Hazel avenue, Fair-oaks avenue, Greenwood avenue, Springfield avenue, Park avenue, Somerset avenue, Sheridan avenue, Stratford road, Meadow Lane, Elmwood avenue, Linden avenue, Berkeley court, Oakwood place, Crabapple lane, Hawthorne place, Woodbine court, Woodland drive, Orchard street (from Lincoln avenue to Rosemary terrace), Longfellow avenue, Hermitage drive, Byron court, Kipling place, Whittier avenue, Briehill lane, Manor lane, Landis lane, Ramsey road, Hillside avenue, Northwood drive, North avenue.

Present Name	Proposed Name
Miami street	Kingston terrace
Wyandotte street	Margate terrace
Eugene avenue	Westgate road
Algonquin street	Colwyn terrace
Seneca street	Warwick road
Shawnee street	Cumnor court
Illaware avenue	Norman lane
Huron avenue	Walden lane
Illinois avenue	Blackthorne lane
Mohawk avenue	Wincanton road
Seminole avenue	Warrington road
Cherokee avenue	Knollwood road
Osage avenue	Kenton road
Ontario avenue	Oxford road
Pueblo avenue	Westcliffe lane
Dakota avenue	Briar place
Pueblo avenue	Carlisle place
Marys court	Elder lane
Division street	Walnut street
Potomac avenue	Wayne avenue
Prairie street	Westwood place
Oak avenue	Oakley avenue
Clay avenue	Ivy court
Prairie avenue	Alden court
Orchard street	Broadmoor place (Hazel to Greenwood)
Meadow street	Cherry street (Hazel to Greenwood)
E. Railway street	Waverly court
Swallow avenue	Rosewood avenue
Nightingale avenue	Laurel avenue
Bob o Link avenue	Gordon court
Huehl road	Willmot road
Lark street	Kenmore avenue
Pheasant street	Birchwood avenue
Oriole street	Fairview avenue
Robin street	Willow street
Journal place	Beverly court
Second street	Forest avenue (Deerfield to Fairoaks avenue)
Second street	Jonquil terrace (Deerfield to Central street)
Chestnut street	Grand avenue (Osterman to Sunset court)
Chestnut street	Grove place (Osterman to Central)
Grand avenue	Chestnut street (Sunset to south limits)

**DE FOREST SCHOOL ROUND TABLE TALK**

At the Tea given by the De Forest School Round Table last Monday, Miss Janet Hoffman, the Principal, gave an inspiring talk to the parents. Plans were made for the Easter flower market, which will be held, Thursday April fifth. The boys will wear smocks of brown, and green, ornamented with flower pots, and the girls light colored smocked dresses. There will be a luncheon for the mothers, and a "sugar plum tree" for the children.

At the next Round Table Miss Harriet Vittum, of Chicago, will be the speaker. The meetings are held the third Monday of each month, and the next meeting will be March nineteenth. Manual training is now being taught in the De Forest school. Transportation is also provided for the pupils. Call Highland Park 1596. A chauffeur and teacher will accompany the pupils.

**MILK PRODUCERS TO MEET MARCH THIRD**

The Lake County Milk Producers' Association has issued a call to all producers of the county to attend a mass meeting at the Crystal Theatre Antioch, Saturday, March 2, at 1:30 p. m. Good speakers will be present to address the meeting. A good attendance at this county meeting will do much to further the interests of producers who are making a fight for a price of \$3.00 per hundred for their products, the farmers claim.

The man who used to look long and lovingly at a half dollar before he spent it taking his girl to a show, may now have a son who spends \$50 to \$100 on seeing a girl to the college "prom."

**BRIEF NEWS ITEMS FROM LAKE COUNTY**

**NEIGHBORHOOD JOTTINGS**

**Interesting Happenings About This Part of North Shore and Vicinity; County Seat Doings**

Waukegan which set a stiff pace for other cities in Illinois in building during the year of 1927, has started out this year by again leading downstate cities in value of building during January, according to statistics made public today by the Illinois department of labor.

Mrs. Emma Herschberger, aged 70 years and a resident of the Libertyville neighborhood for all of her life, died in her home on East Church street in Libertyville last week after being ill for a week with heart trouble.

Damages of \$10,000 for the death of Mrs. Julia Neilsen, of Chicago, were assessed against Joseph Mar-tisius and his wife, Elizabeth, of 1122 Victoria street, North Chicago, by a jury in circuit court last week.

President Coolidge last week signed the new \$100,000,000 public buildings appropriation bill which includes an allotment of \$335,000 for the erection of a modern federal buildings in Waukegan, to replace the present structure which has become inadequate.

Inheritance tax in the estate of William W. Pearce, for years a Waukegan druggist and for several terms mayor of that city, today was set at \$515 by Judge P. J. Persons in county court. The entire estate, \$45,796, was left to his widow, Marion Pearce, who now resides in South Gate, Calif.

Lake Forest is now using its new pure water supply. A filter and an intake system, which cost \$155,000 were put into operation. John McNol, superintendent of the waterworks, asserted that with the new system working Lake Forest now has as good a supply of drinking water as any town in Illinois.

William Martin, aged 28 years, an employe of the Lake Forest city water department, narrowly escaped with his life when he was overcome by gas in a manhole in that city last week. Martin through superhuman effort managed to fight off coma until he reached the outer air, when he collapsed. Fellow workmen revived him.

**ROYAL NEIGHBOR'S CAMP HONOR MINNIE JUHREND**

Following are resolutions in memory of Minnie Juhrend by the Deerfield Royal Neighbors' camp:

"Whereas, God in His wisdom has deemed it wise to call from the earthly camp, Neighbor Minnie Juhrend, that she may be added to those who are enjoying the blessing of the heavenly camps,

"Whereas, at the time of her death Neighbor Juhrend was a member of our camp in good standing,

"Therefore, be it resolved that in the loss of Neighbor Juhrend our camp will miss her wise counsel and general good fellowship, more than anyone outside of her immediate family, for to us who knew her best, Minnie was esteemed and loved.

"Be it further resolved that we extend to her family our sincere sympathy, for we knew they loved her and in her going they have sustained a loss which can never be replaced. "And be it further resolved that our charter be draped for a period of thirty days and that we dedicate a page of our records to her memory and that a copy of these resolutions be furnished to the family."

**FIRE CAUSES DAMAGE AT FOULDS MILLING CO.**

**Plant at Libertyville Suffers \$2,500 Loss by Blaze in Drying Room**

Fire sweeping through the drying room of the Foulds Milling company plant of Libertyville, threatened that large plant for more than an hour Friday evening, while firemen braved dense gas and smoke to fight the flames.

Damage is placed at \$2,500, confined to woodwork and products stored in the drying room.

The fire is believed to have been due to an overheated motor in the room. It had attained much headway before it was discovered. The sprinkler system went into play, however, and held the fire in check until the firemen arrived.

A large quantity of noodles on trays in the drying room were damaged by the smoke and water.
