MARIONETTE SHOWS TO BE GIVEN HERE

HIGH SCHOOL AUDITORIUM

Three appearances Fri., March 16; Evening Entertainment Concludes Engagement; Are Excellent

One of the most unique and interesting entertainments at the high school auditorium during the present winter season is promised in the appearance of the Tatterman Marionette show there on Friday of this week, March 16. Three shows will be given, two during the day and one in the evening.

"The King of the Golden River," will be presented at the high school's general assembly, though the public is also invited, and in the afternoon, there will be a special student matinee of "Jack and the Beanstalk," "Master Pierre Patelin," an old French farce, will be offered in the evening to the students and their parents.

Notable Show
The Tatterman Marionettes, produced by William Duncan and Edward Mabley, hold a unique place among the puppet companies of America. Not only are they foremost in the matter of beauty of figures, dexterity in handling, and vocal interpretation of characters, but they rank first in the number of people before whom they have played, and the number of public performances given, it is reported.

The members of the Tatterman Marionette company are very artistic. Their puppets have been shaped and painted with the greatest skill and care. The sets which they use are painted, for the most part, in futuristic designs, and are most interesting and attractive.

Features of Shows
In "Jack and the Beanstalk" there are four scenes, the first, before Jack's house; the second, at the top of the vine; the next, in the giant's kitchen; and the last, the scene in which Jack is pursued by the ogre. "Master Pierre Patelin," the old French farce, has been translated and adapted for the Tatterman company by Catherine Reighard. The settings and costumes are designed after woodcuts in the original edition of 1489. The prices of admission for both matinee and evening performances are nominal. Tickets are good for either the afternoon or evening performance. They may be obtained from high school students, or at the box office of the auditorium.

No other candidates have filed petitions under this party title.

The candidates for offices whose petitions have been filed on the Citizens ticket are as follows: two assistant supervisors are to be elected: For assistant supervisor—Arthur W. Vercoe.
For assistant supervisor—Paul L. Udell.
For assessor—Martin Ringdahl.
For town clerk—Albert Larson.
For justice of the peace, to fill vacancy—Herbert N. Schwery.

Koon had parked his car on the east side of Green Bay, between Michigan and Chicago avenues to make a call at the home of Mr. Schneider of the high school faculty. On coming out he started across the street to his car.

The Dodge truck, owned by the Parker Co., cleaners, of Lake Forest and driven by William Peddle of that city, was going south and a Ford car was coming from the north. Apparently Koon failed to notice the approach of the truck and stepped into the road in front of it, the police report. He was taken to the local hospital, where it was found no bones had been broken, though skull fracture was at first suspected. Peddle was held until Koon was reported not dangerously hurt and then released.

BUSINESS MEN PLAN PARTY FOR LADIES

TUESDAY EVE, APRIL 10

Date Set at Commerce Chamber Meeting Tuesday Night and Good Program Promised; Other Matters

At the monthly meeting and dinner of the Highland Park Chamber of Commerce, Tuesday evening at the Green Tea Pot tea room plans were started for a "Ladies' Night" entertainment under the auspices of the chamber on Tuesday evening, April 10, at which time a dinner will be served at the Woman's club, to be followed by an interesting lecture and demonstration on liquid air. Dancing and other features will be included.

The address on liquid air will be accompanied by many experiments in its use by Mr. Rugg, who recently gave his lecture before the Lake Forest Kiwanis club and comes highly recommended because of the wide interest shown wherever he appears with his remarkable demonstrations. He has given this lecture in almost every city in the country.

Hospital New Member

The Highland Park Hospital association was admitted as a new member of the chamber. Fred Gieser reported for the Veterans Hospital committee that he and H. F. Kelley of the committee had taken a bunch of entertainers to the hospital Friday, March 9, where a fine program was given for the boys, who expressed deep appreciation for this thoughtfulness. The government provides the patients with all necessities but, it was pointed out, the matter of entertainment is up to such organizations as may wish to help in this way.

S. A. St. Peter of the Community Chest committee reported that one of the members of the committee had recently visited Aurora and consulted with officials of the Community Chest association there, with the result that such good suggestions had been obtained that it was advised that the entire committee visit that city and learn how the project is carried out there. The committee has already visited one or two north shore towns where this plan is in operation. No definite report further than this was ready, it was explained.

Loan Repaid

It was reported that the East Park District board had repaid to the chamber the balance of the loan of \$1,600 made for the purpose of the dance floor in Sunset park. It was suggested that this amount be invested in some good investment with nominal interest, which plan will be adopted.

Urge "Buy at Home"

In connection with the approval of the voters for the several bond issues at the special election, there was some discussion regarding the carrying out of the several projects, and it was moved that the secretary write the city in behalf of the chamber suggesting that in as far as possible local firms be considered in the letting of contracts and that also so far as possible material be purchased locally.

President Paul L. Udell was authorized on motion to appoint a committee to organize golf teams from among the members of the chamber.

Help in Music

Music Director Dinkeloo of the high school faculty led in the mass singing at the dinner, and R. W. Schneider, director of industrial arts at the school, was at the piano. The assistance of both these gentlemen was appreciated by the members.

COUNCIL AND BOARD IN REGULAR SESSION

OBJECTIONS ARE HEARD

Vacation of Woodland Road Is Opposed by Many and Petition is Rejected; Canvas of Votes

The regular meeting of the city council on Monday evening was marked by the presence of a large number of residents of Woodland road, who appeared to protest vehemently against the proposition that part of the road be vacated, as requested by a petition recently filed.

The situation was fully explained from the objectors' viewpoint and as it appeared that they represented the large majority of those interested on the street, a motion was made and carried to the effect that the request for the petition for vacation of a portion of the road be rejected.

A communication was received from A. G. McPherson objecting to the installation of fuel oil tanks in proximity to residence property and this will have further attention, it is expected.

Application Held Over

The application of Purnell & Wilson for permission to install gasoline pumps was laid on the table and the city clerk was instructed to get in touch with the petitioners so as to have them obtain proper frontage consents in the premises.

Commissioner Reay presented bills in connection with the special bond issue election, and on motion the bills of judges and clerks of election were ordered paid.

The report of W. W. Bartlett, justice of the peace, for the month of February, was received, and on motion placed on file.

The report of the corporation counsel on the matter of liability insurance for taxicab companies operating in the city was presented, and on motion of Commissioner Gourley the city clerk was instructed to write letters to the proper officials of each taxicab company asking them if they carry liability insurance, and if not, to request them to take the necessary steps in this matter.

Advices Permit

The corporation counsel also reported on the matter of the mandamus suit in circuit court brought by the First National Pictures, Inc., against the city to force permission for exhibition of the "babe Ruth" picture, barred some time ago by the censor. Commissioner moved that the mayor issue permit for exhibition of the picture, according to the recommendation made in the corporation counsel's report.

Canvas of the returns of the special bond issue election was made by Commissioners Brown and Gourley, who were appointed by Acting Mayor Lewis. The tellers' report, which showed no material changes in figures from the unofficial report, accepted, and the necessary resolutions declaring the several bond issues carried were adopted on motions.

On motion resolutions regarding the appointment of Attorney Murphy to have charge of legal work on special assessments 322, 324, 325 and 326, and sanitary sewer in Greenwood gardens, were filed for one week. Motion was made regarding each resolution separately.

Board Meeting

At the meeting of the board of local improvements the Chicago Heights Coal Co. was ordered paid the final 2 1/2 per cent on special assessment 280 and also the \$1,000 retained as guarantee on trees.

J. B. Garnett, who has served the township and county well and faithfully for several years as assistant supervisor, is not a candidate for reelection, his extensive business interests requiring his full time, it is understood. Supervisors from other townships who are not candidates for reelection are McCullough, Austin and Paddock, it is reported. The latter is candidate for state senator.

TREASURE CHEST IS NEW GIFT SHOP HERE

The Treasure Chest is the appropriate name of a new Gift Shop which will be opened Saturday of this week at 544 Central avenue, in the McKilip building by Miss Ethel Reese and Miss Blanche Bollinger, both graduates of Deerfield-Shields and experienced in this work. The shop will have a complete stock of gifts of all sorts for old young, also a circulating library will be included and books will be sold. Children's sweaters and other similar articles will be handled. The Treasure Chest is being artistically furnished and its attractive interior undoubtedly will attract large patronage. Formal announcement of the opening of the new gift shop is made in another column of this newspaper.

Ravinia House Tea Is Great Success; Large Attendance

Glorious sunshine, spring warmth, and a spirit of gaiety helped to make the new Ravinia House tea at Ravinia a success Sunday afternoon. Over a hundred and fifty Ravinia residents came to inspect the nearly completed building, which will shortly become the center of the village activities, and a welcome addition to the school facilities.

Cheer was dispensed at a crudely constructed tea table, made attractive by a beautiful basket of spring flowers donated by the Fritz Bahr nurseries. Coffee and cookies were served by the social committees of the Parent-Teacher association and the Woman's Civic club, whose respective presidents poured; a grate fire spelled welcome.

Informal tours of the building were made by small groups, while Mr. Van Pergen, the architect, attempted to answer the thousand and one questions put to him by the interested crowd. Everyone expressed satisfaction and delight at the beauty and spaciousness of the structure.

At four o'clock, Mr. Howard Bede, treasurer of the auditorium fund, graciously introduced Mrs. Jesse Jones, Mrs. Arthur Raff, Mr. Van Bergen, Mr. Edwin C. Jones, Mr. George Carr and Mr. James C. Ewell, as his co-workers on the auditorium fund committee. He also introduced Mr. W. C. Shippey, president of the board of education of the Lincoln-Ravinia district, who, with other members of the board, was present. Mr. Ewell, in a pleasing and instructive speech, then told of the plans for the completed structure, and begged for co-operation from the Ravinia residents in the furthering of the work.

The big attendance, the enthusiasm shown, and the general spirit of informality which prevailed at the tea was a delight to those who had fostered the pleasant gathering.

GRAEME PLAYERS AT H. P. THEATER MARCH 23

Stock Company to Present "The Hottentot"; Joe Driscoll Is Manager

The Pearl theater announces for Friday evening, March 23, the appearance of the Graeme Players, the first stock company ever to visit Highland Park. This company of eleven acting people will present the three act comedy drama "The Hottentot," the play in which William Collier made his sensational success on Broadway and at the Cohan's Grand in Chicago.

This presentation brings a new idea in entertainment to Highland Park, that of combining a stock company presentation with a picture program. It is a new diversification and should be a popular innovation. On Friday evening the 23rd, the Pearl theater will open at 7 o'clock with a picture program including Bob Steele in a great action thriller "Drifting Sands" which will last until 8:30 at the latest, at which time the Graeme Players under the personal direction of Sigrid Graeme will present the play "The Hottentot" lasting until 10 o'clock when the picture program will be shown again for the benefit of late comers.

The experimental appearance at the Pearl theater of the Graeme Players, was arranged through the fact that Mr. Jos. Driscoll, featured player and manager of the company, makes his residential home in Highland Park. This will undoubtedly cause much interest among those who know him.

Mr. Driscoll has been on the stage many years and has a vast conception of things dramatic and entertaining.
